Aloha Kakahiaka,

Please support Elle Cochran's amendment to the bill to help local family's be able to afford rentals on the west side of Maui. I have been looking and there are houses for \$12,000-\$3,600. For a 3 bd/1 ba. Seriously?! 80% of our 2 incomes goes to rent and food for our keiki. We are super involved in our schools and community. Do we really need to move to another town 45 minutes away?! Please help thousands of families who need to not be commuting from other towns. We can't even keep civil servants for this side because they have to move. This is a huge problem. We don't need to build more we need to manage what we have better.

Aloha and Mahalo from Arika Rains
