COUNTY COUNCIL

COUNTY OF MAUI 200 S. HIGH STREET WAILUKU, MAUI, HAWAII 96793 www.MauiCounty.us

March 29, 2025

Mr. John Pelletier, Chief of Police Department of Police County of Maui Wailuku, Hawaii 96793

Dear Chief Pelletier:

SUBJECT: FISCAL YEAR 2026 BUDGET (BFED-1) (PD-02)

May I please request you be prepared to answer the following questions at the BFED Committee meeting on **April 2, 2025**.* This will enable the Committee to comprehensively review the FY 2026 Budget. **Date subject to change without notice*.

May I further request that, after approval by the Office of the Mayor, you transmit your answer to bfed.committee@mauicounty,us by the end of the day on **April 3, 2025**.

Overall

- 1. Are there differences between the FY 2026 budget the Police Commission approved and your proposed budget as submitted by the Mayor? If yes, please provide a detailed breakdown of the differences. (YLS)
- 2. As it relates to the Administration Program's Goal #1, item 2, explain how the Department increased its completion rate of administrative investigations within 90 days from FY 2024 to FY 2025. (Page 657, Program Budget) (TC)
- 3. For the Administration Program's Goal #1, item 3, describe the Department's recruitment strategy. (Page 657, Program Budget) (TC)

- 4. As it relates to the Technical and Support Services Program's Goal #1, item 3: (Page 684, Program Budget)
 - a. Provide a copy of the citizen's survey from FY 2025. (TC)
 - b. Explain the research methodology used with survey. (TC)
 - c. Provide the survey results for FY 2025. (TC)
 - d. Explain how the survey is used to improve the Department's operations. (TC)
 - e. Has the Department considered conducting a citizen's survey annually instead? Explain. (NUH)
- 5. As it relates to the Technical and Support Services Program's Goal #3, item 2: (Page 685, Program Budget)
 - a. Provide a list of all neighborhood crime watch programs and explain their impact on the relevant neighborhood and the Department's operations. (TC)
 - b. Provide a list of all community and outreach activities and programs the Department conducts and explain the impact on the community and the Department's operations (TC)
 - c. Explain why the estimated number of community outreach activities and programs decreased from 95 in FY 2024 to 12 in FYs 2025 and 2026. (NUH)
 - d. The FY 2025 Second Quarter Budget Implementation Report states that 78 outreach activities and programs have been conducted in FY 2025. Provide a list of these activities and programs. (NUH)
- 6. As it relates to derelict vehicles in the public right-of-way: (TC)
 - a. Will the Department tag derelict vehicles if someone is living in it?
 - b. Under what laws does the Department tag derelict vehicles?

- c. Can a vehicle be tagged again if it is relocated?
- 7. If the Department does not receive its projected grant revenue, explain how it will impact the County and the Department. (TP)
- 8. The Hāna patrol shift schedule changed from three eight-hour shifts to two 12-hour shifts. Four officers are on one shift and three are on the other. With the need to account for community safety and officer leaves, will the Department increase the number of officers on the Hāna patrol shifts as it fills vacancies? (SS)
- 9. How many applicants has the Department received in FY 2025 to date? How many new hires does the Department have this fiscal year to date? (TP)
- 10. Provide a status update on the Department's helicopter program, including nighttime operations. What expenses will the Department incur for FY 2026 for the program, and how much more will be needed in future FYs? (YLS) (TC) (TP)
- 11. What is the status of reclassifying the dispatchers and creating a separate bargaining unit? Are there anticipated cost increases relating to this matter for FY 2026? (YLS)

Salaries and Wages (Category "A")

- 1. From FY 2022 to FY 2024, the difference in Salaries and Wages for the Investigative Services Program between the adopted budget and actual expenditures was over \$3.3 million, over \$4.1 million, and over \$4.4 million, respectively. Was overtime utilized to compensate for vacant positions? Explain these increases. (Page 20-1, Budget Details) (TP)
- 2. From FY 2022 to FY 2024, the difference in Salaries and Wages for the Technical and Support Services Program between the adopted budget and actual expenditures was over \$1.8 million, over \$2.3 million, and over \$3.3 million, respectively. Was overtime utilized to compensate for vacant positions? Explain these increases. (Page 20-1, Budget Details) (TP)

- 3. Explain what the Standard of Conduct Differential is and why it is being moved to premium pay. (Page 659, Program Budget) (TP) (NUH)
- 4. As it relates to the reallocation of P-33543, Investigator I (Cold Case), is the cold case program ending? (Page 20-14, Budget Details) (TP)

Operations and Equipment (Category "B")

- 1. As it relates to Other Services, Index Code 910018B: (Page 20-6, Budget Details)
 - a. Provide a breakdown of the funds and explain why additional funding is needed. (NUH)
 - b. Is the Guardian Alliance Background Check service an annual fee? (TP)
 - c. How long does a background check take? (TP)
 - d. Explain who the background check service is for. Does the Department use it for applicants or for suspects under investigation? (TP)
 - e. How will the Department ensure background checks are not used for personal purposes? (TP)
 - f. What entity will be mentoring, coaching, and consulting sworn and civil staff? (TP)
 - g. Will a Request for Proposals be issued to solicit proposals for the background and mentoring services? (TP)
- 2. As it relates to Professional Services, Index Code 910018B: (Page 20-6, Budget Details)
 - a. Provide a breakdown of the funds and explain why additional funding is needed, including for physiological assessments. (TP) (NUH)
 - b. Explain what employee wellness services will be provided. (NUH)

- c. Explain what the Strategic Marketing/Communications Contract will it be used for. (TC) (NUH)
- 3. As it relates to Auto allowance, mileage, Index Code 910018B: (Page 20-7, Budget Details)
 - a. Explain how the Department calculated the \$350,000 expansion request for 70 subsidized vehicles. (NUH)
 - b. Provide an update on the subsidized vehicle program. Are officers supportive and willing to participate? Is the insurance only for vehicle use while officers are on duty? (TP)
- 4. As it relates to Contractual Service, Index Code 910265B, explain how staff evaluations will be contracted out. Will an RFP be issued? (Page 20-8, Budget Details) (TP)
- 5. As it relates to Professional Services, Index Code 910265B: (Page 20-8, Budget Details)
 - a. Explain the complaints the Department has received. Are they community complaints or internal complaints? (NUH) (TP)
 - b. How are complaints investigated? Will an RFP be issued for an outside entity to investigate? (TP)
 - c. How will the Department resolve the complaints? (NUH)
- 6. As it relates to Computer Software, Index Code 910059B, will maintenance for CID and Cyber Crime units' software systems be a one-time expense or an annual one? (Page 20-21, Budget Details) (TP)
- 7. As it relates to Miscellaneous Supplies, Index Code 910059B: (Page 668, Program Budget)
 - a. Provide a breakdown of the items to be purchased with the expansion and request and explain why they are necessary. (NUH)
 - b. Explain the type of operations the drones will be used for. (TC)

- 8. As it relates to Professional Services, Index Code 910420B: (Page 668, Program Budget)
 - a. Provide a breakdown of the requested \$3.6 million. (TP) (NUH)
 - b. Explain the training, other than flight time operations, that will be conducted. (NUH)
- 9. As it relates to Animal care & feeding, Index Code 910420B, provide the number of canines in the program and their roles. For example, do they assist with search and rescue operations or detecting illegal substances? (Page 20-22, Budget Details) (TP)
- 10. How are the Office of Youth Services grant funds used for the Positive Outreach Interventions and KALO programs? Explain whether these programs are successful, including the outcomes for juvenile offenders. (Page 672, Program Budget) (NUH)
- 11. As it relates to Repairs & Maintenance Services/Contracts, Index Code 910083B, explain what repairs the Molokai cottage needs. (Page 20-44, Budget Details) (NUH)
- 12. As it relates to Computer Software, Index Code 910133B, explain why the Department needs to purchase E-Citation computer software and whether it will be a one-time expense or an annual one. What does the Department use now? (Page-20-48, Budget Details) (TP) (NUH)
- 13. As it relates to Publications & Subscriptions, Index Code 910158B, is the Firearm/Evidence Licensing subscription new? (Page 20-60, Budget Details) (NUH)
- 14. As it relates to Repairs & Maintenance Services/Contracts, Index Code 910160B: (Page 20-60, Budget Details) (TP)
 - a. What computer infrastructure needs to be upgraded for Motorola capability, and what does the new capability entail?
 - b. Is this a one-time expense?
- 15. As it relates to Repairs & Maintenance Services/Contracts, Index Code 910489B, provide a detailed explanation of the maintenance

and repairs the receiving desk needs, which total \$150,000? (Page 20-64, Budget Details) (NUH)

- 16. As it relates to Computer Software, Index Code 910160B:
 - a. Is the maintenance of computer license/software for the implementation of CAD/RMS an annual expense? If yes, why was only \$6,000 allocated for FY 2025? (Page 20-60, Budget Details) (TP)
 - b. Why are there requests for CAD/RMS increases both under this item and under Repairs & Maintenance Services/Contract, Index Code 910430B? (Page 20-63, Budget Details) (TP)
- 17. As it relates to Repairs & Maintenance Buildings, Index Code 910182B, explain what is being refurbished and painted and why the expenditures are necessary. (Page 20-62, Budget Details) (TP)
- 18. As it relates to Repairs & Maintenance Services/Contracts, Index Code 910182B: (Page 20-62, Budget Details) (TP)
 - a. How many batteries will be replaced?
 - b. How many batteries are there in total?
 - c. What is the average life span of a battery?
- 19. As it relates to Telephone, Index Code 910430B, explain the Hawaiian Telcom dispatch service. (Page 20-63, Budget Details) (TP)
- 20. As it relates to Repairs & Maintenance Buildings, Index Code 910491B, explain what specific aspects of the station need to be brought into ADA compliance and how the repairs and maintenance will achieve compliance. (Page 20-64, Budget Details) (TP)
- 21. As it relates to Other Equipment, Index Code 910166C, the quantity lists 35 units but the description indicates 50 Body Armor Sets. Provide the correct amount. (Page 20-65, Budget Details) (TP)
- 22. As it relates to Other Equipment, Index Code 910182C: (Page 20-65, Budget Details)

- a. Explain what "Purchase of Network Expansions" means. (TP)
- b. Explain why the Department is requesting to replace only half of its fleet's portable radios. (GJ)

Capital Improvement Projects

1. Provide further information relating to the Restoration of Police Cottages in Hāna. Are there any other expenditures being made this FY relating to these cottages? (SS)

Thank you for your attention to this request. To ensure efficient processing, please include the relevant Committee item number in the subject line of your response.

Should you have any questions, please contact me or the Committee staff (Kirsten Szabo at ext. 7662, James Krueger at ext. 7761, Jarret Pascual at ext. 7141, Clarissa MacDonald at ext. 7135, or Pauline Martins at ext. 8039).

Sincerely,

YUKI LEI K. SUGIMURA, Chair Budget, Finance, and

Date

SUBJECT: FISCAL YEAR ("FY") 2026 BUDGET (BFED-1) (PD-2)

Dear Chair Sugimura:

This letter is in response to the Budget, Finance, and Economic Development Committee letter, dated March 29, 2025. As requested, we are providing the following responses to your request

Overall

Are there differences between the FY 2026 budget the Police Commission approved and your proposed budget as submitted by the Mayor? If yes, please provide a detailed breakdown of the differences. (YLS):

Please see the attached spreadsheet with breakdown of differences.

2. As it relates to the Administration Program's Goal #1, item 2, explain how the Department increased its completion rate of administrative investigations within 90 days from FY 2024 to FY 2025. (Page 657, Program Budget) (TC)

FY 2024 – 76.93 percent completion rate within 90 days

FY 2025 – 100 percent completion rate within 90 days
There is no hard reason why we were able to complete 100% of the investigations within the 90-day window. There are extenuating circumstances that dictate how fast an investigation can be completed. For instance, if the accused party is on leave or vacation, it will delay the process. Same for witnesses and the person responsible for submitting the investigation. Sometime, we need data from a company and that process can be delayed. It all depends on the circumstances.

3. For the Administration Program's Goal #1, item 3, describe the Department's recruitment strategy. (Page 657, Program Budget) (TC)

The Department's recruitment strategy focuses on innovative and comprehensive approaches to attract top talent while filling vacancies efficiently. The goal is to build trust, establish authentic connections, and ensure that recruitment efforts align with the needs of the community and the department. Key initiatives include:

Career Fairs & Outreach Efforts

- The department attends career fairs both locally (across Maui and statewide) and nationally, with recent training efforts in Nevada.
- Collaborations with local colleges and universities across the state to promote awareness of law enforcement careers.
- Strengthening ties with the Honolulu Police Department's Recruitment Team for joint recruitment efforts.
- Engaging specialized units (such as Vice Narcotics, K9, SRT, Traffic, and Community Policing) to conduct interactive demonstrations at career fairs and school visits.

Advertising & Media Campaigns

- Expanding outreach through radio advertisements by securing bids from all Maui radio stations.
- Leveraging social media platforms and digital ads alongside the launch of a new, interactive MPD recruitment website to make the application process easier and more user-friendly.

Community & Educational Partnerships

- Working with the Department of Education's Career Pathway Counselors to introduce law enforcement careers to students.
- Continuing the Senior Project Law Enforcement Experience, where high school seniors can job shadow officers.
- Expanding the Citizens Police Academy to foster public awareness and engagement with the department.

Recruitment & Testing Support Programs

- *Test Prep Tuesdays:* Offering tutoring and study sessions for the written exam.
- Workout Wednesdays: Providing physical agility training for applicants to help them pass the Physical Agility Test (PAT).
- Ride-Along Program: Allowing applicants to experience police work firsthand to keep their interest and commitment strong.

Recruitment Center & Open House

- Opening MPD's first law enforcement recruitment center in a mall to directly engage with applicants.
- Collaborating with the Juvenile Crime Prevention Division (JCPD) to provide mentorship and outreach programs.
- Hosting Open House events to introduce the public to MPD career opportunities in a friendly, welcoming environment.

One-Stop Shop Hiring Events

• Hosting 3-4 events per year that streamline the hiring process for Police Officer 1 and Emergency Services Dispatcher positions. These events provide same-day testing, interviews, and application processing.

\$30,000 Signing Bonus

• Offering a \$30,000 signing bonus for recruits who successfully complete milestones during the first five years of their careers.

Housing Assistance for Applicants

• Providing recruits with affordable housing options through the Hale 'O Laie Housing Program, which offers fully furnished one-bedroom units at \$1,700/month (including utilities). This initiative is aimed at alleviating financial burdens and supporting retention.

Full-Time Recruiter Focus

• Assigning dedicated recruiters to focus exclusively on recruitment, allowing for more personalized engagement and enhanced outreach to potential candidates.

By employing a multifaceted recruitment strategy that includes community engagement, media outreach, specialized programs, and financial incentives, the department aims to build a strong, diverse, and capable workforce.

For PO II Positions we are currently at:

97th Recruit Class

May 8, 2025 – 14 PO II Positions will be taken upon the graduation of the 97th Recruit Class

98th Recruit Class

November 16, 2025 – 18 PO II Positions will be taken upon the graduation of the 98th Recruit Class

- 4. As it relates to the Technical and Support Services Program's Goal #1, item 3: (Page 684, Program Budget)
 - a. Provide a copy of the citizen's survey from FY 2025. (TC)

 Please see the attached citizen's survey for FY 2025 or follow the link below.
 - b. Explain the research methodology used with survey. (TC)

 460 adults surveyed from 1/16 1/25/25, recruited via online sampling; margin of errors is

 5.1%
 - C. Provide the survey results for FY 2025. (TC)

https://docs.google.com/spreadsheets/ d/1Scso6ZN_PhFBlpxD4eWYHE9nt5q9w1s-6d_so5ZaYGc/edit?usp=sharing

d. Explain how the survey is used to improve the Department's operations. (TC)

In this case, it was used to develop a communications strategy to improve and inform recruitment and retention efforts, support a trusting relationship between the Department and the community, and identifying top issues and pain points for community members

e. Has the Department considered conducting a citizen's survey annually instead? Explain. (NUH)

This was the intention post 2022 - but we didn't do it because of funding, then the fire.

- 5. As it relates to the Technical and Support Services Program's Goal #3, item 2: (Page 685, Program Budget)
 - a. Provide a list of all neighborhood crime watch programs and explain their impact on the relevant neighborhood and the Department's operations. (TC)

The program is designed to empower community members to take an active role in their community and to work with neighbors as well as police to reduce crime in their neighborhoods and businesses. The program brings together Law Enforcement, private organizations/businesses and individual citizens in a nation-wide effort to reduce crime and bridge the gap. Crime prevention is at the forefront of how this program works. Teaching a proactive approach to crime and giving them the tools and resources to be successful in our efforts, is the goal. The newly established Neighborhood crime watch group is given real data/statistics for their neighborhood and given the standardized neighborhood crime watch presentation. Which gives them tips and tools on reporting and being the best witness that they can and where to report any issues. The neighborhood also receives visible crime prevention signs that are erected in their neighborhoods. These community members give meaning to the signs by taking a persistent approach to reporting crime in their area. It gives the community members the opportunity to work together and communicate with one another. They are also introduced to our Community Police Officers, who assist them going forward with any chronic issues they experience in their neighborhood.

The relevance of this program for neighborhoods as well as the department, is the goals of crime prevention and community mobilization. Uniting community members and law enforcement that share the same goals of living in a neighborhood that they feel safe in.

Provide a list of all community and outreach activities and programs the
 Department conducts and explain the impact on the community and the
 Department's operations (TC)

Citizens' on Patrol-

Volunteer program in South Maui. Ambassadors of our department. Patrolling areas and educating communities as well as visitors and deter crime with their presence and report when necessary.

Chaplaincy Program- for our MPD personnel and their families as well for our community and partnering agencies.

L.E.A.D.- Law Enforcement Against Drugs. CRS teaches in elementary schools on Maui. Giving our keiki tools to navigate emotions, active listening skills, confidence communication, drug prevention, addressing Bullying in person and online as well as violence and consequences.

E Ola... Saving lives- Partnering up w HIDTA to give free classes to the community and business to educate them about the fentanyl epidemic in our communities. The participants are given free Narcan and pouch for attending the class. We also sit on the Hawaii Opioid Initiative (HOI) board. To take an active role on fentanyl.

Shop with a Cop activity in Decembers: Collaboration with the Children's Justice Center (CJC), Kiwanis, Walmart as well as our PSB.

This activity allows law enforcement to work on relationships with our keiki that sometimes view police in a negative light. For instance, arresting a parent or sometimes taking a child into protective custody. Whatever the reasons are, this our opportunity to bridge that gap. The officer takes the child shopping during the holidays.

We work closely to support and collaborate w/ our Public Safety Branches, such as DLNR, Sherriff's, National Parks as well as other community agencies.

MMEU (Mobile Medical Educational Unit) Program

The MMEU program assists Maui's unsheltered community by providing a range of services designed to meet their immediate needs. These services include:

- Food stamps
- Non-critical wound care
- Health check-ups
- Mental health counseling
- Wellness assessments
- Financial services
- Animal care/check-ups
- Haircuts

Community Partners include:

- Aloha House
- Department of Education "Homeless Outreach for Unsheltered Youth"
- Goodwill Hawaii
- Maui Aids Foundation
- Maui Humane Society
- Project Vision
- Private practitioners and others.

LIYT (Live in Your Truth) Program

Project LIYT is a voluntary program aimed at Maui County youth ages 12-24, especially those who may be unsheltered, dealing with mental illness, substance use, or at-risk. The program's goal is to help these youth discover their potential by addressing:

• Physical, emotional, spiritual, mental, social, and environmental health.

The program partners with various experienced facilitators and community resources to offer support to participants, guiding them to overcome challenges and discover their true potential.

EPIC (Emergency Preparedness Increasing Community Awareness)

EPIC is a community awareness presentation focused on Active Attacker situations, commonly known as Run-Hide-Fight protocols. The program helps participants:

- Prepare for potential active attacker incidents.
- *Understand local statistics on firearms.*
- *Know what to expect when calling 911.*
- Participate in reality-based drills and exercises.
- Test their organization's action plans, policies, and procedures for handling such emergencies.

CIT (Crisis Intervention Team)

The CIT program is a community-based initiative that improves how law enforcement and the community respond to individuals experiencing mental health crises. The program focuses on collaboration between law enforcement, mental health professionals, and advocates to provide specialized training and improve crisis response systems.

- MPD's CIT was launched in 2013 with over 250 certified members in Maui County.
- Maui is also the first county to offer CIT training to non-MPD employees.

Beautification

The CORE Unit's public health and safety initiative addresses community concerns on a weekly basis. This includes:

- Educating individuals about available resources, county ordinances, and Hawai'i State laws.
- Collaborating with other departments to remove discarded trash, paraphernalia, and abandoned vehicles.

The community benefits from all of these programs. In return we hope to see a more funneled approach to addressing issues and providing resources and answers, as well as the appropriate sections and agencies that can help them best. And really showing the support services side to the community. These programs work together to support the well-being of individuals, enhance community safety, and improve the overall quality of life for the residents of Maui.

C. Explain why the estimated number of community outreach activities and programs decreased from 95 in FY 2024 to 12 in FYs 2025 and 2026. (NUH)

Thank you for allowing clarification.

Here's the revised information:

- Projected/Estimated goal for community outreach activities for FY 2024, FY 2025, and FY 2026: 12 per year
- Actual number of community outreach activities conducted in FY 2024: 95

This indicates that while the department exceeded its estimated goal for FY 2024, the target for the next two years (FY 2025 and FY 2026) is to conduct at least 12 community outreach activities each year. The department is hopeful that, through continued efforts, it will well exceed this goal, continuing to make a positive impact within the community.

d. The FY 2025 Second Quarter Budget Implementation Report states that 78 outreach activities and programs have been conducted in FY 2025. Provide a list of these activities and programs. (NUH)

Community Outreach/Activities	FY2025 1 ST Quarter 07/01-09/30	FY2025 2 ND Quarter 10/01-12/31	Year to Date
TOTAL # of community outreach activities and programs participated in annually (CORE)	34	44	78
# of MMEU conducted	11	7	18
# of LIYT conducted	5	8	13
# of EPIC conducted	3	1	4
# of BEAUTIFICATION conducted	15	23	38
# of CIT conducted	0	5	5

- 6. As it relates to derelict vehicles in the public right-of-way: (TC)
 - a. Will the Department tag derelict vehicles if someone is living in it?

We will mark it derelict / stalled, but Environmental Management will not tow the vehicle if it is confirmed to be someone's home.

b. Under what laws does the Department tag derelict vehicles?

HRS 290-1 : Disposition by Counties of Certain Abandoned

Vehicles

M.C.C. 10.48.200: Removal – Abandoned Vehicles

HRS 290-8: Derelict Vehicle

BFED Committee April 2, 2025 Page 9

HRS 290-11 : Vehicle's left unattended on private and public

property

M.C.C. 20.20.060 (2): Removal of abandoned or derelict vehicles HRS 290-12: Leaving abandoned or derelict vehicles

Covered in General Order 401:12 Stalled/Abandoned/Derelict Vehicles

C. Can a vehicle be tagged again if it is relocated?

The tag is to indicate that the vehicle has not moved for at least 24 hours. A vehicle can be tagged again if it is moved to another location, at which time the 24 hour period is re-started. If someone rips off a tag from a derelict vehicle but the vehicle remains in the same spot, the vehicle is re-tagged with the same information.

7. If the Department does not receive its projected grant revenue, explain how it will impact the County and the Department. (TP)

Programs, such as POI and LIYT, along with any overtime for investigations and travel for training currently funded through grants would need to be funded through County funds. We would continue to look for alternative funding however it could threaten the programs and may require an adjustment to how they are run.

8. The Hāna patrol shift schedule changed from three eight-hour shifts to two 12-hour shifts. Four officers are on one shift and three are on the other. With the need to account for community safety and officer leaves, will the Department increase the number of officers on the Hāna patrol shifts as it fills vacancies? (SS)

No. In order for a district to increase positions (add officers to a district), we would need to create expansion positions. The change in shifts, does not denote a loss of community safety, as the same number of officers are working the same district beats with two shifts instead of three. MPD will always cover a beat by holding an officer back at work or scheduling another officer to cover the shift.

9. How many applicants has the Department received in FY 2025 to date? How many new hires does the Department have this fiscal year to date? (TP)

Number of Applicants Received:

POI - 63

Civilian – Approximately 116 as some applicants may be duplicated if we have more than one position available for the same job.

New Hires Fiscal Year to Date (4/1/25):

Civilian – 22

10. Provide a status update on the Department's helicopter program, including nighttime operations. What expenses will the Department incur for FY 2026 for the program, and how much more will be needed in future FYs? (YLS) (TC) (TP)

Contract was executed on 10/04/2024 to date we've encumbered \$1,381,028.00 for initial cost including phase 2 and 3 implementation.

In FY2026 we anticipate to incur approximately \$2,713,682.00 for first year of service operating cost and remaining funds will be used for such trainings as hoist certification, repel training and certification along with platform operations

11. What is the status of reclassifying the dispatchers and creating a separate bargaining unit? Are there anticipated cost increases relating to this matter for FY 2026? (YLS)

MPD has done all it can with regard to reclassifying the dispatchers and creating a separate bargaining unit. We are at a point where reclassifying the dispatchers to first responders is at the legislative and/or collective bargaining unit level, requiring the folks there to move the reclassification forward.

Salaries and Wages (Category "A")

1. From FY 2022 to FY 2024, the difference in Salaries and Wages for the Investigative Services Program between the adopted budget and actual expenditures was over\$3.3 million, over \$4.1 million, and over \$4.4 million, respectively. Was overtime utilized to compensate for vacant positions? Explain these increases. (Page 20-1, Budget Details) (TP)

Yes, Overtime was utilized to compensate for vacant positions. Vacancies funded positions that were not filled such as detectives.

2. From FY 2022 to FY 2024, the difference in Salaries and Wages for the Technical and Support Services Program between the adopted budget and actual expenditures was over \$1.8 million, over \$2.3 million, and over \$3.3 million, respectively. Was overtime utilized to compensate for vacant positions? Explain these increases. (Page 20- 1, Budget Details) (TP)

Yes, Overtime was utilized to compensate for vacant positions. Vacancies funded positions that were not filled such as dispatchers.

- 3. Explain what the Standard of Conduct Differential is and why it is being moved to premium pay. (Page 659, Program Budget) (TP) (NUH)
 - SOCD in the past has been taken out from salaries which we were not aware of, this year it has been corrected to pull from premium pay per budget.
- 4. As it relates to the reallocation of P-33543, Investigator I (Cold Case), is the cold case program ending? (Page 20-14, Budget Details) (TP)

The cold case program is not ending, these two half-time positions were reallocated to 2 full-time positions.

Operations and Equipment (Category "B")

- 1. As it relates to Other Services, Index Code 910018B: (Page 20-6, Budget Details)
 - a. Provide a breakdown of the funds and explain why additional funding is needed. (NUH)
 - o Guardian Alliance; \$8,000.00
 - o *Mentor/Coaching;* \$100,000.00
 - o Cordico; \$40,000.00

The Maui Police Department is requesting additional funding, as it takes a comprehensive approach to employee wellness, recognizing that the well-being of staff, both sworn personnel and professional staff, directly impacts the department's overall performance and effectiveness. Prioritizing mental, physical, social, financial, and spiritual wellness shows a strong commitment to supporting personnel on multiple fronts, which is crucial for maintaining resilience and effectiveness in high-stress environments like law enforcement.

The inclusion of a variety of mentoring, coaching, and consulting services in both in-person and virtual formats ensures accessibility and flexibility for everyone, regardless of their personal circumstances or role within the department. These initiatives not only help improve the health and well-being of the staff but can also contribute to reducing burnout and stress, enhancing overall job satisfaction, and improving the quality of service the department provides to the community. It's a proactive step toward ensuring that law enforcement personnel are not just capable in their roles, but also thriving in them.

b. Is the Guardian Alliance Background Check service an annual fee? (TP)

Yes, Guardian Alliance Technologies is an annual fee.

c. How long does a background check take? (TP)

25-30 days average

d. Explain who the background check service is for. Does the Department use it for applicants or for suspects under investigation? (TP)

Guardian Alliance Technologies offers a cloud-based software platform specifically designed to revolutionize the vetting and hiring processes for public safety personnel.

The Guardian Platform empowers agencies to streamline and accelerate background investigations, delivering faster and more accurate results. This is made possible through:

- Advanced Data Mining & Management Tools: These tools help agencies sift through large volumes of data quickly, improving the thoroughness and speed of the vetting process.
- Time-saving Automation: The platform automates repetitive tasks, freeing up valuable time for personnel to focus on more complex aspects of the process.
- Artificial Intelligence: AI enhances decision-making by analyzing patterns and providing insights, further increasing the accuracy and efficiency of background investigations.

By leveraging the Guardian Platform, agencies can improve their hiring processes, reduce time spent on background checks, and ensure higher quality candidates for public safety roles.

e. How will the Department ensure background checks are not used for personal purposes? (TP)

After background checks are conducted by Internal Affairs personnel, the files are hand delivered and filed with our Administrative Services Section in a secured record room.

f. What entity will be mentoring, coaching, and consulting sworn and civil staff? (TP)

The department will be providing mentoring, coaching, and consulting services for both sworn personnel and professional staff through a variety of opportunities. These opportunities will be offered in both in-person and virtual formats to accommodate different needs and preferences.

These initiatives are designed to support the personal and professional development of staff, enhance skills, and improve overall performance within the department. By offering flexible options, the department aims to ensure that all employees have access to the resources and guidance they need to thrive in their roles.

g Will a Request for Proposals be issued to solicit proposals for the background and mentoring services? (TP)

A Request for Proposals will be issued for services that qualify under the Hawai'i State Procurement process to ensures that the procurement of services is conducted in a transparent and competitive manner, adhering to state guidelines and regulations.

- 2. As it relates to Professional Services, Index Code 910018B: (Page 20- 6, Budget Details)
 - a. Provide a breakdown of the funds and explain why additional funding is needed, including for physiological assessments. (TP) (NUH)

Approximately \$192,000.00 is allocated for Maui Police Departments Strategic Marketing/Communications campaign and \$75,000.00 for Employee Wellness and Training. Additional funding is for an increase in our pre-employment psychological assessments.

b. Explain what employee wellness services will be provided. (NUH)

The wellness and resiliency of both sworn personnel and professional staff within the Maui Police Department is a key priority for the Administration. As part of this initiative, a budget has been allocated to provide training and support aimed at enhancing the physical, mental, social, financial, and spiritual wellness of department personnel.

The department is proactively addressing employee wellness by engaging a certified psychologist to deliver specialized training and counseling services. These efforts are designed to equip law enforcement personnel with the necessary coping skills and tools to manage stress and improve overall well-being. Key components of this approach include:

- **Specialized Training and Counseling:** The psychologist will provide targeted training focused on mental health and wellness, including early recognition and intervention for at-risk employees.
- **Psychological Services:** Offering private and anonymous individual counseling sessions for personnel in need of additional support, ensuring that help is accessible in a confidential manner.
- **Technological Support:** Leveraging technology to ensure that personnel have immediate access to support and resources, helping them manage mental health matters effectively with tools available at their fingertips.

This comprehensive approach to employee wellness emphasizes the importance of supporting the mental, emotional, and physical health of those who serve in law enforcement. By providing this multifaceted support, the department aims to improve overall effectiveness and wellbeing, ensuring personnel are equipped to meet the challenges of their roles with resilience.

c. Explain what the Strategic Marketing/Communications Contract will be used for. (TC) (NUH)

The Maui Police Department is a 24-hour operating entity. Although our main focus is crime prevention and reduction, there are many facets to policing that are often ignored. Some of the facets include;

- o Community Policing and our efforts to bridge the gap with community;
- Outreach programs in conjunction with our homeless issues in Maui County;
- An updated and aggressive Social Media presence in order to keep up with the changes in society;
- Aggressive recruitment campaign throughout the United States;
- o Advanced Leadership training to elevate our department personnel;
- *Public and internal polls to determine the pulse of MPD;*

- 3. As it relates to Auto allowance, mileage, Index Code 910018B: (Page 20-7, Budget Details)
 - a. Explain how the Department calculated the \$350,000 expansion request for 70 subsidized vehicles. (NUH)

\$562/\$600 would be approximately \$504,000.00 for a total of 70 subsidized vehicles. Program is still in implementation; we won't need full year of funding for all 70 vehicles.

b. Provide an update on the subsidized vehicle program. Are officers supportive and willing to participate? Is the insurance only for vehicle use while officers are on duty? (TP)

Within the first quarter of the subsidized vehicle program we have 29 participants. Approximately 40 employees have been approved so far, pending vehicle selection. Insurance only covers while officers are on duty, personal insurance covers when off-duty.

4. As it relates to Contractual Service, Index Code 910265B, explain how staff evaluations will be contracted out. Will an RFP beissued? (Page 20-8, Budget Details) (TP)

A Request for Proposals will be issued for services that qualify under the Hawai'i State Procurement process to ensures that the procurement of services is conducted in a transparent and competitive manner, adhering to state guidelines and regulations.

- 5. As it relates to Professional Services, Index Code 910265B: (Page 20-8, Budget Details)
 - a. Explain the complaints the Department has received. Are they community complaints or internal complaints? (NUH) (TP)

As required by the Charter, the Maui Police Commission receives and reviews all complaints from the public about officers and other personnel within the Maui Police Department. We do not handle internal complaints, those are done through Internal Affairs.

b. How are complaints investigated? Will an RFP be issued for an outside entity to investigate? (TP)

When the Maui Police Commission receives a complaint, it will be placed on the next meeting agenda to be considered during an executive session where the full Commission will determine whether an investigation should be done. Then the Commission will forward the complaint to the Investigator. If this funding is approved, the Investigator will be hired and will be an employee of the Maui Police Department but hired by and accountable to the Maui Police Commission.

c. How will the Department resolve the complaints? (NUH)

Upon completion of the investigation, a report is forwarded to the Maui Police Commission where it will be reviewed by the full Commission during its next meeting in executive session.

A determination is then made based on the findings contained within the report or the Commission can request additional information from the investigator. The decision is made during executive session and forwarded to the proper channels including all parties who are included in the investigation.

6. As it relates to Computer Software, Index Code 910059B, will maintenance for CID and Cyber Crime units' software systems be a one-time expense or an annual one?(Page 20-21, Budget Details)(TP)

These will all be annual cost; MDI is a system to manage unattended death cases, digital forensic systems for cybercrime operations.

- 7. As it relates to Miscellaneous Supplies, Index Code 910059B: (Page 668, Program Budget)
 - a. Provide a breakdown of the items to be purchased with the expansion and request and explain why they are necessary. (NUH)
 - Drone/SUAs propellers, batteries and maintenance: \$300,000.00
 - Upkeep of our new drones with propellers for the proper and efficient operation to ensure no incidents
 - Batteries lifespan is approx. 100 cycles, due to climate battery gets swollen and becomes inoperable.
 - Wall mounted television: \$500.00
 - o Monitor the CADs and mobile MPS in Kihei CID office.
 - Computer Monitor/External Screens: \$5,000.00
 - O Replace 10 new monitors for lab and field locations in Kihei/Wailuku CID offices for advance video displays. External monitors for additional workspace.
 - b. Explain the type of operations the drones will be used for. (TC)

The drones have been and will be utilized in the assistance with investigations involving missing persons, search and rescue operations, providing officers with overwatch to ensure officer safety, the mapping of crime scenes, and the obtaining of aerial photographs to help with community concerns.

The drones have also assisted MFD with an overview of brush fires as well assisting MEMA in documenting and gathering information regarding the post flood event in Kihei. The drones have also been used in gathering photos of roadways and bridges in the Kipahulu area. The drones have been utilized not only by MPD but also other agencies in the County. It is the goal to have these drones readily available for day and night operations for patrol officers but they will also be ready to assist the County of Maui at any time when requested.

The funding that is being requested is to ensure that all of the equipment that has been procured over the last several years will be mission ready at all times.

- 8. As it relates to Professional Services, Index Code 910420B: (Page 668, Program Budget)
 - a. Provide a breakdown of the requested \$3.6 million. (TP) (NUH)

\$2,713,682.00 for first year of service operating cost and remaining funds will be used for trainings such as; hoist certification, repel training and certification along with platform operations

- b. Explain the training, other than flight time operations, that will be conducted. (NUH)
 - Search and Rescue (for missing persons)
 - Search and Apprehension (for suspects and offenders)
 - FLIR (Forward Looking Infrared) System training for night time operations
 - Extractions (for MPD tactical personnel)
 - Hoist Operations/Tactical Operations Training
- 9. As it relates to Animal care & feeding, Index Code 910420B, provide the number of canines in the program and their roles. For example, do they assist with search and rescue operations or detecting illegal substances? (Page 20-22, Budget Details) (TP)

Four dogs will make up the canine program; we are picking up our first two dogs who are dual-trained in patrol and detection.

10. How are the Office of Youth Services grant funds used for the Positive Outreach Interventions and KALO programs? Explain whether these programs are successful, including the outcomes for juvenile offenders. (Page 672, Program Budget) (NUH)

The Office of Youth Services grant funds are utilized to support the Positive Outreach Intervention Program by funding overtime services provided by officers and counselors. These funds are also allocated to purchase incentives, such as meals for the families and youth attending, to encourage participation and engagement in the program. There is approximately an 80% success rate for the POI Program. The Juveniles that successfully complete the program stay out of the Juvenile Justice System and have reconnected with their family. Kalo is no longer active and hasn't been for over a year.

11. As it relates to Repairs & Maintenance – Services/Contracts, Index Code 910083B, explain what repairs the Molokai cottage needs. (Page 20-44, Budget Details) (NUH)

Renovation/upgrade to the Molokai Police cottages are needed such as replace flooring as it's started to separate, interior painting, waterpipes outside of cottages are degrading with time causing leaks along with normal wear and tear repairs needed.

- Washer and dryer replacement for both units. One unit fully broken, second unit they use a screwdriver to keep it turning, and dry clothes on clothesline
- Flooring in cottage on the left tiles chipped up and bad. At minimum would be 340sqft for the front room
- Various water leaks kitchen sink faucet in left unit

- Install of water basin / sink outside right unit
- 8 new ac units 4 in each unit. because of mold, the guys tried cleaning them all out, but they still need replacement
- Tree trimming get the branches off the roofs
- Replace screen doors on both cottages
- Replace locking door mechanism on left cottage
- Outdoor lighting
- Clothes hanging rack
- New furniture
- Shower head current one broken and won't stay pointing up
- 12. As it relates to Computer Software, Index Code 910133B, explain why the Department needs to purchase E-Citation computer software and whether it will be a one-time expense or an annual one. What does the Department use now? (Page-20-48, Budget Details) (TP) (NUH)

Cost is an annual expense.

E-Citations (Thin Blue Line) has been implemented by the Maui Police Department Traffic Division since 2020 and was funded via the HDOT Traffic Grant as a pilot program. HDOT pilot program/funding has come to an end and funding is requested via County Budget to continue with the program. E-Citations have been implemented departmentwide (Patrol) since January 2025.

E-Citation enables Officers to issue citations electronically. It is very efficient and much less time consuming, for all involved, from the Officers issuing the citations to the clerks at the Court House processing the citation. Driver's license and Vehicle registration can be scanned at the scene to populate the required data onto the citation, via bar code, eliminating errors and illegible handwriting. Once the citation is issued, it is immediately locked and uploaded into the system, where operators/offenders may go pay their citation at the Courthouse (Traffic Violations Bureau) if they choose to do so. Officers/OOA no longer have to manually input citation data into the Report Writing system, as it was done with traditional paper citations. Eliminates lost citations or citations turned in late by Officers.

Since Patrol implementation, users have gone from the original (19) Traffic users, to (250) users departmentwide, to include the Judiciary.

- 13. As it relates to Publications & Subscriptions, Index Code 910158B, is the Firearm/Evidence Licensing subscription new? (Page 20-60, Budget Details) (NUH) *These are new management systems that will continue to be annual cost.*
- 14. As it relates to Repairs & Maintenance Services/Contracts, Index Code 910160B:(Page 20-60, Budget Details) (TP)
 - a. What computer infrastructure needs to be upgraded for Motorola capability, and what does the new capability entail?

Cybersecurity for the P1 CAD / RMS SYSTEM. There are programs out there (similar to Motorola's cyber assurance program), that will protect our data from major data leaks.

b. Is this a one-time expense?

No – this would be annual

\$71,361.86 for initial setup

Additional years are the following

Year 2	\$39,036.34
Year 3	\$40,988.15
Year 4	\$43,037.56
Year 5	\$45,189.44
Total	\$239,613.35

15. As it relates to Repairs & Maintenance – Services/Contracts, Index Code 910489B, provide a detailed explanation of the maintenance and repairs the receiving desk needs, which total \$150,000? (Page 20-64, Budget Details) (NUH)

Multiple Prisoner Cells will need plumbing replacement for leaking of sinks and pipes and replacement of plexiglass in all cells.

- 16. As it relates to Computer Software, Index Code 910160B:
 - a. Is the maintenance of computer license/software for the implementation of CAD/RMS an annual expense? If yes, why was only \$6,000 allocated for FY 2025? (Page 20-60, Budget Details) (TP)

This is not for the CAD / RMS. This expense is for the Armada platform that services the Starlinks. This enhanced platform provides MPD the ability to monitor each starlink that MPD will have before the end of this fiscal year. The enhanced access is \$5,400.00

 b. Why are there requests for CAD/RMS increases both under this item and under Repairs & Maintenance – Services/Contract, Index Code 910430B? (Page 20-63, Budget Details) (TP)

We are trying to consolidate everything under one bureau so that multiple bureaus aren't spending money which could result in overages or poor accounting. Since technical services has been in charge of the project for the last 2 years, Technical Services has a better understanding of the entire scope of the project and therefore is being asked under Technical Services and not 910430B

Consultations with Dispatch are always being done to ensure that Technical Services gets Dispatch what they need. If they are missing something, it will come out of 910430B with the

transition to a new Computer Aided Dispatch (CAD) and Report Management System (RMS) to Motorola, it is necessary to pay for the annual maintenance of "interfaces" upon "go live," which is expected in Quarter 2 of 2025. This means that upon going live with Motorola, it will cost \$600,000 for the maintenance of these interfaces.

Covered in the \$600,000 is also paying for the certificates and licenses to the latest version that Motorola is offering, for both our primary server and our secondary (disaster recovery) server.

Additionally, it will cost \$1,400,000.00 to cover interfaces for Motorola.

17. As it relates to Repairs & Maintenance – Buildings, Index Code 910182B, explain what is being refurbished and painted and why the expenditures are necessary. (Page 20-62, Budget Details) (TP)

The requested refurbishment and painting relate to the antenna towers at 4 of the Public Safety Radio System sites, 2 in East Maui, 1 in Upcountry Maui, and 1 in Molokai. These steel structures require periodic cleaning, corrosion control and painting to extend their life span. 3 of these towers are located in high salt spray corrosive environments.

- 18. As it relates to Repairs & Maintenance Services/Contracts, Index Code 910182B: (Page 20-62, Budget Details) (TP)
 - a. How many batteries will be replaced?

The requested funds are to replace a total of 16 battery plants.

b. How many batteries are there in total?

There is a total of 27 battery plants of the requested type across the Public Safety Radio System.

c. What is the average life span of a battery?

The expected life span of the requested batteries is between 8 and 10 years.

Please note that there are 3 types of battery plants in the Public Safety Radio System. The type requested is being replaced in 2 phases to spread the cost out. We have already replaced 6 smaller battery plants (8 years expected life), and are in the process of replacing 11 of the requested battery types. We will need to replace 4 larger battery plants (10 to 12 years expected life) in the FY 2027 cycle.

19. As it relates to Telephone, Index Code 910430B, explain the Hawaiian Telcom dispatch service. (Page 20-63, Budget Details) (TP)

General communication dispatch/receiving desk phone line. Correction based on actual.

20. As it relates to Repairs & Maintenance – Buildings, Index Code 910491B, explain what specific aspects of the station need to be brought into ADA compliance and

how the repairs and maintenance will achieve compliance. (Page 20-64, Budget Details) (TP)

ADA compliance for the building, to bring it up to modern standards, are strictly following the results of the 2023 Bowers and Kubota Building Assessment Report. From that report, this line by line breakdown was created of each item in the report. As a summary, ALL our bathrooms and locker room are lacking ADA provisions, needing plumbing, tiling, and construction of stalls, sinks, hand driers, showers, shower heads, benches, etc. Water drinking stations need to be moved on all levels, fire alarm pull downs all need to be lowered, defib, fire extinguishers, thermostats all need to be lowered, fire alarms need to have ADA lights and ADA sounds. All stairway hand rails need to be extended. All 3 levels need hallway protrusions adjusted, removed and moved.

21. As it relates to Other Equipment, Index Code 910166C, the quantity lists 35 units but the description indicates 50 Body Armor Sets. Provide the correct amount. (Page 20-65, Budget Details) (TP)

Correct amount should be \$85,000.00; purchasing of 35 armor sets at \$1,000.00/each and replacement of 50 armor sets.

- 22. As it relates to Other Equipment, Index Code 910182C: (Page 20-65, Budget Details)
 - a. Explain what "Purchase of Network Expansions" means. (TP)

These are connections we seek to add to the Radio System Network in order to minimize the effects of single points of failure, and create alternate routes for radio, as well as County voice and data traffic. Areas of concern are East Maui, West Maui, and Moloka'i. Without getting into system security concerns, an outage at one site can disconnect East Maui, Molokai, and parts of West Maui from the network and isolate these areas. The impact of the fiber optic cables being burned during the Lāhainā Wildfire, as well as the Olinda Fire disconnected West Maui for 3 weeks. This investment seeks to prevent that kind of wide-area outages for Public Safety and County of Maui communications.

b. Explain why the Department is requesting to replace only half of its fleet's portable radios. (GJ)

The decision to replace only half of the Police Department's portable radio fleet was to spread this cost over 2 budget cycles in order to reduce the impact of the replacement expenses. The existing radios are beyond support, and we plan to use the replaced radios to keep the remaining users operational until the rest of the radios can be replaced in the 2027 Budget cycle. The radios that are still operational will be placed into caches in order to support unforeseen disasters and emergencies until they eventually cease to operate.

Capital Improvement Projects

1. Provide further information relating to the Restoration of Police Cottages in Hāna. Are there any other expenditures being made this FY relating to these cottages? (SS)

For the FY26 \$150k we have set aside, we have strong early indicators that the best option from the consultants for the expansion of officer accommodations will be to knock down the existing

main house and with a choice from pre-permitted drawing designs, build a new house. The \$150k would be used for a year's worth of purchasing the selected drawings, starting all the permits, preparing the land, staging temporary trailer homes for the officers while the cottage is knocked over and prepared for construction with a FY27 budget of money.

Sincerely,

IOHN RELLETIER

Chief of Rolice
