RE: Support Makila Farms AH-1 (3)

Dear Tasha Kama, Chair - Housing Committee

We have known Greg Brown and his wife, Julie, since 2011. Our families met when The Browns were running their nonprofit farm on the island of Lana'i promoting Agriculture and Community for the island. Our kids were also part of the non-profit 4H community program organized by the Browns, allowing all children of Lanai to learn how to ride horses, care for the farm animals and learn about basic agriculture.

Greg Brown has remarkable personal and professional ethics. Along with his team, that he treats as his Ohana, Greg is committed to building the best quality of housing in Hawaii. Cindy and I strongly support his project in Lahaina, that we trust will be another demonstration of Brown Development's exceptional construction skill. This project is important for the future of the island, by offering affordable housing to our community in a particularly expensive area of Maui.

We respectfully recommend the commission's approval of Greg Brown's project.

Thank you and best regards,

Eric and Cindy Capdevielle
