

KA WAIWAI HO'OPA'A KĀLAIMEAOLA O KE KALANA O MAUI (ADEPT-1(9))

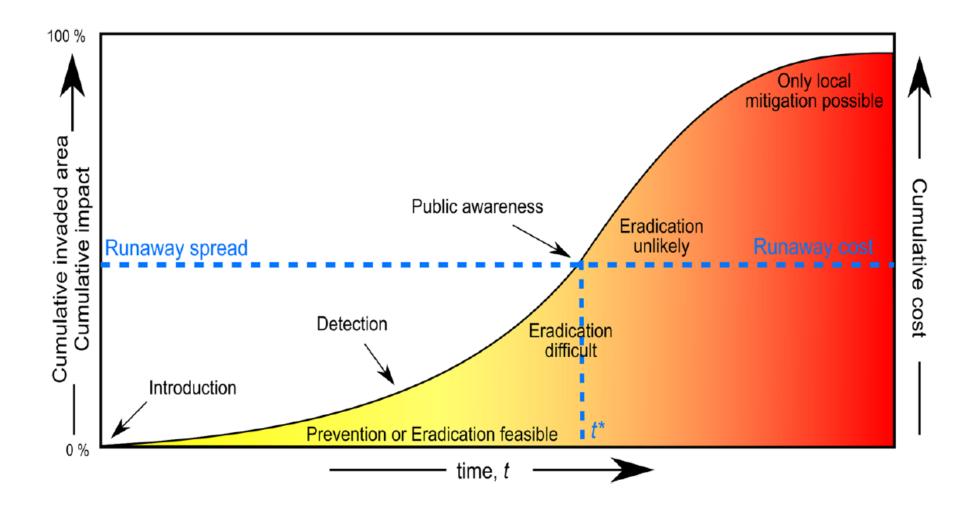

MAUI COUNTY BIOSECURITY (ADEPT-1(9))

AUGUST 07, 2025

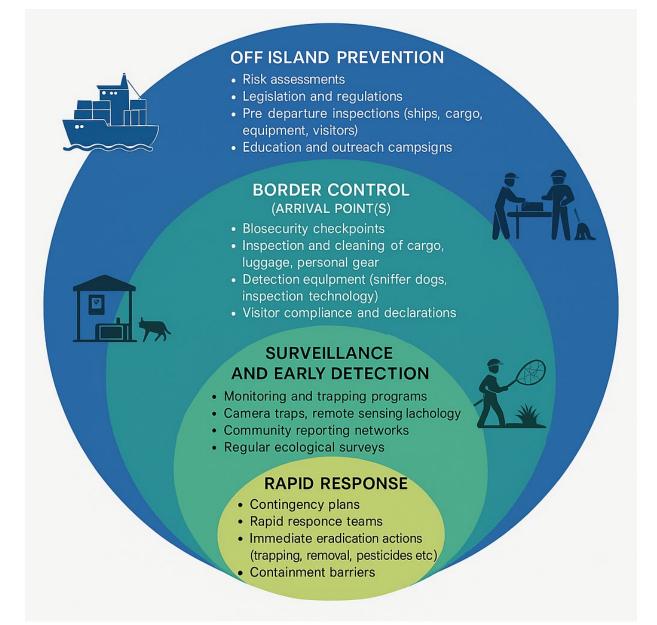

WHY BIOSECURITY?

Ahmed, D. A., et al. (2022). Managing biological invasions: The cost of inaction. *Biological Invasions*, 24(7), 1927-1946. https://doi.org/10.1007/s10530-022-02755-0

GOOD BIOSECURITY HAS LAYERS

WE DEVELOPED A BIOSECURITY IMPLEMENTATION PLAN

Developed with input from members of USFWS, USDA, HIDoA, HISC, MISC, etc.

Incorporates prevention, quarantine, detection/identification, and rapid response.

Shared with Maui Co DoA, HIDoA, USFWS, HISC, ADEPT committee, and other private landowners.

Public welcome to participate at no charge.

Coconut rhinoceros beetles found on Lāna'i in plants transported from O'ahu

August 6, 2025 · 10:00 AM HST

CRB larva found on June 19 on Lāna'i. PC: Hawai'i Department of Agriculture and Biosecurity

The precautionary measures that Pūlama Lāna'i have taken to prevent pests from hitchhiking to Lāna'i must be recognized and is truly appreciated," said Sharon Hurd, chairperson of the Board of Agriculture and Biosecurity. "If all plant importers and shippers were as diligent and responsible, the state would be in much better position regarding invasive pests and diseases. It takes all of us to protect Hawai'i."

Aloha kākou,

Mahalo for the opportunity to share the attached presentations at tomorrow's ADEPT committee meeting.

We (Jonathan and I) will be attending remotely via Teams. I will present the first two slides, and Jonathan will present the remaining slides for each agenda item.

We will share the slides from our computer.

Mahalo, ksd
