Aloha Planning Commission Committee,

I have read Chapter 10, East End Policy Statement. As written I believe that there are some revisions that need to be addressed by your committee.

C: Goals, Policies and Actions:
Under Policies

7. No longer need to address this as Kaulukukuiolanikaula grove has been steward and maintained and replanted on an ongoing basis since 2003.

8. The community will continue to work on stewardship, management, expansion and maintaining Kaulukukuiolanikaula grove.

9. No need to pursue purchasing Kaulukukuiolanikaula as there is cooperation between the community and the owner to access it for cultural use.

Actions:

10.2.08 resolved: no longer needed

10.2.09 resolved: no longer needed

10.2.10 resolved; no longer needed

10.2.11 resolved: no longer needed

Mahalo for your consideration on this important issue.
