To Whom It May Concern:

I have known Jeana for a very long time. For many years, she has been helping keep alive the Hawai`ian cultural practice of *lomi lomi* which she learned from renowned healer Auntie Mahilani Poepoe. Since the time it was passed on to her, Jeana has been faithful to her *kuleana* of ensuring the life and growth of this ancient and sacred knowledge. She has even gone all the way to Europe to share what she was taught. Why would she now be prevented to teach in her own land, on her own property? What she does is not hurting the neighbors or the neighborhood. In fact, our community and our world is greatly benefitted by her work of healing the body and the spirit.

I support the application of Jeana Naluai, owner of Hawai`ian Spa Maui LLC DBA Ho`omana Spa, to operate a Hawai`ian Spa and Cultural Education Center at 1550 Piihola Road. Please grant her the permit to support her family and practice her ancestral cultural traditions while living on agricultural property.

Mahalo Nui for your support and kind consideration.

Sincerely,

LeVan Keola Sequeira  
Traditional Hawai`ian Woodcarver
