[ATTATCH AN ADDITIONAL SHEET IF NEEDED FOR ANY OF THE FOLLOWING QUESTIONS]

Briefly explain your interest in being a member of a particular board, commission or committee.

Growing up on Maui as a Native Hawaiian, I feel a deep responsibility to give back to my community.

When the Mayor encouraged county employees to get involved, I saw this as an opportunity to contribute.

I want to help ensure fairness, inclusivity, and equal opportunity for everyone in our county.

Currently serving or previously served on, any federal, state, or county board, commission, or committee? (Name & yrs. served)
No, not at the moment.

List any community service and/or professional organizations or activities you're affiliated with or a member of.
none, at the moment.

Provide a brief summary of your skills, qualifications, expertise or knowledge.

Raised in a hardworking Maui family, I built my skills in construction, project management, and problem-solving.

With a strong work ethic and hands-on experience, I know how to collaborate and get things done.

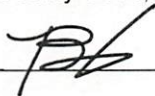

Provide any other relevant personal or professional background information that would be beneficial to your preferred board, commission or committee.

I work as the C.I.P. Coordinator for Maui County, overseeing infrastructure projects and ensuring they meet

community needs.

Consent to be Nominated and Certification of Truthfulness and Accuracy of Information: I hereby acknowledge and attest that the above statements and information I have provided is true and accurate to the best of my knowledge. I authorize the Office of the Mayor and Independent Nomination Board, along with its employees and agents to investigate and obtain information regarding my suitability to be nominated and serve as an appointee of the County of Maui.

Commitment to Attendance*: I will commit to attending all regularly scheduled board/commission meetings to the best of my abilities. *See Maui County Code, Section 2.41.090 for rules on board attendance.

City of Residency: Lahaina Island: Maui Length of Residency in County of Maui: 10 years

[ATTATCH AN ADDITIONAL SHEET IF NEEDED FOR ANY OF THE FOLLOWING QUESTIONS]

Briefly explain your interest in being a member of a particular board, commission or committee.

My fiancé Keahi and I (and our 5 children) lost our home in the Lahaina fire, along with our business sailboat in Lahaina Harbor. We have been actively participating in the meetings and learning about county and state functioning. I would love to learn and serve on a County board, supporting government as a Lahaina resident.

Currently serving or previously served on, any federal, state, or county board, commission, or committee? (Name & yrs. served)
No.

List any community service and/or professional organizations or activities you're affiliated with or a member of.
Lahaina Harbor Advisory Committee, Maui Boat and Yacht Club

Provide a brief summary of your skills, qualifications, expertise or knowledge.

My background in development in schools spans 12 years. I have served as the lead staff on several board committees including Governance, Development, Major Gifts, and Marketing. My job as COO of GungHo Sailing brings a wealth of skills needed to run a successful small business including compliance, marketing, finance, customer service and more.

Provide any other relevant personal or professional background information that would be beneficial to your preferred board, commission or committee.

We recently sent our youngest to college, so I now have motivation, time and energy to dedicate to civil engagement.

Keahi is a Lahaina firefighter and his mom is the director at Lahaina Restoration Foundation.

Why are you interested in serving on a board, commission or committee?

I'm passionate to serving my community in Kula Kai. My most interest is to malama and protect whatever resources we have left in Kula Kai. Serving on this committee will ensure a Kanaka Maoli voice of Kula Kai is represented and heard when decisions are made. Kula Kai deserves a true Kanaka Maoli of Kula Kai to have a seat on this committee. Also, this committee is heavy handed-bias Kihei Community Association members. My experience with KCA members on SMCPAC is their decisions is about the board members, NOT from the general community who has NO clue what just hit them in Kihei.

To whom it may concern,

I am expressing interest in serving on this new board if you would consider my involvement beneficial in filling one of the open remaining positions (if any) on the new Housing Advisory Board

Section 8-19.4. Housing Advisory Board. The housing advisory board shall consist of five members who shall be appointed by the mayor with the approval of the council. The directors of human concerns, public works, planning, and environmental management shall be non-voting, ex-officio members of the housing advisory board. The voting members of the housing advisory board shall be appointed based on their experience in housing finance, housing development, or other fields related to the creation of housing Maui County residents can afford. The geographic residency requirement set in section 13-2 shall not apply. This board is tasked with advising, aiding, and supporting the director's efforts to create affordable housing.

I have been involved in many different aspects of construction in Hawaii since 1988, including affordable and market rate home projects, albeit several years ago: Hawaiian Homes in Paukukalo, Waiehu Terrace, Waikapu, Waialeale Estates in Kapaa, Kauai, various single family homes in Kihei while working for Betsill Brothers. This would include the pre-construction planning and budgeting, project execution and final turnover. Licensed General Contractor ("B" license) since 1996.

Eight of the past ten years I have been a Senior Project Manager for T J Gomes Trucking Co., Inc. and managed the site work portion (sewer, drainage, water, concrete and paving) of the work at the recently completed Kaiwahine Villages affordable rentals. One of my current projects is managing the site work at Hale O' Piikea affordable rental project and we recently completed a refresh of the Wailea Beach Parking lot.

In addition to having managed many single and multi-family, commercial, medical and retail projects from the vertical General Contractor's side, I have had quite a bit of experience in various aspects of building and refreshing Maui's infrastructure – some example projects include:

Hokiokio Road above Lower Honapiilani Highway – road widening and much larger culvert
Baldwin Avenue – Resurfacing from Makawao Ave to Hana Highway (two phases)
Honoapilani (lower road) – Napili replacement of culvert
Wailea Alanui and Wailea Ike – Drainage repairs, resurfacing
War Memorial Stadium – Drainage improvements and complete parking lot rebuild
and many more.....

My board and commission experience

- State of Hawaii – Board of Tax Review (2017 – 2021)
- County of Maui – Board of Ethics (2018 – 2023)
- County of Maui – Salary Commission (2023 – 2028)

Mahalo for your consideration,

Bill Curtis

Introduction

William Spence is a degreed, professional land-use planner who has practiced in Maui County for more than 30 years. He has held the offices of Planning Director and Director of Housing and Human Concerns for Maui County and has practiced as a private consultant. He has appeared hundreds of times before the Maui County Council, Planning Commissions, and various boards and agencies.

Professional Experience

William Spence & Associates. April 2019 to Present

My goal as a consultant is to represent clients in obtaining discretionary and legislative approvals through the Maui County Council, planning commissions, and various agencies. A normal course of my services is to make presentations to approving bodies and meet with neighbors or community groups. I also work well and directly with other professionals such as attorneys, engineers, architects, and archaeologists. I represented the first builders to obtain approval under Maui's new §2.97 "fast track" workforce housing law.

Director of Housing and Human Concerns. July 2018 to April 2019

As the first Housing Director with a working knowledge of the entitlement and development processes, I initiated projects to:

- Use affordable housing funds for feasibility studies to build homes on county-owned properties.
- Implement the mayor's administrative "fast-track" permitting program to prioritize ministerial permits for affordable projects.
- Reviewed and promoted affordable and workforce housing projects before the Maui County Council.
- Work with numerous nonprofits toward providing services to Maui's less fortunate population.

Planning Director, January 2011 to July 2018

For seven and one-half years I held the office of Planning Director for Maui County. During that time, I staffed or oversaw staffing for Maui County Council committees, three planning commissions, as well as hundreds of proposals for development and discretionary approvals. During my tenure I accomplished several important projects and performed

- Initiated the re-write of the Special Management Area rules to reduce permitting and clarify vague and inconsistent policies.
- Was qualified many times as an expert witness before the State Land Use Commission.
- Collaborated with Corporation Counsel as a witness in litigation or other legal proceedings.

- Completed an audit of our 50-year-old zoning code and obtained a \$500,000 budget from the Maui County Council to completely rewrite it.
- Appeared before members of the State Senate and House in support of legislation.
- Established a new division within the Planning Department to implement the policies and actions of the Maui Island Plan and community plans.

Planning Consultant, 2002 to 2011

As an independent consultant, my focus was to help small and medium-sized landowners to obtain discretionary or legislative approvals. The types of approvals ranged from simple assessments, bed-and-breakfast operations, to large subdivisions, condominium projects, and changes of zoning.

My responsibilities in obtaining approvals included working with community associations, neighbors, and working collaboratively with other technical disciplines. I made frequent presentations to the Maui Planning Commission and the County Council.

Staff Planner, 1992 to 2002

During my ten years as a staff planner within the Maui Planning Department, I participated in virtually every type of permit and legislative action identified in the County Code. I was the lead planner for special projects such as the community plan revisions and mass rezonings. All involved multiple presentations and hearings before public-interest groups, advisory committees, the planning commissions, and the Maui County Council.

Education

Undergraduate in Urban and Regional Planning from California State Polytechnic Pomona, graduated in 1990. The school emphasizes a practical approach to all professions.

Professional Affiliations

- American Planning Association, 35 years
- Vice President of the board of the Hui Noeau Visual Art Center
- Former Board member for Art Maui

Personal

I am a 33 year resident of Maui County and have a deep appreciation for its diverse population, rich cultures, history, and local ways.

My passion is photography, particularly with the traditional black and white processes, and including Historic American Building Survey (HABS) photography for historic preservation using large-format cameras. I have been accepted into several shows including Art Maui and Malama Wao Akua. I have taught three classes at the Hui Noeau Visual Art Center, including photographic composition and traditional darkroom techniques.

Edwin T. Misaki
January 4, 1956

Edwin T. Misaki is a born and raised 3rd generation resident of Molokai. “Ed” grew up as a typical “local boy” actively engaged in hunting, fishing, surfing, playing baseball and basketball. Today, Ed remains active in hunting, fishing, playing softball, basketball, volleyball, golfing and canoe paddling. Ed has also been involved with coaching youth basketball and baseball.

As Director of Moloka‘i Programs for The Nature Conservancy of Hawai‘i (TNCH) Ed is responsible for overseeing all activities on three Molokai TNC preserves as well as being the main coordinator for the East Molokai Watershed Partnership (EMoWP). Ed has played a big role in establishing the TNCH Moloka‘i office and has been a presence for conservation on the island for the past 22 years. First hired in 1983 as Kamakou Preserve Manager, Ed has assumed increasing responsibility as the Moloka‘i Preserves Manager, and now as Director of Molokai Programs. In 2003, the Molokai Program hosted an Efroymsen Fellows Facilitator training workshop, which Ed attended. During 2004, Ed participated in the Micronesian Efroymsen Fellows workshop as a trainee facilitator.

Ed’s first objective as a TNCH employee was to develop and establish The Kamakou Preserve as the first Nature Conservancy managed preserve in Hawai‘i. Additionally, he assisted with the acquisition of the Conservancy’s two other Moloka‘i preserves, Pelekunu Valley and Mo‘omomi. He has been active in developing conservation protocols and tools throughout the state, and continues to work with communities on important conservation issues on Moloka‘i. As part of a one year sabbatical in 1997-98, Ed was instrumental in organizing dryland forest revegetation work for the Ka Hula Piko project, an important cultural project on Moloka‘i. Ed is currently focuses his time on the East Molokai Watershed Partnership, formed in 1999. The partnership became a reality through Ed’s involvement with a community effort through the USDA’s Empowerment Zone Application process. Ke Aupuni Lokahi is a community board that governs the USDA’s Empowerment Zone (Molokai designated as an “Enterprise Community”) programs. Ed has been a board member since 1998.

Ed received his Bachelor of Science degree in Biological Science from Colorado State University. Ed also is a lecturer for the Maui Community College Molokai Education Center, where he teaches the four credit “BIOL 105 Hawaiian Field Biology” course. Ed approaches the lecture as a great opportunity to pass on his natural history knowledge about Molokai to his Molokai community peers. Normally, this course would require a Master’s degree to teach, but because of Ed’s extensive conservation experience, his background was substituted in lieu of a Master’s degree.

Why Are You Interested in Serving on a Board or Commission?

When I worked in Massachusetts, I got involved in restoring antique buildings and learned about their heritage and the need to protect them. I was asked to become a member for the Westport Historical Commission to oversee their protection and I served with the team for five great years.

Living on Maui during Covid, my husband and I bought the Pioneer Mill Co./Lahaina Ice Co. Bookkeeper's House on Front Street in Lahaina. It was a great example of preservation through neglect. We worked with County officials and craftsmen to restore the house. Our entire neighborhood appreciated our efforts, and we loved the outcome as well. Eight days before the fire, it received its State of Hawaii Historic Structures Designation.

By a miracle, our house survived the Lahaina fire. There is so much to rebuild and protect in Lahaina and on Maui. I was always taught to give back. I want to use the skills I have learned to help preserve the historic character of our island.

1. Briefly explain your interest in being a member of a particular board, commission or committee.

My top choice is the Maui Planning Commission because I want to help tackle some of Maui's biggest challenges—our housing crisis, limited water resources, and much-needed infrastructure improvements. Working in civil engineering on Maui has opened my eyes to the unique obstacles we face in managing sustainable, affordable development. I'm passionate about ensuring our resources go towards affordable homes for local residents. I've been working on temporary housing projects in the aftermath of the Lahaina and Kula fires, and in doing so have become frustrated by disaster capitalism and want to play a role in making sure Maui continues to put people before profits. I'd love to work with others who share these goals to make sure we're shaping a sustainable future for Maui.

I'm also interested in the Urban Design Review Board, which would give me a chance to support Maui's development on a more visual and community-oriented level. I believe that design plays a key role in building a sense of place and respecting the culture of our island. From my work on various local projects, I understand how thoughtful design can strengthen communities and reflect the values of the people who live here.

2. Currently serving or previously served on, any federal, state, or county board, commission, or committee? (Name & yrs. served)

I currently serve on the Wastewater Alternatives and Innovations advisory board, where I've been able to contribute to discussions about our island's water and wastewater needs. As a part of this role, I helped create the curriculum for the new Wastewater Specialist classes being taught at UH Maui. This role has taught me a lot about balancing community needs with practical, sustainable solutions. Although this is a private advisory board and not a government committee, it's given me experience working with others to explore solutions that address Hawaii's unique challenges, particularly in resource management and environmental impact.

3. List any community service and/or professional organizations or activities you're affiliated with or a member of.

Giving back to Maui is important to me, and I stay connected to the community in a number of ways. I've paddled with Na Kai Ewalu, which helped teach me an appreciation for our island's traditions and values. I'm also professionally involved with the Hawaii Society of Professional Engineers (HSPE) and volunteer with groups like Sharkastics and Malama Maui Nui, which center around sustainability and community well-being. All of these experiences have continued to show me the importance of giving back, and how Maui needs more of it.

4. Provide a brief summary of your skills, qualifications, expertise or knowledge.

My engineering background equips me with skills in infrastructure planning, water resources, and emergency housing solutions. In the aftermath of the fires, working on temporary housing

projects is giving me firsthand experience with the many complexities of building on Maui. I've learned how crucial it is to design solutions that truly serve our local residents and to plan for the realities of our island's limited resources. Collaboration is key to finding these solutions, and I'm dedicated to listening and working together with others who want to positively contribute to Maui's future.

5. Provide any other relevant personal or professional background information that would be beneficial to your preferred board, commission or committee.

I'm dedicated to giving back to Maui and to helping shape thoughtful, sustainable plans for our island. I want to see Maui grow in a way that uplifts our community, values our natural resources, and respects the people who live here. Joining the Maui Planning Commission or the Urban Design Review Board would be an honor, and I'm excited about the chance to make a difference for our community.
