Please do not zone private parking at Keawakapu.

Please do not take our public parking away from my Ohana to enjoy this wonderful access to Keawakapu.

My Ohana uses this parking 3-5 times per week to visit, fish, swim, play and talk story.

It would be a shame to re-zone another area locals have come to find as a place where we can go without having the mainland type of governing taking every opportunity to create more revenue for the non locals.

Sincerely

Andres Quintian
