Aloha Planning Committee:

I object to an amendment to the Kihei-Makena Community Plan and Land Use Map.

I also object to granting a conditional use permit for the parking lot. The proposed parking lot is on state land whose highest and best use should be in the best interests of the people who live here full time, i.e. beach access for the kama'aina, and access for cultural practitioners. Hardening the surface this close to ocean resources is not good for the environment in terms of accelerating urban runoff.

In my opinion, the Po'o of the Kula Makai Aha Moku Council should be one of the most important community voice for or against the proposals.
