Subject: Testimony HFC-24

Aloha Healthy Families and Communities Committee,

I hope this committee can work with the hunting club Kahikinui Game & Land Management 'Ohana, President, Kawika Davidson, and Vice President, Warren Aganos, who's Kahikinui Game & Land Management has close to perfected the management system for the area of Kahikinui in the years 1996-2017. With no accidents, and fluent schedule system, this hunting hui has exhibited flawless record keeping, and management skills to support the health our Maui families.

I hope to see great communication between Maui County committees and groups like these to work forward to feed our people and utilize the axis deer as a resource, not an invasive.

Maui County has full capability to operate a hunting management system for Maui County hunters and subsistence 'ohana. A beautiful legacy collaborated with the people of this land.

Please review and request guidance by the Kahikinui Game & Land Management 'Ohana (KGLMO) board, who are a panel of experts in this area of deer and land management.

Aloha nui,

Mary Ann Kamalani Pahukoa

Kahikinui Kuleana 'Aina Tenant

East Maui Farmer
