For Transmittal to:

Honorable Yuki Lei K. Sugimura, Chair Budget, Finance, and Economic Development Committee Maui County Council 200 South High Street Wailuku, Hawaii 96793

Dear Chair Sugimura:

SUBJECT: FISCAL YEAR ("FY") 2026 BUDGET (BFED-1) (PR-01)

The following is our Department's response to your letter of request dated March 20, 2025:

1. Please outline the major changes in your Department's budget from FY 2025 to FY 2026. If your budget will decrease, how will this impact your Department's operations and ability to serve the public?

**Response**: For Fiscal Year 2026, our department's budget remains largely flat, with no major changes beyond adjustments for inflation. Below is a summary of budgetary updates across our divisions and sections:

APPROVED FOR TRANSMITTAL

Date

Recreation Division: No changes other than inflation adjustments. We continue to operate within a flat budget.

Planning & Development Division: No significant changes to the division's budget.

Maintenance Division: Key updates include the resurfacing of four outdoor courts and the launch of a new brush-cutting program to enhance park maintenance efforts.

Permits & Enforcement Section: The budget reflects a \$375,000 decrease in our "A" budget proposal, part of a department-wide reduction. Due to ongoing recruitment challenges, we are maintaining a flat budget but may seek additional funding if positions are filled.

Overall, while we are managing within a flat budget, staffing shortages continue to pose challenges in service delivery. Our department remains focused on innovative solutions to maintain and improve the quality of service for the community.

- 2. How many vacant positions currently exist within your Department?
  - a. Please include the job titles for the vacancies and indicate how long the positions have been vacant.

**Response**: Please refer to the attached vacancy report for a comprehensive list of current vacancies and their duration. (Attachment #1)

b. What is the anticipated timeline for filling these vacancies?

**Response:** Recreation Division: On average, filling vacancies can take a couple of months if there is an existing list of candidates. However, the timeline may vary depending on pre-employment clearance requirements. For example, two Park Caretaker I positions were offered on 2/11/25, and we are still awaiting candidate clearances.

Planning & Development Division: We anticipate filling all vacancies within this calendar year.

Permits & Enforcement Section: We are actively recruiting while simultaneously working on a proposed reorganization to improve retention and hiring outcomes. Anticipated 12 to 18 months.

Maintenance Division: The expected hiring timeline is approximately 3 to 6 months.

c. What are the consequences, if any, for removing funding for these vacant positions from the FY 2026 Budget?

**Response:** Recreation Division: Without funding, essential daily maintenance and operations may not be completed as required, affecting the quality of recreational facilities and services.

Planning & Development Division: Service reductions could lead to longer review times and potential project delays or cancellations. Increased workload for current employees may result in burnout. Higher overall costs may arise if consultants are required to maintain project schedules.

Permits & Enforcement Section: A lack of funding would make it difficult to meet operational requirements, necessitating continued overtime to compensate for staffing shortages. Further reductions in staffing could negatively impact community satisfaction by slowing permit processing and enforcement efforts. The current overtime budget is based on historical trends for seven (7) days per week scheduling, special events, and annual projects. Removing funding would create additional service gaps.

Maintenance Division: Funding reduction would lead to an increase in overtime costs to ensure parks remain safe and facilities are properly maintained.

Overall, maintaining funding for these positions is crucial to sustaining essential services, minimizing delays, and ensuring operational efficiency across the department.

3. If your Department had expansion positions in the FY 2025 Budget, how many of those positions were filled? If they have not been filled, are they included in the FY 2026 Budget? How many months of funding are being requested?

**Response**: The Department had 5 expansion positions in FY 2025. All have been filled.

4. If your Department is proposing expansion positions in the FY 2026 Budget, how do you plan to fill those positions?

**Response:** Department is requesting 4 Park Caretaker I positions (2 for Central and 2 for Molokai) in anticipation of decreased services to the Qualified Rehab programs. We plan on filling either through promotion without exam or open recruitments.

5. How many positions were filled in FY 2025 that were not expansion positions?

**Response:** 65 positions

- 6. Describe your recruitment process.
  - a. How did your Department recruit to fill vacancies and what were the most effective methods for attracting candidates?

**Response:** Promotion without exams and open recruitments, Pool Guard Trainee One-Day recruitments, hiring DM-89, and recruiting above the minimum.

The Pool Guard Trainee One-Day recruitments have been the most effective.

b. Does your Department take an active role in recruitment or is recruitment handled primarily by the Department of Personnel Services? Please explain.

**Response:** Recruitment is handled primarily by the Department of Personnel Services. Flyers and press releases were placed for the hiring of the seasonal PALS staff and Pool Guard Trainees.

- 7. The following questions are related to overtime payments:
  - a. How much in overtime has been paid to date in FY 2025 and what was the reason for the overtime?

**Response:** Attached report shows the amount paid out for overtime in FY 2025 to date. (Attachment #2)

Recreation Division: Reasons for overtime would be from staff shortages due to vacancies, sick calls and workers compensation cases. Overtime was also needed for some special events and programming.

Maintenance Division: Overtime has been used to cover travel to Lanai, Molokai, and Hana to make repairs. Cover staffing shortage that provides basic safety and daily upkeep of our facilities, and special events.

Permits and Enforcement Section: Planned/budgeted overtime occurs for our shift coverage, in running a seven (7)-days a week operation where enforcement is concerned. This is in relation to holidays and staff shortages resulting from leave requests (vacation and sick leave). All

additional overtime has been the result of staffing shortages for permit staff, support staff, and enforcement staff.

Planning and Development Division Overtime required due to increased workloads caused by division vacancies, off-island (Lanai, Molokai) travel for project inspections and meetings, and evening community meetings for project outreach.

b. Were any of these overtime costs attributed to the number of vacant positions in your Department?

Response: Yes, see above.

c. Do you anticipate that overtime costs in FY 2026 will increase or decrease and what are the reasons for your assumption?

**Response:** The department is constantly recruiting to fill vacant positions, so we hope to see a decrease in overtime hours in FY26. This dollar amount will be impacted by the collective bargaining agreement increases. The total number of overtime hours may also be impacted by significant weather events, and or unplanned events.

- 8. The following questions are related to your Department's program and activities for FY 2026:
  - a. Identify the programs and activities conducted by your Department because of a Federal or State mandate. Indicate for each program and activity the amount of Federal or State funding your Department anticipates receiving and the amount of County funding your Department is requesting.
