Subject: Support Item PIA10(11)

Aloha Council Members,

I'm writing to express my enthusiastic support of PIA10(11). The Planning Commission should have a diverse membership with a wealth of knowledge amongst the members. It is essential that this Commission have members with expertise in natural resource management and Native Hawaiian history and practices. This knowledge base will help guide the Commission to make decisions with regards and respect for Maui's cultural and environmental past, present and future. Additionally I support the proposal to ensure the Planning Commissioners have to take a native Hawaiian law training course. I like this recommendation because it ensure that the Commission members have a certain level of base knowledge so they can make the best decisions for the future of Maui. Please put this Charter Amendment on the ballot in November.

Mahalo,
Arianna Feinberg
