Mayor Date

For Transmittal to:

Honorable Riki Hokama  
Chair, Healthy Families and Communities  
Committee  
200 South High Street  
Wailuku, HI 96793

Dear Chair Hokama:

**SUBJECT: PRE-BUDGET SESSION PRESENTATION (DEPARTMENT OF PARKS  
AND RECREATION) (HFC-13(4))**

This is in response to your March 18, 2019 request for status update on the Helene Hall septic system improvements.

We are in the process of executing the design contract with Kennedy-Jenks Consultants ("KJ"). To date, As-Built drawings and other relevant information has been shared with KJ for the evaluation of alternatives and the following has been determined:

1. Treatment Alternatives: Evaluation of three (3) wastewater treatment systems to achieve the desired R-1 effluent quality.
2. Disposal Alternatives: Compare disposal methods for the water including continuing trucking it and discharging into other septic systems, or pumping it up the hill for irrigation at the local county park.

Honorable Riki Hokama, Chair  
March 27, 2019  
Page 2

We have also initiated discussions with HRP Hana LLC to obtain an easement for the proposed R-1 effluent force main.

Once the contract is executed, KJ will complete a short technical study, construction plans and specifications so we can obtain a contractor to install the improvements. We will also need to finalize an easement with HRP Hana LLC.

Lastly, the Department attended the Hana Community Meeting hosted by Councilmember Sinenci on March 20, 2019. Councilmember Sinenci and the community were updated on this project.

If you have any other questions or concerns, please feel free to contact Eric Nakagawa at Ext. 7417.

Sincerely,

A handwritten signature in black ink that reads "Michael M. Miyamoto". The signature is written in a cursive style with a large, prominent "M" at the beginning.

for

MICHAEL M. MIYAMOTO  
Director of Environmental Management
