Subject: I support a ban on personal care products containing oxybenzone and octinoxate

Aloha members of the Maui County Council Infrastructure and Environmental Management Committee, I am writing to express my support for a Maui County ban on personal care products containing oxybenzone and octinoxate. I am especially concerned about the negative impacts of these products on our fragile coral reefs. Please help move this bill forward.

The business support for these efforts is strong as evidenced by businesses signing up to support efforts to create "reef-safe" zones like at Molokini crater.
