Sent: Saturday, November 17, 2018 9:46 AM
To: HHT Committee
Subject: testimony on HHT-43, AMENDING CHAPTER 6.04 scheduled for 11/19

Re: AMENDING CHAPTER 6.04, MAUI COUNTY CODE, RELATING TO
ANIMAL CONTROL (HHT-43)

To Whom it May Concern,

This code 6.04 is concerned with basic minimum humane care of animals. It includes all animals as in the definition:
"Animal" means any fowl, reptile, aquatic life, or mammal other than a human being.

It insures the animals get enough food and water.
Access to shelter to protect from wind, rain, sun.
Vet care when needed.

This proposed amendment wants to take away these basic protections from an animal if it is used for business. aka
livestock.

In other words, strip away the protections when the animals **need it the most!** This amendment wants to **exempt**
livestock from
the basic protections of this statute.

This proposed amendment is the most inhumane, uncaring, selfish and greedy attempt I've ever seen, to increase profits
at the expense of
innocent living, sentient beings.

Please vote against this amendment.

Jeffrey Heisel, 33 year Maui resident and homeowner

I am writing in strong and strident opposition to HHT-43 scheduled for Monday, November 19, 2018.

When we lose our respect for the natural world we are doomed. Disregard for any animal, especially the ones that are giving up their lives to end up on a plate, is the highest form of disrespect. The basic needs of every living thing deserve consideration. Shame on us if we put profit above providing domesticated and penned animals the minimum required for life. Seriously? We would deny animals comfort from heat or floods? Who are we anyway? What are we teaching our keiki about respect for life? I remember the origins of the 1997 requirement in the first place; dead and dying animals confined near Ma'alaea with no food, water, or relief. What a horrible chapter in our history. Is it too much to ask that, at minimum, we be humane? Is everything we do based on profit at any ethical price? I am honestly shocked that this proposal would even see the light of day. **Do not support HHT-43.**

Subject: A BILL FOR AN ORDINANCE AMENDING CHAPTER 6.04, MAUI COUNTY CODE, RELATING TO ANIMAL CONTROL

To: Council Chair White and Council Members,

Regarding: "A BILL FOR AN ORDINANCE AMENDING CHAPTER 6.04, MAUI COUNTY CODE, RELATING TO ANIMAL CONTROL,"

I FULLY OPOSE and DO NOT SUPPORT Yuki Lei's proposal to amend Chapter 6.04 Maui County Code relating to Animal Control.

If approved; this bill will exempt:

Persons engaged in animal husbandry or the livestock industry with the intention of harvesting livestock for human consumption or other commodities."

By adding this exemption to MCC 6.04 animals will have NO protection and will not be required to be cared for in a humane way. This exemption will take away ANY and ALL animal rights.

Currently 6.04 MCC reads:

"Humane manner" means care sufficient to preserve the health and well-being of an animal and, except for emergencies or circumstances beyond the reasonable control of the owner, includes, but is not limited to, the following requirements:

1. Food of sufficient quantity and quality to allow for normal growth or maintenance of body weight;
2. Open or adequate access to potable water in sufficient quantity to satisfy the animal's needs;
3. Access to a barn, dog house, or other suitable shelter sufficient to protect the animal from wind, rain, and sun, said shelter shall ensure the animals health and well-being;
4. The shelter shall contain adequate bedding to protect the animal from wet and dampness;
5. Veterinary care deemed necessary by a reasonably prudent person to relieve distress from injury, neglect, and disease;
6. Adequate space for exercise necessary for the health of the animal consistent with prudent animal care practices and access to a dry place for the animal to rest;
7. If confined, confinement area kept reasonably clean and free from excess waste or other contaminants which could affect the animal's health and air temperature suitable for the animal involved.

I request ALL Council Members to vote against this bill, all animals need proper food, shelter and veterinary care. Do not allow livestock to be exempt from this code. Keep the code as is so all animals can be cared for humanely.

Sent: Saturday, November 17, 2018 12:42 PM
To: HHT Committee
Subject: Opposing County Communication 18-251 A Bill for an Ordinance Amending Chapter 6.04 Maui County Code

Honorable Council Chair and Members:

I write in opposition to the proposed amendment in County Communication Number 18-251, entitled A Bill For An Ordinance Amending Chapter 6.04, Maui County Code, Relating To Animal Control. Specifically, I oppose the exemption of those engaged in animal husbandry or the livestock industry from the requirements of 6.04.040 B, which reads,

"An owner of an animal shall treat the animal in a humane manner.

Owners of pet animals shall be subject to the penalties as provided in section 711-1109(1)(b), Hawaii Revised Statutes, pertaining to cruelty to animals in the second degree.

Owners of all other animals shall treat the animal in a humane manner and be subject to the penalties as provided in section 6.04.110.C."

In the definitions section, "Humane manner" is further defined as

1. Food of sufficient quantity and quality to allow for normal growth or maintenance of body weight;
2. Open or adequate access to potable water in sufficient quantity to satisfy the animal's needs;
3. Access to a barn, dog house, or other suitable shelter sufficient to protect the animal from wind, rain, and sun, said shelter shall ensure the animals health and well-being;
4. The shelter shall contain adequate bedding to protect the animal from wet and dampness;
5. Veterinary care deemed necessary by a reasonably prudent person to relieve distress from injury, neglect, and disease;
6. Adequate space for exercise necessary for the health of the animal consistent with prudent animal care practices and access to a dry place for the animal to rest;
7. If confined, confinement area kept reasonably clean and free from excess waste or other contaminants which could affect the animal's health and air temperature suitable for the animal involved.

I believe these criteria for the proper treatment of animals are pretty minimal and basic.

To exempt those engaged in animal husbandry or livestock operations from such basic requirements seems contrary to the original intention of the code, and contrary to the principles of human decency and compassion.

All animals, including food animals, deserve at least these basic tenets of kindness during their short lives.

I urge you to vote no on this amendment.

Thank you for the opportunity to testify.

Sincerely,

Ellen Kraftsow

Subject: Animal Welfare

Aloha Committee Chair and Council
Members,

Thank you for the opportunity to testify. Hawai'i needs to improve food security, but not at the expense of sentient beings being raised for restaurant and export commodity. Our modicum of welfare for animals must be upheld. Livestock deserve protection from the elements, particularly from our equatorial sun.

I don't want to consume food products derived from animals who have suffered needlessly. It is not an onerous obligation to provide shade for livestock animals.

I might suggest the folks attempting to dismantle our animal welfare regulations put on a fur coat and go spend the day in the hot sun with no shelter.

As Maui struggles with food security issues, livestock having the most negative impacts on water resources and green house gas emissions, let's not help create economic short cuts for profiteers. Beef isn't exactly the best use of our important agricultural lands but we can't force our collective will on private land owners. What we can do, is uphold our values and encourage best practices.

Maui County should be moving the other way toward more robust animal welfare regulation, not exempting wealthy profiteers from our good laws. Please, I beseech you, do not exempt anyone else from our fairly decent animal welfare regulations. It's simply not necessary.

A society can be judged by how they treat children and animals, those who cannot speak for themselves.

Regarding: A BILL FOR AN ORDINANCE AMENDING CHAPTER 6.04, MAUI COUNTY CODE, RELATING TO ANIMAL CONTROL

I oppose the proposal to amend Chapter 6.04 Maui County Code relating to Animal Control, introduced by council member Lei.

If approved; this bill will exempt persons engaged in animal husbandry or the livestock industry with the intention of harvesting livestock for human consumption or other commodities.

Currently 6.04 MCC reads:

"Humane manner" means care sufficient to preserve the health and well-being of an animal and, except for emergencies or circumstances beyond the reasonable control of the owner, includes, but is not limited to, the following requirements:

1. Food of sufficient quantity and quality to allow for normal growth or maintenance of body weight;
2. Open or adequate access to potable water in sufficient quantity to satisfy the animal's needs;
3. Access to a barn, dog house, or other suitable shelter sufficient to protect the animal from wind, rain, and sun, said shelter shall ensure the animals health and well-being;
4. The shelter shall contain adequate bedding to protect the animal from wet and dampness;
5. Veterinary care deemed necessary by a reasonably prudent person to relieve distress from injury, neglect, and disease;
6. Adequate space for exercise necessary for the health of the animal consistent with prudent animal care practices and access to a dry place for the animal to rest;
7. If confined, confinement area kept reasonably clean and free from excess waste or other contaminants which could affect the animal's health and air temperature suitable for the animal involved.

Please vote against this exemption. All animals need proper food, shelter and veterinary care. Keep the code as is so all animals can be cared for humanely.

Subject: Humane Rights for Livestock and Farm Animals.

I am writing in strong opposition to HHT-43 scheduled for Monday, November 19, 2018.

Any attempt to repeal basic animal welfare laws for livestock and farm animals is appalling, do not approve this dreadful bill.

All animals deserve basic humane protections, and Maui has had those protections in place since 1997. Do not cave in to this special interest request by big business to remove shade laws for cattle.

Cows have been protected by laws and cared for properly for decades on Maui. Any attempt to remove protections for cows and other farm animals is shameful, and will result in cruelty to thousands of animals on Maui. Do not support HHT-43.

Please respect the basic rights of animals to be cared for and about in a humane way. DO NOT REMOVE PROTECTION THAT CALLS FOR THE HUMANE TREATMENT OF THESE ANIMALS.

Thank you!

Hello, I am writing from New York as an animal lover and possible future tourist to Maui to please oppose and remove from even consideration such an abhorrent bill to neglect animals of basic necessities including sunshade. If Maui could be so cruel and heartless I can assure you I will never make any of my family vacations there and I'll do my best to make sure all of my animal loving friends and relatives won't either. My Aunt and cousin are actually in your state right now.

Thank you for your consideration.

Subject: Oppose HHT-43

To Chair Crevillo and HHT Committee,

I am writing to vehemently oppose HHT-43 which is scheduled for public testimony on Monday, November 19, 2018. I am appalled that attempting to repeal basic animal welfare rights for livestock and common farm animals is even being considered in this day and age. Animals are mammals and need to be protected from the sun just like we do, perhaps even more so because of their hot fur. It is our responsibility to look out for them, not change laws that would harm them.

Thank you.

Debra

Aloha,

I am a resident of Ha'i-kū and a voter and taxpayer. I urge you to oppose the cruel and outrageous HHT-43 scheduled for Monday, November 19, 2018. Cows, goats, chickens, pigs and other farmed animals have emotions and can feel pain. Where is the aloha for these creatures? There is already too much animal cruelty on Maui. Approval of HHT-43 would be a horrible setback, wiping out existing measures that guarantee some level of humane treatment.

Please don't go backward. Oppose HHT-43!

Sincerely,

Eric Baizer

Re: **HHT-43**

Dear Council and Committee Members:

This letter is in strong opposition to HHT-43 scheduled for Monday, November 19, 2018. Any attempt to repeal basic animal welfare laws for livestock and farm animals is not in the best interest of Maui County. It is bad business, not only for agricultural businesses but tourism. Maui does not need to be known as a place where animals are treated inhumanely.

Animal science and good animal husbandry requires shade for livestock. As stated in an article written by Shane Gadberry on the Drovers' website (the Nation's oldest livestock publication), published August 4, 2015:

"... from a welfare perspective cattle instinctively seek relief from the radiant solar heat of the sun during summer, and providing shade affords this opportunity. Use of shade cloth can provide shade to cattle in more intensively managed systems such as rotational grazing or confinement feeding systems. Since cattle seem to spend more time using shade to seek relief from the sun than immersing themselves in water for cooling, speculatively thinking, strategic placement of shade may provide opportunities to reduce environmental damage to stream banks or ponds."

There are many solutions available that will provide adequate shade for cattle, just a couple are:

1. Researchers at the university of Missouri's Southwest Center have designed a portable shade to deliver shade for pastured animals. <http://aes.missouri.edu/swcenter/research/index.stm>
2. Solar panels - Researchers at the University of Minnesota's West Central Research and Outreach Center at Morris, have installed solar panels that generate power that also provide cooling shade for cows and heifers. As reported in an article by Jim Drickrell, published September 10, 2018 on the Dairy Herd Management website.

Paul M. & Viva Medina

44 Uakoko Place
Haiku, HI 96708

medinap002@hawaii.rr.com
808-573-0238

Shade for livestock is a very solvable issue that can have more benefits than just humane treatment of animals, i.e. solar panels.

From personal experience as retired horse breeders, we know full well that animals seek and need protection from weather conditions. This is a tropical island with weather extremes. The commercially raised livestock are not tropical animals and need extra care to thrive on Maui island.

All animals deserve basic humane protections, and Maui has had those protections in place since 1997. Do not cave in to this special interest request by big business to remove shade laws for cattle. Livestock has been protected by laws and cared for properly for decades on Maui. Any attempt to remove protections for cows and other farm animals is shameful, and will result in cruelty to thousands of animals on Maui.

Maui recently got some very bad publicity for abusive treatment of trail ride horses. Exposure on Social Media of this sort can have a very negative impact on the island's economy. Maui has a valuable reputation as a world class vacation destination, especially for families and the more ecology minded tourist. Livestock can be and should be raised in a humane, caring manner, in line with good animal husbandry and good business practices. Word would spread quickly nationwide on Social Media if the opposite was the reality on Maui.

Do not support HHT-43. Maui is known as the Vally Isle, do not let it become know as the Animal Abuse Isle.

"The greatness of a nation can be judged by the way its animals are treated." Mahatma Gandhi

Thank you for your time and consideration.

Sincerely,

Viva Medina

Subject: Bill HHT-43

Dear Council Members,

I am aware the council person Yuki Lei Sugimura wants to introduce this bill, allowing animals to suffer heat exhaustion at the cost of their lives. Who made her God to say these animals are not worthy of shade when the heat index can hit 100 degrees. I am steaming mad over the lack of humanity this woman has. Please do not even consider this bill. It is inhumane and wrong, wrong, wrong. Thank you for your attention in this matter. From a very disappointed voter, Paula J. Ventura. Lahaina, Maui. 808-661-2703.
