**To:** GET Committee  
**Subject:** Injection Well suit settlement

Aloha!

I am emailing to request that your committee please proceed with settlement of this longstanding violation of Clean Water Act suit. Mayor Victorino is attempting to continue the violation and stall even more. This is outrageous, since the council has already voted to settle, which he ignored.

I do not understand how continuing to pollute the near shore ocean waters is in anyone's best interest. If the Lahaina Wastewater facility more fully treated it's effluent, the situation could be resolved quickly. In any case, please settle this suit!

Mahalo nui loa,

Dr Andrew Fox MD

Pediatrician
