Aloha,

I appeal to the planning committee to keep the Public Parking Lot adjoining AA Oceanfront open to the public.

It is an important access area for all of us who live in the community and for those of us who voluntarily take care of our beach at Keawakapu.

The AA Oceanfront has another paved parking lot on the south side Main entrance to their hotel.

Their guests and the public should be able to continue to use the north side without it becoming privatized.

Privatizing would also negatively effect tourists that like to travel around and experience our beaches.

I personally come to this beach daily, and over the years, the surface has degraded into large ruts.

It would serve all that use this access lot to have "pervious paving"

resurfacing,

so that we help to care for the reefs and not add to negative run-off that effects our precious marine life.

Thank you for your consideration.

Marilyn Allysum
