Dear Mr. Smith:

The Department of Housing and Urban Development (HUD) is providing this notification to inform you that HUD has allocated Community Development Block Grant Disaster Recovery (CDBG-DR) funds to Maui County for the disaster that occurred in 2023.

The Disaster Relief Supplemental Appropriations Act, 2025 (Public Law 118-158), approved on December 21, 2024, makes available an allocation of CDBG-DR funds for applicable jurisdictions. These CDBG-DR funds are for necessary expenses for activities authorized under title I of the Housing and Community Development Act of 1974 (42 U.S.C. 5301 et seq.) related to disaster relief, long-term recovery, restoration of infrastructure and housing, economic revitalization, and mitigation in the “most impacted and distressed” areas resulting from a qualifying major disaster that occurred in 2023 or 2024. Maui County’s available funding amount is listed below:

CDBG-DR Amount	\$1,639,381,000
-----------------------	------------------------

CDBG-DR grant funds are supplemental funds appropriated by Congress and allocated by HUD to support long-term recovery and mitigation in disaster-impacted communities. CDBG-DR grants are designed to help states, units of general local government, or Indian tribes recover from presidentially declared disasters, especially in low- and moderate-income areas. CDBG-DR assistance may be used for a broad range of recovery activities, and HUD is positioned to assist in the county’s efforts to address the recovery and mitigation needs of communities and neighborhoods that have the greatest unmet needs or that face challenges to recover.

The Department is committed to being your partner throughout the planning and implementation process for the use of these funds. The Department has published a *Federal Register* Notice, at https://www.hud.gov/program_offices/comm_planning/cdbg-dr/regulations, which specifies the process and requirements for accessing and implementing the county’s CDBG-DR allocation. The Department requires grantees to submit an action plan detailing the use of their CDBG-DR funds. This plan must include the criteria for eligibility, and how the use of these funds will address long-term recovery and restoration of infrastructure and housing, economic revitalization, and mitigation in the most impacted and distressed areas. The action plan must identify unmet recovery needs and address mitigation activities. Grantees may also submit an admin-only action plan to HUD, to access the admin portion of the grant award.
