**Subject:** Please DO NOT fund the Wailuku Civic Complex

Aloha,

My name is Lehua Simon. I am a resident of Pukalani Maui. I am submitting testimony that the Wailuku Civic Complex should NOT be funded. The planning and cost of this complex is irresponsible and could lead to serious problems in our community. I see that it will ruin Wailuku town and create costs that we cannot endure over time. I am asking that the need for parking be solved in a more cost-effective way and that funding be allocated to more important issues such as a lack of housing on Maui. I do not trust companies that have organized this complex constructions or the politicians that authorized this funding last year. This is wrong and needs to stop now. There are better ways to improve Wailuku town and those need to be considered before moving forward.

Thank you for receiving my testimony.  
Lehua
