TO: Mike Molina, Chairman  
Governance, Ethics and Transparency Committee  
County of Maui

FROM: Henry E. Lindsey

RE: GET-1(6) Confirmation of David Goode

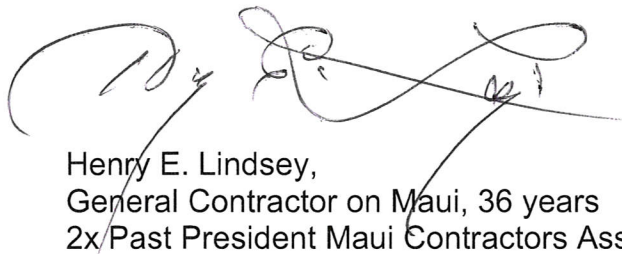

Dear Chairman Mr. Molina,

I have known David Goode for many years both in the private sector and the County of Maui Director of the Department of Public Works.

He has led this department with leadership. Whenever I have addressed a concern with his department he has always responded with a common sense approach and a resolution oriented attitude.

No matter what the request or issue he returns phone calls and emails in a timely and professional manner and treats everyone with respect and dignity.

His position is a very difficult one which requires the training, experience and temperment that he possess. It is hard to imagine that there is anyone better suited to do the job as efficiently and professionally as he does.

A handwritten signature in black ink, appearing to read 'Henry E. Lindsey', is written over a horizontal line. The signature is fluid and cursive.

Henry E. Lindsey,  
General Contractor on Maui, 36 years  
2x Past President Maui Contractors Association
