**Subject:** BILL CC271-126

Aloha,

I would like Bill CC21-176 reserving 50% of our public beach parking for RESIDENTS.

Our island is overpopulated, beaches are packed again with so many malihini, it's hard for residents to enjoy what we live here for when everything is geared mainly for the tourism industry.

The time is now to please do something to help residents still enjoy our island and for Maui to not become the next overpopulated O'ahu.

Mahalo for your time, and I hope you consider my request.

-Justin Cantere
