Aloha Stacy Crivello,

I am emailing you in support of appointing Carl Adolpho III to a seat on the Molokai Planning Commission. Being raised on the island of Molokai, Carl knows the value that Molokai has. Not only for him but to the island community as well. He knows when to put personal beliefs aside and choose what is right for Molokai. He always does his research before stating any comments/opinions on the matter. I truly believe that he has one thing in mind and that's to keep Molokai Molokai.

Mahalo for taking the time to read this email.

Mahalo,
