Honorable Richard T. Bissen, Jr.  
Mayor, County of Maui  
200 South High Street  
Wailuku, Hawaii 96793

**APPROVED FOR TRANSMITTAL**

*Richard T. Bissen* 8-27-25  
Mayor Date

For Transmittal to:

Honorable Yuki Lei K. Sugimura, Chair  
Budget, Finance, and Economic Development Committee  
200 South High Street  
Wailuku, Hawaii 96793

Dear Chair Sugimura and Members:

**SUBJECT: BILL 81 (2025), AMENDING CHAPTER 3.04, MAUI COUNTY CODE, ON INFORMATION ON COUNTY OPERATIONS (BFED-42)**

Pursuant to your letter dated August 14, 2025, regarding the above-referenced matter, please see responses below:

1. Related to P-xx161, Land Management Administrator position approved in the Fiscal Year 2026 Budget:

- a. A status of the position description.

**Response:** A position description has been created and reviewed by both the Department of Personnel Services (DPS) and the Department of Finance. DPS may require further revisions. Once the PD is finalized, DPS will create the position. Next, DPS will send the position description to the three other counties and the State of Hawaii for comment.

- b. Whether union consultation is required and, if so, its current status.

**Response:** A union consultation was completed in April 2025.

Honorable Yuki Lei K. Sugimura, Chair  
Budget, Finance, and Economic Development Committee  
Response to BFED-42  
August 26, 2025  
Page 2

- c. The current status of recruitment, including
  - i. Whether the position is posted.

**Response:** *The position has not been posted. It will be posted when DPS completes the position.*

- ii. If posted, whether interviews have been scheduled or completed. Please explain.

**Response:** *The position has not been posted. It will be posted when DPS completes the position.*

- d. An anticipated timeline for filling the position.

**Response:** *The position should be filled by the end of 2025.*

- e. Copy of the approved reorganization for the Finance Director's Office.

**Response:** *The approved reorganization is attached.*

- f. Any obstacles or delays affecting recruitment.

**Response:** *The Department of Finance will recruit as soon as possible.*

- 2. A copy of the inventory report for all land and buildings that is maintained by the Real Property Management Specialist.

**Response:** *Attached is a list of County owned property. Attached is a list of property leased to the County.*

Should you have any questions, please feel free to contact me or Deputy Director Maria Zielinski at extension 7722.

Sincerely,

MARCY MARTIN  
Director of Finance

Subject: **Reorganization Proposal of the Department of Finance, Office of the Director, Land Management Section - APPROVED**

The Department of Management completed its review of the Department of Finance's proposed reorganization of its Land Management Section, as presented in its proposal dated February 12, 2025 (revised from its proposal of January 27, 2025) and additional information received through February 21, 2025, as required pursuant to the *Reorganization Guidance*. The department's proposed reorganization is approved, as corrected.

The revised proposal submitted by the Department of Finance complies with the County's reorganization requirements. The conceptual evaluation by the Department of Management concludes that the justification presented by the department appears reasonable, the information provided is relevant to support the requested reorganization, and the proposed organizational changes meet the objectives of the department and are consistent with the justification presented. The Department of Finance's proposed reorganization submittal adequately addresses the requirements pursuant to County policies: the Department of Management Directive Procedure No. 1A-002-04 (amended 2004) and Reorganization Guidance (updated September 1, 2023).

Our Evaluation Report dated February 22, 2025 (attached), summarizes the observations from our review. Matters that may require additional follow-up by the department are also discussed. Should you have any questions or need assistance, please contact me via email at [agnes.hayashi@co.maui.hi.us](mailto:agnes.hayashi@co.maui.hi.us).

February 22, 2025

To: Marcy Martin, Director of Finance

Through: Josiah K. Nishita, Managing Director

From: Agnes M. Hayashi, Executive Assistant II 

Subject: **Management Evaluation Report:** Reorganization Proposal of the Department of Finance – Office of the Director, Land Management Section

We have completed our review of the Department of Finance's (DOF) proposed reorganization for its Land Management Section in its Director's Office (Finance Administration Program). DOF was notified that its proposal of January 27, 2025, was not in compliance with the County Reorganization Guidance. Subsequently, corrections were made by the Department of Management and revised pages of the proposal were also submitted by DOF on February 14, 2025. Additional required documents missing from the submission were requested and submitted by DOF on February 20, 2025. The comments provided herein are a result of our evaluation of DOF's revised reorganization submittal and subsequent information received through February 21, 2025.

**Department of Management's Scope of Review**

The Department of Management's evaluation is a conceptual review of the department's proposal, with emphasis on assessing the relevancy, operational necessity, cost-effectiveness and reasonableness of the reorganization, its justification, and assumptions as articulated by the department requesting it.

The Department of Management's evaluation is performed in accordance with the reorganization procedures and requirements pursuant to the County of Maui, Department of Management Directive, Procedure No. 1A-002-04, dated April 5, 2004, which is the current policy in place governing the review and approval of reorganizations, and the Department of Management Reorganization Guidance (effective August 2013, updated September 1, 2023).

The Department of Management carefully and strictly reviews reorganization proposals in consideration of the County's policies. The governing authority in our review is the County of Maui Charter, Article 3, Section 3-9. Declaration of Policy (Amended 2022, 2012):

*"It is declared to be the policy of the county to promote economy, climate change adaptation, efficiency and improved service in the transaction of the public business in the legislative and executive branches of the county by:*

- 1. Limiting expenditures to the lowest amount consistent with the efficient performance of essential services, activities and functions.*
- 2. Eliminating duplication and overlapping of services, activities, and functions.*
- 3. Consolidating services, activities, and functions of a similar nature.*
- 4. Abolishing services, activities, and functions not necessary to the efficient conduct of government.*
- 5. Implementing guidelines to allow certain county employees to telework and have alternative work schedules. The guidelines and definitions of “telework” and “alternative work schedules” may be established by ordinance.”*

The requesting department director’s approval of the reorganization proposal certifies that the department’s proposed reorganization is consistent with the County of Maui Charter, Declaration of Policy. Our review includes reasonably assessing that the County policy is upheld by the department, and the department’s justification is relevant and sound as substantiated by the information presented by the department in its proposal.

#### **Summary of Department’s Reorganization**

The Department of Finance’s proposed reorganization involves the establishment (initial allocation) of two prior year’s expansion positions to expand capacity of its existing Land Management Section in its Office of the Director. The two expansions are authorized in DOF’s FY2025 Council Adopted Budget: P-XX161 (Land Management Administrator) and P-X3013 (Tax Information Specialist). Both positions are included in the Finance Administration Program at 6-months funding but are assigned to different index codes. P-XX161 is budgeted in index 907014 Finance Director’s Office and P-X3013 is budgeted in index 907015 Maui County TAT Office.

In addition to the initial allocation of the two expansion positions, the department’s proposal involves changes in reporting hierarchy and the reallocation of one of its existing positions.

The department contends the proposed reorganization is necessitated by the growing complexity of the land management responsibilities compounded by the significant volume of transactions that has increased yearly over the past decade. The Land Management Section’s current staff of two positions are challenged in meeting the needs of the County. The department has consulted with the Department of Public Works (DPW) to confirm no duplication of duties between its proposed Land Management Section and that of the existing DPW Land Management Section which was a concern that was raised on the Department’s previous reorganization proposals dating back to 2019 and remained unresolved and unaddressed by the Department of Finance until September 2024.

A key component of the department’s reorganization proposal is the establishment of the Land Management Administrator position in the Director’s Office. This position is to assume a leadership role to provide specialized technical advice, guidance, direction and recommendations to the Finance Director affecting all real property transactions, negotiations and related functions for the acquisition and/or disposition of interest and rights of all County real property and easement that are not part of capital improvement projects, and all other land management matters.

To achieve the desired outcomes the Department of Finance proposes:

- (1) P- XX161 (vacant): Initial allocation as Land Management Administrator, EM-07, in the Land Management Section of the Office of the Director reporting to the DOF Deputy Director.
- (2) P-29452 (filled): Redescription/reallocation and change in position placement as subordinate reporting to P-XX161.
- (3) P-31505 (filled): Change in position placement as subordinate reporting to P-XX161 with duties remaining unchanged.
- (4) P-X3013 (vacant): Initial allocation as Tax Clerk I, SR-12, (a change in title from “Tax Information Specialist” in the FY2025 Council Adopted Budget) in the Land Management Section, a subordinate position reporting to P-XX161.

### **Review Comments**

In our review of DOF’ reorganization proposal and chart, we noted a few exceptions. To expedite review and approval of the proposed reorganization, we made some of the corrections where needed with the concurrence of the department and the department also provided revisions. The exceptions found and corrections made are discussed in detail in this report.

The department’s proposal, as corrected, addresses the evaluation criteria appropriately and complies with the Reorganization Guidance in effect.

### **(A) Justification and Effect on Functional Responsibilities:**

The Department’s justification for the reorganization appears reasonable:

- Explanation and description of the reorganization is relevant.
- Rationale for the proposed reorganization is consistent with the reorganization objective.

However, the *Table of Proposed Changes* (Proposal page 1) was not pursuant to the Reorganization Guidance and did not include all the information. To facilitate review of the proposed reorganization, the Department of Management prepared the chart for the department.

The responsibilities proposed for the two expansion positions, revision to duties for one existing position and the placement of the subject positions appear reasonable and relevant to the objectives of the proposed reorganization. The concerns noted in previous DOF submissions of its Land Management proposed reorganization have been reasonably and adequately addressed and explained.

### **(B) Cost Analysis:**

The financial impact of the department’s proposed reorganization is a net incremental cost of approximately \$73,800.00 for FY2025.

The estimated salaries represent 6 months. Annualizing the cost of the two expansions, offset by the redescription of P-29452, results in a net cost increase of approximately \$145,100.00. On a fully allocated basis, the cost to the County is approximately \$252,600.00 (Department of Finance, Employee Fringe Benefits Rates, memo dated October 21, 2024).

**(C) E/P Count Impact:**

DOF's initial reorganization proposal required correction to accurately reflect the increase in E/P. The revised proposal reflects an increase by two positions in the DOF Administration Program. The expansion positions' E/P and funding were verified against the FY2025 Council Adopted Budget. As mentioned, the E/P for P-X3013 is budgeted in index 907015 Maui County TAT Office which is not consistent with the three other subject positions.

**(D) Table of Organization:**

The proposed organizational chart (revised February 12, 2025) for DOF's Office of the Director appears consistent with the reorganization proposal and objectives of the reorganization. (The initial chart submitted was not complete and a revised chart was resubmitted on February 12, 2025.)

**(E) Position Descriptions (PDs):**

A description of duties was submitted only for the Land Management Administrator position. Duties for the other three subject positions directly involved in DOF's proposed reorganization were not submitted as required pursuant to the County Reorganization Guidance. Upon request, DOF subsequently provided PDs for all four positions which were received on February 21, 2025. The PDs were submitted in its final form and had been approved by the department director.

The duties described for each of the four positions were reasonable and consistent with DOF's proposed reorganization. The final approval of position descriptions, and the classification and pricing of positions are the responsibility of the Department of Personnel Services (DPS) and are subject to its audit process.

**(F) Union Consultation:**

DOF's proposal indicates that union consultation shall be initiated with the Hawaii Government Employees Association (HGEA) following the approval of the proposed reorganization by the Managing Director.

**(G) FY2024 General Budget Provisions Section 7:**

Pursuant to Ordinance No. 5657, Fiscal Year 2025 Budget, General Budget Provisions Section 7 (GBP7): *"Funds must not be disbursed for reallocations and reclassifications that involve a change in supervisory duties and responsibilities until the County Council receives written notice setting forth: (A) an explanation of the reasons for change; and (B) organizational charts showing the existing organization and the proposed organization of the department."*

The proposed reorganization, as presented by DOF, does not appear to be subject to GBP7. However, should the classification/pricing review performed by DPS result in a reallocation and/or reclassification, GBP7 requirements may be triggered, and will require compliance.

**(H) Funding Source:**

We noted that not all four subject positions had the same FY2025 funding source. As mentioned previously, the two expansion positions P-XX161 (Land Management Administrator) and P X3013 (titled Tax Information Specialist in the Budget) are authorized in DOF's FY2025 Council Adopted

Budget. Both positions are included in the Finance Administration Program, however, they are assigned to different index codes. P-XX161 is budgeted in index 907014 Finance Director’s Office and P-X3013 is budgeted in index 907015 Maui County TAT Office. The FY2025 funding source of the two other existing positions P-29452 and P-31505 is index 907014, consistent with P-XX161.

The position description of P-X3013 states that it is to be placed in the Land Management Section as proposed, and not the Maui County TAT Office for which it is assigned in the FY25 Budget.

We recommend that the department examine this discrepancy for P-X3013 and ensure that its funding source is consistent with its organizational placement upon implementation of the proposed reorganization and correctly reflected in the FY2026 Mayor’s Proposed Budget.

**Conclusion:**

The proposed reorganization, as revised, by the Department of Finance is comprehensive, and adequately addresses concerns that have been raised in previous reviews and fulfills the requirements of the County Reorganization Guidance.

The reorganization proposal appears to meet the department’s objectives to address its resource limitations. The additional resources and restructuring of the Land Management Section expands the capacity and depth of the Land Management Section to better meet the demands of the County on land management transactions and inventory oversight. The justification presented by the department is relevant and reasonable, and the proposed changes to DOF’s organizational structure and hierarchy are consistent with the department’s reorganization objectives.

Matters that require additional follow-up include union consultation (Section F), as acknowledged by the department, and funding source (Section H).

**Recommendation:**

Based on the review performed of the Department of Finance’s proposed reorganization submission dated February 12, 2025 (as revised) and other required documents received through February 21, 2025, approval by the Managing Director is recommended.

The Managing Director’s approval allows for the evaluation of the reorganization proposal to proceed with classification/pricing determination by the Department of Personnel Services according to Civil Service rules and regulations.

OFFICE OF THE DIRECTOR (ADMINISTRATION PROGRAM)  
REVISED MAY 24, 2022, UPDATED FEBRUARY 12, 2025**

**2. Justification for Proposed Changes**

In 2020, the Land Management Section was established under the Department of Finance, Office of the Director (Administration Program). Under the current organizational structure, the Land Management Section consists of the following personnel: Real Property Management Specialist V and Real Property Management Specialist I. In June 2019, the Department of Finance submitted a reorganizational proposal, which was approved by the Department of Management; this reorganization was intended to establish a Real Property Management Specialists series by adding a new lower-level position and reallocating existing position, P-29452 to a higher salary range level. The reallocation of the P-29452 position was to provide for direct oversight of leased and County-owned real property and facilities.

As outlined in the County Charter, the Director of Finance is responsible for renting or leasing County property and awarding concessions and preparing and maintaining a perpetual inventory of all lands and equipment, or other personally owned, leased, rented or controlled by the County. The Director of Finance delegates these responsibilities to the Land Management Section. The table below provides the amount of collections and number of transactions for all leases and licenses that are assigned to the Land Management Section.

Calendar Year	Collected Amount	No. of Transactions
2010	\$70,703.10	9
2011	\$408,264.32	80
2012	\$406,408.40	99
2013	\$405,232.39	120
2014	\$439,958.27	136
2015	\$498,339.98	148
2016	\$471,270.12	147
2017	\$555,675.32	140
2018	\$630,083.84	147
2019	\$531,477.03	137

[  ] APPROVED [ ] DISAPPROVED

2/24/2025  
DATE

**RE-ORGANIZATIONAL PROPOSAL  
FOR THE DEPARTMENT OF FINANCE  
OFFICE OF THE DIRECTOR (ADMINISTRATION PROGRAM)  
REVISED MAY 24, 2022, UPDATED FEBRUARY 12, 2025**

2020	\$292,941.14	111
2021	\$632,676.18	138
2022	\$838,278.06	183
2023	\$986,509.23	197
2024	\$763,395.57	194

As shown in the table above, the number of transactions and the collected amount has been increasing year-over-year.

Additionally, in 2011, the County acquired lots at the Fairways at Maui Lani and Sandhill Estates. The responsibility for the oversight and maintenance of properties in these developments was assigned to the Real Property Management Specialist V which expanded the duties of the section.

Maui County Code (MCC) Chapter 3.44 authorizes the Director of Finance to: 1) Negotiate for the purchase of real property for purposes in the public interest; 2) Acquire real property with, Council authorization, for purchases exceeding \$250,000, and 3) Accepts the conveyance of real property, easements, licenses, rights of entry and other real property interests to the County. As of December 31, 2024, there were 902 leased and county-owned properties and facilities that the Land Management Section serves. In 2022 there were 854 County leased and owned properties and facilities. The number of properties acquired by the County has increased significantly in the last 6 years, at a total of 361 new properties. Newer subdivisions are requiring representation and participation in owner associations which contributes to high-level staff workload. The increasing complexity of government acquisitions can be illustrated with the Land Management Section participation in the current Central Maui Landfill expansion project. The Real Property Management Specialist V is assisting in this acquisition which involves two large areas within a large agriculture parcel, with a special use permit, that will need condominiumization and subsequently a county subdivision. The transaction involves multiple easements, surveys, consulting with internal and external attorneys, reviewing complex title reports, two closing dates, a 1031 exchange, a Right of Entry agreement, multiple council appearances and budget amendments. The need for experienced, high-level, continuity in the section can be illustrated with the Haiku Fire Station Development. The Real Property Management Specialist V is still assisting the Department of Fire and Public Safety with resolving boundary survey line questions and disputes.

**RE-ORGANIZATIONAL PROPOSAL  
FOR THE DEPARTMENT OF FINANCE  
OFFICE OF THE DIRECTOR (ADMINISTRATION PROGRAM)  
REVISED MAY 24, 2022, UPDATED FEBRUARY 12, 2025**

The increase in workload and job complexity has been difficult to absorb with just two staff members in the section where one employee is a subordinate with limited professional experience. Adding a higher-level position in the Land Management Section will provide the capacity, authority, and service continuity that is required to successfully work within the framework of the complicated, fast paced, commercial real estate market where mistakes and a lack of experience can be costly. The table below provides statistics on the number of new leases and County-owned real property and facilities, from 2017 to 2024.

Calendar Year	No. of Properties Acquired
2017	34
2018	52
2019	111
2020	68
2021	28
2022	78
2023	53
2024	23

In 2003, the County established an Open Space, Natural Resources, Cultural Resources, and Scenic Views Preservation Fund (Ordinance No. 3128, Maui County Code Chapter 3.88) for the purpose of purchasing or otherwise acquiring lands or property entitlements for land conservation purposes in the County of Maui

MCC Chapter 3.88 outlines the responsibility for establishing a separate account to record revenues and supplemental transfers credited to, and expenditures made from, the fund, to the Director of Finance. While the management and maintenance of these properties are assigned to various departments, the Director of Finance is tasked with the negotiation and oversight of the purchases, as prescribed by MCC Chapter 3.44 duties of the Director of Finance, and future questions regarding property ownership.

In 2007 the County established an Affordable Housing Fund (Ordinance No. 3481, MCC Chapter 3.35), which authorizes the Director of Finance to establish a separate account to record revenues and supplemental transfers credited to, and expenditures made from, the fund.

APPROVED     DISAPPROVED

  
MANAGING DIRECTOR                      2/24/2025  
DATE

**RE-ORGANIZATIONAL PROPOSAL  
FOR THE DEPARTMENT OF FINANCE  
OFFICE OF THE DIRECTOR (ADMINISTRATION PROGRAM)  
REVISED MAY 24, 2022, UPDATED FEBRUARY 12, 2025**

Both the Director of Finance and Director of Housing may adopt administrative rules necessary to carry out the purposes of MCC Chapter 3.35. The Council may make appropriations from the Affordable Housing Fund for the following:

1. To increase the supply of affordable, rental, and owner-occupied housing;
2. To acquire interests in real property for purposes set forth in this chapter;
3. For planning, design, or construction of affordable rental or owner-occupied housing for residents within income-qualified groups;
4. To provide housing for elderly, disabled, and homeless residents lacking a permanent home;
5. To provide grants or loans to any nonprofit or community land trust that complies with Section 501(c) of the Internal Revenue Code and any other requirement under federal, state, and county law regulating the conduct of charitable or nonprofit organizations, provided that the purpose of any grant or loan shall be for the purposes set forth in section 3.35.010 of this chapter;
6. To leverage funds provided by federal, state, nonprofit, or for-profit organizations and other non-County entities to further expand affordable housing opportunities;
7. To acquire existing housing or cooperative units for rehabilitation as affordable rental or owner-occupied housing, or both; or
8. To increase investment in public infrastructure in connection with related affordable housing projects.

Like real property acquired under the Open Space, Natural Resources, Cultural Resources, and Scenic Views Preservation Fund, the Director of Finance is involved in the negotiation of real property acquisitions and questions and concerns with ownership and use. Given the current affordable housing shortage in the County, there has been a push to provide housing for residents. This has led to complicated real estate transactions due to mortgages, grants, leased fee/leasehold interests and multi-agency coordination where Finance represents the County's interest and provides ownership structure consulting, along with legal counsel, to maximize results. The County's lack of land management, property management, and stewardship plans, for all real property interests, has resulted in Finance assuming this role for other departments and agencies.

County expansion has also increased the workload for the Land Management Section. The Land Management Section has been available to assist the Department of Agriculture in managing and expanding County Agriculture Parks. The Director of Finance is serving as a non-voting, ex-officio member of the Aha Wai O Maui Hikina East Maui Regional Community Board to provide leasing and property expertise which will come from the Land Management Section's staff. Over the past year, the Land Management Section has performed work for CDBG and the Office of Recovery. The Real Property Management Specialist V assisted with purchasing residential homes using CDBG funds. The position has also been assisting with acquiring Lahaina land for infrastructure, operations and future right of ways.

MANAGING DIRECTOR      2/24/2025  
DATE

**RE-ORGANIZATIONAL PROPOSAL  
FOR THE DEPARTMENT OF FINANCE  
OFFICE OF THE DIRECTOR (ADMINISTRATION PROGRAM)  
REVISED MAY 24, 2022, UPDATED FEBRUARY 12, 2025**

The proposed reorganizational structure will allow the County of Maui to establish a Land Management Administrator position that will provide direction, coordination, management, continuity of services, and control over functions, operations and activities of the Land Management Section in the Department of Finance, Office of the Director (Administration Program). Under the direction of the Land Management Administrator position, the Land Management Section will also be responsible for the following:

1. Development and implementation of land management plans, property management plans, and conservation and stewardship plans for all County real property interests.
2. Review and negotiation of any transaction or activity that will result in real property interests being added to the County's inventory, including, but not limited to acquisitions funded by the Open Space, Natural Resources, Cultural Resources, and Scenic Views Preservation Fund.
3. Recommending, reviewing, and negotiating any transaction or activity relating to County real property interests, with focus on Affordable Housing Fund.

**3. Effect of Changes**

The proposed organizational structure will have a significant impact on the operations of the Office of the Director in the Department of Finance and other departments throughout the County of Maui. The creation of this position will provide a leadership role in the department's Land Management Section which will assist the Director's Office with implementation of its goals and objectives to develop and implement land management and maintenance plans for all County real property interests as provided in the Maui County Code Chapter 3.44 Acquisition and Disposition of Real Property.

The proposed Land Management Administrator of the Department of Finance encompasses the duties and responsibilities for real property transactions, negotiations, and functions for the acquisition and/or disposition of interests and rights of all County of Maui's real property and easements that are not part of other departments' capital improvement projects. The Department of Public Works' responsibilities would be limited to drainage and road infrastructure covering CIP acquisition and development dedications. There are no known duplication of duties and responsibilities in the Finance Department's proposed Land Management Administrator position description.

Upon the establishment of the proposed Land Management Administrator position, the supervisory duties of the P-29452 Real Property Management Specialist V position will be removed. In addition, there will be change in the supervisory line of reporting for the following positions as indicated on page 1, Table of Proposed Changes: 1) P-29452 Real Property

OFFICE OF THE DIRECTOR (ADMINISTRATION PROGRAM)  
REVISED MAY 24, 2022, UPDATED FEBRUARY 12, 2025**

Management Specialist V, and; 2) P-31505 Real Property Management Specialist I. Additionally, the Department has in its FY 2025 authorization for additional equivalent personnel, which is budgeted as Tax Clerk I.

**4. Financial Impact and Benefit of Changes**

Building an effective and enduring Land Management Section for the County of Maui will require long-term investment and continuing support. Thus, the Department recognizes that this reorganizational proposal will have a significant financial impact to the County of Maui.

The FY 2025 budgeted 8-months' salary for the Land Management Administrator position is \$52,638.00, plus fringe benefits cost of \$51,702. The salary range for this position is proposed at EM-07 level; however, this is subject to review and approval by the Department of Personnel Services. Based on the EMCP Salary Schedule, effective July 1, 2024, the minimum annual salary for this position is \$70,184.00, while the maximum annual salary is \$136,656. With full-year salary, the total incremental annual cost for this position will range from \$105,276 to \$150,180.

The Department anticipates that there will be a slight decrease in salaries and wages of approximately \$23,280 due to planned downward reallocation of the Real Property Management Specialist V position, to a Real Property Management Specialist IV level. The reallocation of this position will not be effective until the Land Management Administrator position has been established and filled.

Furthermore, the FY 2025 budget also includes an expansion position for a Tax Clerk, SR-12C level, in the amount of \$23,560 with 8 months funding, plus fringe benefits cost of \$20,302. The full year salary for this position is \$43,452.00, plus fringe benefits cost of \$32,589. This expansion position is subject to review and approval by the Department of Personnel Services.

While the Finance Department is unable to determine the specific monetary benefits of this proposed reorganization, the establishment of the Land Management Administrator will provide the following benefits to the County: 1) Protect the County's investment in real property 2) Maximize the return on and of county-owned real property, 3) Conserve government resources by properly managing county-owned property; 4) Reduce expenses by overseeing acquisitions, negotiating acquisition terms, identifying potential acquisitions and representing the county's interests in acquisitions; 5) Reduce excess rental expenditures by negotiating favorable lease terms, locating ideal work space and determining market rental rates; 6) Allow for continuity of services by increasing capacity; and 6) Increase the productivity of the Director and Deputy Director of Finance by reducing their property management responsibilities which will allow for focus in other needed areas.

APPROVED     DISAPPROVED  
  
MANAGING DIRECTOR                      2/24/2025  
DATE

**RE-ORGANIZATIONAL PROPOSAL  
FOR THE DEPARTMENT OF FINANCE  
OFFICE OF THE DIRECTOR (ADMINISTRATION PROGRAM)  
REVISED MAY 24, 2022, UPDATED FEBRUARY 12, 2025**

**5. Change in EP Count**

This reorganizational proposal will increase the total E/P count for the Office of the Director (Administration Program) by 2.0 E/P. The expansion positions are P-XX161 Land Management Administrator and P-X3013 Tax Clerk I.

**6. Union Consultative Activity and Status**

A revised consultation letter will be transmitted to HGEA upon approval of this proposed reorganization.

Should you have any questions, please feel free to contact Deputy Director Maria Zielinski at extension 7212.

NOTES:

<sup>(1)</sup> Position P-XX161, Land Management Administrator, is an expansion position in the FY 2021 Council Adopted Budget.

<sup>(2)</sup> P-29452, Real Property Management Specialist V, is an established position and reports directly to P-25600, Deputy Director of Finance. The proposed re-organization is to reallocate the position from Real Property Management Specialist V, SR-24 to a Real Property Management Specialist IV, SR-22 and a change in supervision line of reporting, from P-25600, Deputy Director of Finance to P-XXXXX Land Management Administrator.

<sup>(3)</sup> P-31505, Real Property Management Specialist I, is an established position and reports directly to P-29452, Real Property Management Specialist V. The proposed re-organization is a change in supervision line of reporting, from P-29452, Real Property Management Specialist V to P-XX161 Land Management Administrator.

<sup>(4)</sup> P-X3013 Tax Clerk, is an expansion position in the FY 2022 Council Adopted Budget.

<sup>(5)</sup> P-X3009, Clerk III, SR-10, is an expansion position in the FY 2023 Council Adopted Budget. This position was created not as a Clerk III, SR-10, in the FY 2025 Council Adopted Budget but as an Accountant III, SR-22, Position P-33629, and was approved for temporary transfer by the Mayor in June 2024 that changed its supervisory line of reporting from P-25505 to P-25506 effective July 1, 2024.
