Aloha Committee Members,

I am writing to express my support of Resolution PIA 10(11), "requiring that at least one member of the commission shall have a background in conservation and natural resources AND that one member of the commission shall have demonstrated expertise in native Hawaiian traditional and customary practices. Additionally, all members of the planning commissions would be required to participate in a native Hawaiian law training course within one year of appointment." Honestly, my response upon hearing about this proposal was surprise that this wasn't already in effect. I hope you will pass this resolution.

Mahalo,
