RE: FISCAL YEAR ("FY") 2020 BUDGET (TD-2) (EBD-1)

Dear Mr. Takamori:

The following information is provided in response to the request of Keani Rawlins-Fernandez Economic Development and Budget Committee Chair.

1. A summary of all round trips for dialysis transportation provided by Maui Economic Opportunity, Inc. ("MEO") for FY 2018 and 2019, to date, stating the following:

a. A breakdown of the number of trips by program (Human Services or Paratransit).

- Dialysis service provided by Human Services
 - FY 18- 32,587
 - FY 19- 16,740 * July 1, 2018 to February 28, 2019
- Dialysis service provided by on Paratransit
 - FY 18- 401
 - FY 19- 743 * July 1, 2018 to February 28, 2019
- For your information:
 - Medicare and private insurance companies do not provide coverage for rides to and from medical appointments.
 - More than 20 years ago dialysis transportation was added to MEO Human Service Transportation in response to a community need. The intent was to eliminate barriers for individuals who do not qualify for Medicaid needing to get to and from dialysis appointments.
 - The dialysis center determines if a client is Medicaid eligible.
 - Medicaid qualified clients may be eligible for insurance paid subsidized rides to and from dialysis.
 - The dialysis center refers Medicaid eligible clients to the State of Hawai'i Medicaid broker, Intelliride managed by Ohana Health, to verify Medicaid eligibility and set up a client profile in the Medicaid system.

The Promise of Community Action

Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes America a better place to live. We care about the entire community, and we are dedicated to helping people help themselves and each other.

- The dialysis center coordinates and schedules rides for the non-Medicaid eligible patients based on appointment availability.
- The dialysis center determines appointment availability and Intelliride schedules rides for Medicaid eligible clients.
- Intelliride electronically sends eligible providers, such as MEO and others, trip requests one to two weeks before the Medicaid eligible ride is needed; the provider can accept or reject the ride based on capacity.
- In the past years, Intelliride purchased monthly passes for their clients to ride Paratransit for dialysis appointments. This saved Intelliride money as it reduced what they had to pay a provider for a client trip. MEO had no control over this. With the elimination of the monthly pass, Intelliride has not been purchasing passes for their clients.
- Under the Americans with Disabilities Act, MEO or any other providers cannot mandate what type of trip a Paratransit eligible rider takes and we cannot give priority to one type of trip over another.
- Paratransit riders using the service for dialysis trips cannot receive better service than other riders using the system.

b. A breakdown of pick-up and drop-off locations.

- See attached summary for Paratransit and Human Services dialysis rides.

c. Total estimated cost, by fiscal year.

- Dialysis service by provided Human Services
 - FY 18- \$603,211.67
 - FY 19- \$320,359.38 * July 1, 2018 to February 28, 2019
- Dialysis service provided by on Paratransit
 - FY 18- \$11,778.44
 - FY 19- \$26,117.29 *July 1, 2018 to February 28, 2019

d. Percentage of trips which were eligible for reimbursement by healthcare providers or Medicare.

- Medicare and private insurance companies do not provide coverage for transportation to and from medical appointments unless it involves off island or out of state travel.
- In the last fiscal year and in the current year, MEO's Medicaid trips were performed on the islands of Moloka'i and Lana'i. The Maui Island Medicaid eligible rides are performed by small independent operators.
- Medicaid reimbursable trips are tracked separately and those numbers are not included in the County reports. The revenue generated is reported separately to the County and is maintained separately on MEO's books. Staff performing any service for a Medicaid trip use a separate payroll code so that all expenses associated with the trip are charged to Medicaid.

e. Total estimated costs which were reimbursed by healthcare providers or Medicare.

- There were no trips reported under MEO Human Services or Paratransit that were reimbursed by a private healthcare plan, Medicare or Medicaid.
- Separate from the Human Services contract, from July 1, 2017 to February 28, 2019 MEO performed 205 Medicaid reimbursable trips on the islands of Moloka'i and Lana'i receiving a total of \$4,465.24 in revenue. The expenses and revenue for this service is tracked separately from county funding.

f. Who is responsible for processing reimbursement claims.

- The transportation administrative assistant processes reimbursement invoices and the fiscal department bills Intelliride. The reimbursement funds reported separate from County funds are used to support MEO transportation operations.

2. A current inventory of MEO vehicles, by type.

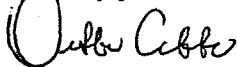

- See attached inventory by program.
- Please note, the Paratransit buses are owned by the County and move to the vendor performing service under the contract.

3. The number of backup MEO vehicles, by type.

- See attached inventory listing. The letter X indicates vehicles used for "backup".

Please let me know if you have any further questions.

Sincerely yours,

Debbie Cabebe, SPHR
Chief Executive Officer
