RE: Support Makila Farms AH-1 (3)

Dear Tasha Kama, Chair - Housing Committee

I would like to provide my testimony I. Favor of Makila Farms. This workforce housing development is more thought out and properly planned than any that I've seen in my 20+ years on this island not only for the island and it's resources but also for its residents. With the large lot sizes, homeowners are able to utilize land for sustainable agriculture for their family. This is something continuously overlooked with recent workforce developments on tiny lots. The smaller home options also provide more options for working families of 1 - 3 people who want to own a home with land vs. a condo.

The development provides a safe micro- community for Maui families and a wonderful place for children to grow and learn about sustainability on this island.

I am in favor of Makila Farms and the opportunities it will provide for Maui families.

Aloha and mahalo for your consideration,

Rita McClintock  
West Maui Resident
