Subject: Molokai Community Plan

I am in complete support of the Molokai Community Plan that *our* island community has worked diligently at. Many man hours and years of our collecting input from *our island* residents have gone into the formation of this plan. To ignore or attempt to rescind what *our* community has worked long and hard at is like a slap in the face. The process by which you have set has been followed, we know what is best for our island and the people who live here, 24/7, 365. Do not attempt to undermine what has been set forth by our people.
