To Whom It May Concern:

Aloha, my name is Dartagnon Sidney Bicoy, and I am writing to you today in support of my friend, Carl "Manu" Adolpho III, in hopes that your Council will see him fit to serve on the Molokai Planning Commission. I have known Manu for well over a decade. We were high school classmates and graduates of Molokai High School, and I strongly believe that he is a fair and valuable asset to the Molokai community.

In high school, I remember Manu as always striving to be the best, whether it be in academics, athletics or other extracurricular activities. He was always dedicated and focused on improvement in all of his endeavors. If he ever fell short of a goal, he would press forward, showing no signs of discouragement, and focus on doing better, and being better. He would also be sure to encourage others to aim high and work hard. He always wanted good things for people, no matter who they were.

I have always known Manu to have a positive attitude, bright personality and giving nature. That, I assure you, are qualities our community wants to see in those who represent us. He has dedicated countless hours of service to Molokai, working on church projects, and coaching youth sports, to name a few. If his previous career choice is enough reason to block his appointment to the Molokai Planning Commission, I think that is a huge mistake. Manu is not some paid puppet, or easily manipulated. He is intelligent and strong-minded, and does his research before he speaks. He is also a MOLOKAI BOY, whose roots here run deep. As a Molokai boy myself, I know, and can assure you, that Manu wants nothing but good things for our home, just as I do. His previous choice of work shouldn't cloud your opinion of him as a person. He is a good person, who made the conscious decision to raise his children here. That should be proof enough of his dedication to our home. With all the opportunities available elsewhere, he chose Molokai, and continues to choose Molokai. I strongly urge you to consider him as a new member of the Molokai Planning Commission because I believe he will listen to all points of view and advocate for what is best for all of us who call Molokai home.

Thank you for your time,

Dartagnon "Sidney" Bicoy
