**Subject:** Tenant and health problems

Thank you for this opportunity to add my concerns. I gave 45 day notice to my ohana tenant March 5 for bullying me. He didn't leave instead he sent 25 nasty texts, called police 8x and continues to harass me and my helpers and owes \$11,100 in rent. This is close to destitution for me. My eviction attorney is waiting for the moratorium to lift. I'm 82, resident of Maui since 78, my tenant and his unauthorized roommates and friends believe Covid is a conspiracy none wear masks. My health is at risk as different people stay every night and make verbal threats to my gardener and friends. I want to bring this to Lorin Pangs attention, he may remember me from agricultural meetings I research home farming on this property since 1985.
