Subject: Affordable Housing Project (Chapter 201H, Hawaii Revised Statutes) (Independent Development of Makila Farms PROJECT (LAHAINA)) (AH-1(3))

Aloha, I am writing to you because maui needs more affordable housing. I am in support of makila farms and the amazing opportunity it offers for the working people of maui.

Their 30 year affordable housing initiative just goes to show that this project is not intended for a 10 year make money on Realestate propaganda.

It is intended for the people who call maui their home. Families that want to continue to live and contribute to the community.

For myself I'm not even sure my family is going to qualify, based on their new max allowed income numbers for a house. I believe together we make just over the maximum income.

Even though we might not qualify, it is not gonna stop me from wanting this amazing housing project for other family's. That just wouldn't be right.

So please, please, please, help the living, working people of this island become first time home owners.

I do not want the west maui community planning action committee (CPAC) to delay this or any other project that has any affordable housing in west maui. We are in a housing crisis mode.

Mahalo
