CBS-7244	a. Transportation Baseyard Facility	[2,400,000] 4,420,000"
	The County of Maui Department of Transportation is in need of building its own bus and maintenance facility baseyard. With the State and Counties initiative to transform Hawaii's ground transportation to 100% renewable fuel sources by 2045 and the Counties by 2035, it is imperative that Maui Bus has its own facility to make this transition. The facility would need to be centrally located and may include a transfer station and a park and ride. The first phase would be to acquire approximately 12.5 acres of centrally located land. It would also include funds for the planning, design/engineering and construction management of the project. The second phase would be to construct the facility utilizing Federal Funds, Federal Transit Administration (FTA) funds. The construction of the baseyard may be done in multiple phases which would include electrification of transportation (electrical charging infrastructure), maintenance facility and office space, transfer station, and park and ride.	

SECTION 6. Material to be repealed is bracketed. New material is underscored.

SECTION 7. This Ordinance takes effect on approval.

APPROVED AS TO FORM AND LEGALITY:
