Subject: Affordable Homes

Aloha,

My name is Crystal Helekahi. I was born and raised here in Hana. I am a single mom of 3 working a full time job at Travaasa Hana, providing the best I can for my kids. At this time, I am living with my parents, but would love to have a place for my kids to call home. I am praying that this affordable housing project will be a success not only for me, but for all the families here in Hana that are trying. This project would mean a lot for many families. I apologize that I could not make it to the meeting, being that I am at work at this time, but I wanted to share my mana'o about the Affordable housing.

Mahalo,
Crystal Helekahi
