Subject: Support EDB-42

Aloha,

My name is Barry Aoki and would like to urge this committee to support EDB-42 the relocating of the Molokai Police Station.

I worked two (2) tours on Molokai out of the current station. The current station is outdated and in a flood prone area. Although the old station may be quaint, it needs to go. For the safety of the employees and their ability to maintain services, a new station is needed.

The department has a new location and I am requesting the committee approve the department's request.

Mahalo,
Barry Aoki
