Aloha Chair Guzman, Vice Chair Cochran and EAR Committee Members:

Thank you very much for your difficult and courageous decision and vote this morning to re-commit CR 16-137 back to your committee for further clarification of certain questions and issues. It is not fun to have to pull a Report back to committee for further deliberations. I believe and hope that what will emerge from your committee on this matter will be in Maui County's long-term benefit.

Again, thanks for hearing the public on this issue which is so close to all of our hearts.

Aloha, Hugh Starr
