CEREMONIAL RESOLUTIONS

RESOLUTION
NO. 18-48

CONGRATULATING THE SEABURY HALL
MIXED PADDLING CREW ON WINNING THE
2018 HAWAIIAN AIRLINES CANOE PADDLING
STATE CHAMPIONSHIPS MIXED TITLE

CHAIR WHITE: Thank you, Mr. Clerk.

Ms. Sugimura.

COUNCILMEMBER SUGIMURA: Thank you, Chair.

ON BEHALF, ON YOUR BEHALF, I MOVE TO ADOPT THE
RESOLUTION ENTITLED "CONGRATULATING THE
SEABURY HALL MIXED CREW ON WINNING THE 2018
STATE TITLE".

COUNCILMEMBER CRIVELLO:

SECOND.

CHAIR WHITE: We have a motion from Ms. Sugimura, and a second from Ms. Crivello.

Ms. Sugimura.

COUNCILMEMBER SUGIMURA: Thank you. May I ask that the Clerk read the resolution in its entirety?

CHAIR WHITE: Certainly.

Mr. Clerk.

(The resolution was read in its entirety.)

CHAIR WHITE: Thank you, Mr. Clerk.

Ms. Sugimura.

COUNCILMEMBER SUGIMURA: Thank you. Thank you, Chair. It is with great pleasure and honor that we recognize Seabury Hall mixed crew paddling team on their win of the 2018 Hawaiian Airlines Canoe Paddling State Championships.

As the Clerk designated, with 320 students, that is quite an accomplishment going up against those 25 big other schools. Seabury's winning this title seems like a yearly occurrence and we're so glad to recognize them. But, I want to underscore how hard it is to win any State championship title. The champion is a tough, thorough, throughout the State, and each athletic, athlete competes at a very high level. It is a true honor to see Seabury lead the way.

My kudos goes out to each member of the paddling team, but I also want to send my gratitude to each of their parents, because after all, sports is a family affair. So, thank you to all the moms, dads, grandmas, grandpas, for all your support.

Finally, none of this is, would be possible without a great mentor leading the students on. And, I would like to take my hats off to Paul Luuwai for all his hard work in coaching these students to achieve the best. Mahalo, Paul, and congratulations to the entire team. Thank you, Chair.

CHAIR WHITE: Thank you, Ms. Sugimura.

Any further discussion, Members?

COUNCILMEMBER COCHRAN: Chair.

CHAIR WHITE: Ms. Cochran.

COUNCILMEMBER COCHRAN: Thank you. And, seeing, so as I went to Seabury Hall back in the day when I think total student body was 150 students, and to see now it's well over double that is truly amazing. And, always, because we were such a tiny school, there was no way we'd ever be anything anywhere. But, it was, so it's, I'm proud and, and it's happy, I'm happy to see this accomplishments constantly from the school. So, hats off to everyone who make that happen. And, congratulations once again. Thank you.

CHAIR WHITE: Thank you, Ms. Cochran.

Any other discussion, Members?

Well, I just, I'm very impressed that Taysia and Kaya are ending their career with four gold medals. Would you, the two of you please stand?

And, I think we'll all agree that Mr. Luuwai must be one heck of a coach to have a three-peat in State championship over schools that are much larger, and schools that have places to paddle that are much nearer than your 1500-foot elevation up in, up in Makawao. It's just an amazing achievement, and I take my hat off to the students that pulled it off, and of course to Coach Luuwai, because he, he must be one heck of a coach. And, I think you guys would all agree with that at this point. So, I want to thank everyone. And, congratulations.

And with that, all those in favor please signify by saying "aye".

AYES: COUNCILMEMBERS ATAY, COCHRAN,
CRIVELLO, GUZMAN, HOKAMA, KING,
SUGIMURA, VICE-CHAIR CARROLL, AND
CHAIR WHITE.

CHAIR WHITE: Those opposed say "no".

NOES: NONE.

CHAIR WHITE: Measure passes with nine "ayes".

Ms. Sugimura.

COUNCILMEMBER SUGIMURA: Thank you, Chair. With your permission, may I ask the coach and his team to come up for, to receive the resolution and receive some of our aloha.

CHAIR WHITE: Certainly. Please join us.

COUNCILMEMBER SUGIMURA: So, I'd like to ask Coach to say a few words, and maybe you can ask one of your team members to also say a few words. But, this is the resolution from the Council. Congratulations.

COACH PAUL LUUWAI: Thank you so much. Gosh, well, it never gets old to visit you here in the chambers. I'm hoping to come here again in the future. You know, as you can see we're not really big on stature compared to the people we were racing against. But, they are very big on heart.

I'm very honored and proud of our team. Very honored to represent the MIL and Seabury Hall. We have very good support at our school, and our parents are great. I just love what I'm doing. Thank you.

MR. DYLAN NEWBRO: I'm Dylan Newbro, I'm the steersman for the mixed team. I just wanted to come up and say thank you to everybody who supported us. It means the world to us knowing that we don't just have the support of our friends and our school, but we have the support of the Council and the County of Maui. So, again, thank you. It means so, so much to us.

CHAIR WHITE: Thank you.

Mr. Clerk.

COUNTY CLERK: Mr. Chair, for the record, RESOLUTION 18-48.

RESOLUTION
NO. 18-49

CONGRATULATING THE MAUI HIGH SCHOOL
OCEAN SCIENCES BOWL "A" TEAM FOR WINNING THE
2018 OCEAN SCIENCES REGIONAL ALOHA BOWL

CHAIR WHITE: Mr. Guzman.

COUNCILMEMBER GUZMAN: Thank you, Chair.

MOVE TO ADOPT THE RESOLUTION AS READ BY THE
CLERK.

COUNCILMEMBER KING:

SECOND.

CHAIR WHITE: We have a motion from Mr. Guzman, and a second from Ms. King.

Mr. Guzman.

COUNCILMEMBER GUZMAN: Thank you, Chair. We are proud to welcome the Maui High School Ocean Science Bowl Team back to the Council chambers again. I had the honor of presenting and--

CHAIR WHITE: Would you, would you like us to read the resolution?

COUNCILMEMBER GUZMAN: Oh, excuse me. Read the, Chair, strike that, withdraw.

CHAIR WHITE: We'll have the Clerk read the resolution in its entirety.

COUNCILMEMBER GUZMAN: May I request the Clerk to read the resolution in its entirety?

CHAIR WHITE: Certainly.

COUNCILMEMBER GUZMAN: Thank you.

CHAIR WHITE: Mr. Clerk.

(The resolution was read in its entirety.)

CHAIR WHITE: Thank you, Mr. Clerk.

Mr. Guzman.

COUNCILMEMBER GUZMAN: Thank you, Chair. Off to a false start. So, we are very proud to welcome the Maui High School Ocean Science Bowl Team back to the chambers again. They were here in 2013, as they were the winners back then. This year's "A" Team has continued the tradition of capturing the Maui High School's sixth title since 2002.

To win this competition is an amazing achievement. These students are doing college-level work, and the contestants must demonstrate proficiency in physics, geology, chemistry, biology and math. Participation in this competition gives our kids the chance to actually shine at the national level, and leading to recognition and recruitment to top level schools such as MIT.

The students excel under the guidance of a very dedicated individual, Ed Ginoza. He has coached and advised the Science Bowl Team for many years, and have brought them to national competitions over the years. His commitment to this program has gone far and beyond, just helping to prep the questions. He often supplies funding and study materials himself when providing these programs, which are very limited.

And therefore, we had cc'd our State Legislatures to, and I cannot stress enough the importance of these kinds of programs, and urge our representatives in the Legislature to maintain and possibly increase funding. Just look at what our kids can do once they have the resources to accomplish and have these opportunities.

I congratulate all of you for a job well-done as you show us the pride and give us the inspiration to move forward. And, good luck again in the competition at the national level in Colorado next month. Thank you, Chair.

CHAIR WHITE: Thank you.

Ms. King.

COUNCILMEMBER KING: Thank you, Chair. I would like to add my congratulations to this team, and I, it's very near and dear to my heart because my son was also in this competition, also under Mr. Ginoza. And, my son is now 30 years old, has his master's in bio, he went into biology and bioengineering; he's working in the field of science.

So, I just, I want to congratulate not just the team, and the advisors, and the students, but also Maui High School for its excellent science programs. It's known for science and math. And, we've seen a lot of kids go really far after being in these programs. So, I concur with Mr. Guzman that we should urge our State Representatives and, and Senators to continue this funding for this program. It's extremely important, very valuable to the students. And again, congratulations, students.

CHAIR WHITE: Any further discussion, Members?

Ms. Sugimura.

COUNCILMEMBER SUGIMURA: So, I would like to also extend my congratulations. I always say that in, on a campus, a lot of times we focus on the superstar, you know, on the athletic side. And, sometimes we forget about the real superstars that come on the knowledge side too. So, my, my congratulations to Mr. Ginoza, who, amazing, because I heard his name throughout all these years, and he continues to still give back to the students. So, congratulations.

CHAIR WHITE: Ms. Cochran.

COUNCILMEMBER COCHRAN: Thank you, Chair. And, this ties in with my opening comments, as you know, being inspired. And, inspiration doesn't need to come from people who've already passed on, you know, Gandhi and Jesus and others. But, people who are actually living and here with us, and our youth, I mean, it inspires me to, for, to look towards a brighter future, because look at the up and coming. So, it just excites me and it, it's, it inspires me each and every day.

And, just a side note, the County really needs engineers. We hear about it during Budget and everything else. So, so if we can get a lot of them to come back as engineers, that'll be really nice for our County. So, thank you very much.

CHAIR WHITE: Thank you, Ms. Cochran.

Any further discussion?

I'd just like to add that it takes special people like Ed Ginoza to create an atmosphere where the learning can be done, and he, and he's obviously able to pull the best out of each of you kids. And, we have to really be thankful that we got such treasures as you, Ed. So, mahalo for your contribution to helping all these kids and being, being the kind of inspiration that, that Ms. Cochran was talking about earlier.

So, with that, all those in favor of the resolution, please signify by saying "aye".

AYES: COUNCILMEMBERS ATAY, COCHRAN,
CRIVELLO, GUZMAN, HOKAMA, KING,
SUGIMURA, VICE-CHAIR CARROLL, AND
CHAIR WHITE.

CHAIR WHITE: Those opposed say "no".

NOES: NONE.

CHAIR WHITE: Measure passes with nine "ayes".

Mr. Clerk.

COUNTY CLERK: Mr. Chair, for the record, RESOLUTION 18-49.

CHAIR WHITE: Mr. Guzman.

COUNCILMEMBER GUZMAN: Chair, may I invite Mr. Ginoza and the "A" Team to the floor to receive their accolades?

CHAIR WHITE: Certainly. Please join us.

COUNCILMEMBER GUZMAN: Chair.

CHAIR WHITE: Yes.

COUNCILMEMBER GUZMAN: May I request that Mr. Ginoza have an opportunity to say a few words?

CHAIR WHITE: Certainly.

COUNCILMEMBER GUZMAN: And, we present to the "A" Team as well as himself for all the years of dedication, I believe this is the seventh State title. And so, congratulations again.

MR. ED GINOZA: Thank you. Thank you for all the accolades. And, actually my job is more or less to provide a platform for the kids to learn. But, I think one of the things that we sometimes forget is that, and too often, you know, local kids especially, we're a public school and expectations aren't as high. But we are fortunate in that we're able to provide the help and get the kids to try to believe that they can compete. And, these kids came through. But, one of the things I learned early on is that once you set a standard, then that's the only thing that people want to achieve. The kids believe that they can once we accomplish that standard.

And, what I'd like to do right now is introduce someone who actually helped me set that standard in 2002. Up until then, we had won only up to fourth place. And, we were pretty proud that we had become the best public school in the State. But, then Matt Jachowski came down and he was the one who had asked me what was the best placement did you guys get in science bowl? And, I said fourth. And, he told me that

we can do better than that. And, guess what, 2002, we won the State Science Bowl. But, I'll let Matt say a few words.

MR. MATT JACHOWSKI: Hi, I'm Matt Jachowski. So, in 2002, I was a Junior at Maui High, and a Captain of the first Maui High Science Bowl Team where we won both the State Science Bowl and the Ocean Science Bowl. We repeated that the following year. And, a lot of people thought that was a fluke and it would end once my cohort graduated. But, it didn't.

Over the past 16 years, Maui High has won these competitions multiple times, and placed well at the national competitions. They perennially beat out the best of Oahu's top private schools. And to my knowledge, with the exception of Hilo High, which won one year, they're the only public high school to have ever won these competitions.

The students who make up these teams, including the ones behind us right now, are really hardworking and dedicated. They study and practice during lunch and after school multiple times a week. And, they don't just excel at these competitions. They have advanced through multiple rounds of selection for the U.S. Mathematics, Physics, Biology, and Chemistry Olympiads. They present research in science fairs and symposiums. They do this all on top of schedules full of honors and advanced placement classes, plus other extra-curricular activities; including sports and music.

After such whirlwind high school careers, they go onto some of the country's top universities and thrive. . . . take them to advanced graduate degrees and careers in fields like Tech, Law and Finance. These students deserve to be celebrated. They work hard, and they've shown a lot of grit.

But, this 16-year history is only possible because of mentors like Mr. Ginoza. And he does two really important things for these students I think. First, he makes them believe that they don't have any limits. The playing field is slanted. If you have wealthier more educated parents or you attend fancier schools with more resources, you have a better chance. But hard work can overcome all of that. Second, he makes this a reality by removing all the obstacles that would derail these kids. He ensures that they always have the study materials they need, and they never have to worry about any of the administrative details.

Romantically, we think of our country as the land of equal opportunity. In practice, this is only true if we can recognize the opportunity when it's in front of us, and if we feel entitled and empowered to pursue that opportunity. This is a lesson that Mr. Ginoza teaches his students. And, it's a lesson that transcends any academic competition and transforms lives.

Mr. Ginoza is not the only teacher to impact his students like this, but he's one of only a few. It takes so much time and effort. Mr. Ginoza does this all in his retirement, as practically a full-time job with no pay. You can't expect this with just anyone. So, when we see something like this, I think it's really valuable to celebrate them and thank them for the profound impact that they have. Thank you.

MR. GINOZA: And, just as a note of interest, Matt has returned back to Maui. And, he's decided to move back after a lucrative career in Chicago. And, he's got a master's in computer science from Stanford University. In fact, his whole family went to Stanford.

But, I think at this time, I'd like to see Laney say a few words, because she is one of those kids that Matt was talking about. She's got a full ride to MIT on a QuestBridge Scholarship. And, she's also an athlete; she's judo and soccer. And, she, want to introduce the rest of the team.

MS. LANEY FLANAGAN: Yes, they've said more than I could ever possibly say. It is really heartening to see the support that we get from Maui County and the State, because we're just a bunch of nerds studying all day. And, it's nice to have support outside of our friends and family. And, of course, Mr. Ginoza has done more for us than anyone could ever. I've been here all four years, and it has been an experience; a very, very good experience. But, also an experience.

We, I know Maui High has been here several times, many times with Mr. Ginoza. But, us on this team have never been to nationals. We've never won a competition yet, and it's extremely exciting to be able to carry on the tradition that Maui High has created.

And we had a really awesome team this year. One Jae is, probably knows more about fish than anyone I have ever met. And, the twins, they are Freshmen and they are extremely smart and talented, and I'm excited to see how they go. And, we have another team member who's a genius, but he's not here. So, yes, I'm just very proud of our team, and I'm really excited for our futures. And, it's great to have the support of Hawaii, because it's always supported me. And, I don't know what else to say.

MR. GINOZA: Thank you.

COUNCILMEMBER SUGIMURA: Nice.

CHAIR WHITE: Congratulations.

Mr. Clerk.

PRESENTATION OF WRITTEN OR ORAL TESTIMONY

MS. LORI BUCHANAN [testifying on Bill No. 26]:

Aloha, Honorable County Councilmembers. I always like to take the opportunity to thank all of my Councilmembers for all your hard work. I don't know how you guys do it. You know I love you guys all. I wanted to testify on agenda item Bill 26 today amending the 19.65.030, the short-term home rental ordinance, to include the five years; that they should be owned by five years, constructed five-years and owned by the applicant for five years. Really, if I had my way, it would be 30, 30-years. I know it's silly to say that the house has to be constructed for 30-years, but maybe 10 years.

Ever since 19.65.030 was amended to be allowed in residential areas, it's been a source of great contention on the island of Molokai, especially in the rural areas of Manea, East Molokai, and other areas.

As a homeowner, when I purchased my home in a residential area, it was with the intent that that's where I was going to raise my family forever and ever, where my kids would play on the street, ride their bikes, and I would know everyone. To allow

commercialism to proliferate within those types of neighborhoods is really not a good thing. And, it's been very controversial on Molokai, so much so that the Molokai Planning Commission passed a Resolution 17.7, 17-74, advocating for a cap of zero short-term home rentals on the island of Molokai. That resolution still remains to be heard by Committee.

So, my testimony today is, of course in support of the five-years, but really that is not the issue. The bigger issue is commercialism in areas that are not zoned appropriately for commercialism. And, I believe the County Council should go back and revisit the amendments made to 19.65.03 *[sic]*. And, I hope the Molokai Planning Commission can go as far as advocating for that from the Planning Commission asking for amendments, or in our case are also, we always fall back on the, except on Molokai where rules that have to be made on Maui but don't pertain to Molokai should not pertain to Molokai.

And, again, I thank all of you Councilmembers for all your hard work. I really appreciate it. Love you folks all. Mahalo.

CHAIR WHITE: Thank you, Ms. Buchanan.

Members, any need for clarification? Seeing none, appreciate your testimony this morning.

Mr. Clerk.

COUNTY CLERK: Molokai, introduce your next testifier.

MS. ALCON: Our next testifier is Mahina Poepoe.

MS. MAHINA POEPOE [testifying on Bill No. 26 (2018)]:

Hi. I'm also testifying for Bill 26. So, Molokai doesn't have a cap right now. We are waiting for Resolution 17-74 to be heard. We've been waiting for a really long time, and I hope that it happens soon.

A few weeks ago, I submitted maybe . . . RFS's, reporting legal short-term rentals whose advertisements indicated non-compliance with the County rules. Some of them were minor things, like not listing a permit number. Some of them broke their bedrooms into separate rentals. And, some were renting more bedrooms and capacity than they are permitted for. There was one that had eight bedrooms and twelve capacity, which is only legal to have three bedrooms at six capacity. This just kind of goes to show

that the County cannot even enforce what is currently legally permitted. So, yes, enforcement is an issue. And, but non-resident investors with short-term rentals is also a huge issue.

The vacation rental black-market, I do believe will always be there. With the passage of this, will the passage of this fuel the black-market? I hope not, but that shouldn't deter the decision. And if it does, it just shows the ruthlessness of the owners, and that they are prepared to operate illegally irregardless of this decision made today.

There have never been any studies or statistics that prove short-term rentals do not harm the affordability and availability of housing for long-term. There have not been any studies that prove travelers will not come here if they cannot stay in a short-term rental. But, I know that you all know that the rapid proliferation of the short-term rentals in our community are a problem, legal or illegal.

Just this morning, Hawaii News Now published a report released by Hawaii's Appleseed Center for Law and Economic Justice that says one in 24 homes in Hawaii is now a vacation rental. The number of vacation rentals rose 35 percent in two years, from 17,000 to 23,000 in 2017. Of the 23,000, 53 percent are owned by non-residents. On Kauai, it's one in eight homes. On Maui, in particular, non-residents dominate the housing market; and one in seven homes on Maui are short-term rentals. In Lahaina, it's one in three homes. The industry is out of control, not only in our county or our state, it's worldwide. Just because this is a new trend in travel, does not mean that we absolutely have to accommodate it.

I do not support non-resident speculation. Do I support the five-year thing? Yes and no. I support it, because at least it's something. But, no, because I support zero vacation rentals in general. As extreme as that may sound, this industry as it stands is cancerous and needs to be treated very aggressively. Thank you.

CHAIR WHITE: Thank you, Ms. Poepoe.

Members any need for clarification? Seeing none, appreciate your testimony this morning.

MS. ALCON: That's all our testifiers on Molokai this morning.

COUNTY CLERK: I'm sorry. Molokai, repeat.

MS. ALCON: That's the last of our testifiers this morning.

COUNTY CLERK: Thank you.

Mr., Mr. Chair, we have seven, excuse me, we have nine individuals who have testified in the chamber, signed up to testify this morning. The first individual who will testify is Gary Albitz, CEO and Director, testifying on County Communication 18-111, on behalf of Maui Seasons of Peace. To be followed by Aponi Boyer.

MR. GARY ALBITZ, MAUI SEASONS OF PEACE (testifying on County Communication No. 18-111):

And, I'll hand it over to Aponi.

MS. APONI BOYER, MAUI SEASONS OF PEACE (testifying on County Communication No. 18-111):

CHAIR WHITE: Members, any need for clarification? Seeing none, thank you for being here this morning.

MR. ALBITZ: Thank you.

CHAIR WHITE: Appreciate your testimony.

Mr. Clerk.

COUNTY CLERK: Next testifier is Christine Folding, testifying on Bill 26. To be followed by Mele Stokesberry.

MS. CHRISTINE FOLDING [testifying on Bill No. 26 (2018)]:

Good morning, Chair,

CHAIR WHITE: Good morning.

MS. FOLDING: Good morning, Councilmembers. My name is Christine Folding, and this is my wife, Diane Coleman, and we are here testifying on Bill 26. Just to put a face on one of the new homeowners who are, is coming in and looking at the possibility of applying to put our home as a short-term rental, and to assure you in an opposing argument that we are not trying to commercialize Maui in any way. But, we also are here at the recommendation of our counselor Debbie Mitchell, who had hoped to be here, but had an emergency and had to go off-island. She recommended we come here and testify. So, if I may please.

We, as I said, I'm Christine, this is my wife Diane, and we have two adult special needs children; Henry and Alex. The four of us work together at our upholstery company, Upholstery Planet, in Long Beach, California. And, our mission is to empower special needs young adults with work skills and timeless arts, and we hope to bring that to Maui as well. I'm introducing our family, because we have a dream and an achievable plan to live and work here together in Maui and become a part of your community. We have been saving our money, and have taken the first leap, and purchased a cottage in the International Colony Club in West Maui. We absolutely love our new home.

We understand that short-term rental permits are not transferable. We understand that there is a cap, has been reached of 88 on those rental permits. And, we understand there is a new requirement being read today establishing ownership durational requirements.

We are asking the Planning Department and Councilmembers to consider accepting our application for short-term rental permit despite these understandings for our property, International Colony Club, No. 22. We just bought this property from Mr. Tod Ulery, who was just granted his permit, his short-term rental permit, No. STWM2017/0010, less than six months ago. We are asking to have the application considered, because Mr. Ulery's license was so newly approved. The materials pertaining to the house have not changed other than ownership.

Our plan for the next few years is to rent short-term while visiting often, and then move in with our family after we have paid down our mortgage. The price of the maintenance fees at the ICC is very high. Plus, our mortgage, we feel that long-term renters can't afford what we need to even break even. By visiting more often, we can keep the property in better condition. And, we have had complaints filed by our neighbors that long-term renters have actually been detrimental to the peaceful feeling of the community, because, alright I understand we've reached our limit.

CHAIR WHITE: Yes. Well, thank you very much for your testimony this morning.

MS. FOLDING: We would like to thank you very much; appreciate that. In conclusion, we have already received our GET and TAT tax licenses. We are dedicated to being long-term taxpaying residents. And, we are ensuring that our application would be complete, and we appreciate your listening at our testimony. Thank you.

CHAIR WHITE: Thank you, Ms. Folding. Members, any need for clarification?

COUNCILMEMBER COCHRAN: Chair.

CHAIR WHITE: Ms. Cochran.

COUNCILMEMBER COCHRAN: Thank you, ladies. Thank you for being here. So, you bought this property with the understanding that you can continue to do short-term rentals out of it?

MS. FOLDING: That was our understanding during the process of purchasing. We just closed our purchase on Monday, exactly. And, we understand that this information is important to be transferred to future buyers. But, we did have that understanding. The owner who has it, Mr. Ulery, that we purchased from, had his short-term rental permit.

And, as we said, it was just newly granted to him. He unfortunately had to sell the property. But that was part of our understanding.

COUNCILMEMBER COCHRAN: Okay.

MS. FOLDING: Thank you, Ms. Cochran. And, thank you for your inspirational reading this morning.

CHAIR WHITE: Any other need for clarification, Members? Seeing none, thank you for being here this morning.

MS. FOLDING: Thank you. We appreciate your attention.

CHAIR WHITE: Mr. Clerk.

COUNTY CLERK: Next testifier is Mele Stokesberry, testifying on County Communication 18-111, on behalf of the Maui Peace Action. To be followed by John Hara.

MS. MELE STOKESBERRY, MAUI PEACH ACTION (testifying on County Communication No. 18-111):

Chairman White, and Members of the County, Maui County Council. I'm here representing Maui Peace Action, an organization that started in 2003 and has been bringing educational activities to Maui related to peace all of this time.

We thank the Council for considering our resolution, which has kind of a long title and I know it'll be read, but it starts out supporting Maui Peace Action, Maui Seasons for Peace, and Hiroshima/Nagasaki Remembrance Committee for their work promoting peace, disarmament, and diplomacy. I want to clarify that our resolution is not about us; the named three peace organizations.

We urge approval of this reso because it is extremely important to increase broad awareness that Hawaii and its precious people, culture, and environment cannot survive a nuclear war. We must not be lulled by the impossible plans for how to shelter from an incoming missile, or how to do a better job dealing with another missile alert, this is not a test experience.

We must all urge our national leaders to accept the fact that North Korea has joined the nuclear armed nations, and probably is not going to give those arms up. Peaceful co-existence with other nuclear powers with serious commitment to our nuclear

disarmament are the only solutions to living in a world now where nuclear brinkmanship and missiles on hair trigger alert are like a sort of Damocles hanging over us all the time.

I'm very grateful that the Maui County Council, as well as Councils of Kauai and Hawaii island, where they have already passed a peace resolution on this topic, that Maui County Council is considering our resolution, and I, I urge you to pass it. Thank you very much.

CHAIR WHITE: Thank you, Ms. Stokesberry.

Members, any need for clarification? Thank you for your testimony this morning.

Mr. Clerk.

COUNTY CLERK: Next testifier is John Hara, Reverend, on behalf of Hiroshima and Nagasaki Commemoration Committee, testifying on County Communication 18-111. To be followed by Highness Kaua.

REVEREND JOHN HARA, HIROSHIMA/NAGASAKI COMMEMORATION COMMITTEE
(testifying on County Communication 18-111):

So, I just wanted to share this with the Council. There's a famous Buddhist phrase, "Tenjō tenge yuiga dokuson". This Buddhist phrase represents the first words spoken by the baby Buddha. "Heaven above and Heaven below, I alone and the world honored one". At first, you may remark these words as self-centered or egocentric. But, the phrase refers to all life as being precious and unique; that everyone is honored from the birth of life, and that we are all capable of enlightenment.

I share these words with you to remind each one of us that we are all human beings and we are all connected despite our geographical separations and our geopolitical differences. It won't be through weapons of mass destruction that we find peace, but through an open dialogue and diplomacy. Thank you.

CHAIR WHITE: Thank you, Reverend Hara.

Members, any need for clarification?

Seeing none, Mr. Clerk.

COUNTY CLERK: Mr. Chair, the next testifier is Highness Kaua, Heir, Living, Breathing Sovereign of Hawaii Kingdom, testifying on all agenda items. To be followed by Michael Trotto.

CHAIR WHITE: Sir, if you could go around. Thank you. Thank you.

HIGHNESS KAUA, HEIR, LIVING, BREATHING SOVEREIGN OF HAWAII KINGDOM

As the woman said, because we are connected in our loving brain that we have, our body, our heart, they want to take it out by these nuclear weapons they're having. Military man, as well as my family are. Being pure blooded, pure, not a number from the serpent called States, the charges that bring upon them of raping here, here the soul, the hair and the brain; raping it, murdering it, externally to it. And, this is many brothers from around the world being pure-blooded European, pure-blooded Mexican, pure-blooded Asian, pure-blooded maole, that no defining of percentage points. What it is, is that because of it--

CHAIR WHITE: Thank you very much for your testimony.

MR. KAUA: --they have to be there, reaping crime that costs a million dollars.

CHAIR WHITE: Could you please provide a concluding remark? Your three minutes is up.

MR. KAUA: Yea, but I get one more for modify, modify. Because of it, this is direct, clear, as they can see me there on the TV set, cause it was already spoken to them. Cause we, I, me, we, makes what you guys are sitting in, which supposed to have been the right seats. And, I know we are, I'm looking at you and your, of your ears and brain you guys have, that as time goes on now--

CHAIR WHITE: Sir, would you please conclude your testimony.

MR. KAUA: --enough is enough. Yes, okay. So, white, because the white, I have hair like yours, and the same white that my great-great grandparents died for name white; a poisoning.

CHAIR WHITE: Okay.

MR. KAUA: So, therefore, on Kamehameha ground, I stand before you as counselor advisor that is defending my brother . . . and thirty-eight, nine thousand of his brother and sisters. Two defending--

CHAIR WHITE: Could you please state your name for the record?

MR. KAUA: Almost done.

CHAIR WHITE: No, your time is up, sir.

MR. KAUA: 39,000 to 39 million, and the last is over 39 million.

CHAIR WHITE: We're in recess.

(THE MEETING WAS RECESSED BY THE CHAIR AT 11:00 A.M., AND WAS RECONVENED AT 11:01 A.M., WITH ALL MEMBERS PRESENT, EXCEPT MEMBER GUZMAN, EXCUSED.)

CHAIR WHITE: This meeting shall come back to order.

Mr. Clerk.

COUNTY CLERK: Next testifier is Michael Trotto, testifying on Bill 26. To be followed by Margit Tolman.

MR. MICHAEL TROTTO [testifying on Bill No. 26 (2018)]:

Good morning, Chair White and Members of the County Council. My name is Michael Trotto. My comments will be brief today. I did submit some written data. And I just received those late last night, and I hope you have a chance to really look it over. And, the next speaker will elaborate on that, because the next speaker is the person who worked so diligently and hard to get these numbers to you.

I'm speaking in opposition to Bill 26. I, I still in my heart of hearts believe this is an overreach. And, just going after the legal short-term rentals, it's, they have been operating under the ordinance, and this measure is just unnecessary at this time. And, I think those numbers will prove it out.

Mr. Chair, Members of the County Council. I've been involved with affordable housing since 2006. And, through all the seminars, and all the housing summits, and all task forces, and all the things I participated in, and all the things that I've read from the University of Hawaii and other well-known organizations that are talked about and try to solve our, our affordable housing issues, the one thing has been very clear at the end of all these studies and all these efforts; the way we have to get affordable homes for our residents is to build them.

And, the other way is to support those people who will build them. And, the other thing is to keep supporting those entities in our community; those entities such as Lokahi Pacific, Habitat for Humanities, Na Hale O Maui; that are producing these affordable homes for our residents. Keep supporting them. That's how you do it.

You don't do it by putting more restrictions and, I don't know, landmines in this, in this part of the economy. It'll really hurt people. It'll hurt the economy if you continue to do so. But, look at the numbers. I think the numbers are very telling. And, I thank you, Mr. Chair. And, I thank you, Members of the Council for listening to me today.

CHAIR WHITE: Thank you, Mr. Trotto.

Members, any need for clarification? Seeing none, appreciate your testimony this morning.

Mr. Clerk.

COUNTY CLERK: Next testifier is Margit Tolman, testifying on Bill 26. To be followed by Thomas Croly.

MS. MARGIT TOLMAN [testifying on Bill No. 26 (2018)]:

Good morning, Chair.

CHAIR WHITE: Good morning.

(Councilmember Guzman returned to the meeting at 11:04 a.m.)

(Councilmember King was excused from the meeting at 11:04 a.m.)

MS. TOLMAN: Good morning, Councilmembers. My name is Margit Tolman. I'm a realtor and property manager for more than 20 years on Maui.

I ask you to reconsider your position in regards to Bill 26 based on the study in front of you. Between 2013 and 2018, there have been more than 5,000 home sales. Forty properties are owners of those, that is less than one percent, 0.77 percent have been granted a short-term rental license. Hana, 46 sales, three licenses; Kihei-Makena, 1,051 sales, six licenses; Makawao-Pukalani-Kula, 646 sales, one license; Paia-Haiku, 731 sales, three licenses; Wailuku-Kahului-Spreckelsville, 1,827 sales, one license; West Maui, 673 sales, 15 licenses; Lanai, 107 sales, seven licenses; and, Molokai, 90 sales, four licenses.

In my study, I provided to you, as an attachment to my testimony. You will also find different data; the year of the purchase of the property of all license properties right now. And we are talking about 382 possible licenses, not thousands of vacation rentals, use of condos, or illegal rentals. I don't know what we are talking about Chapter 19.65, for 382. You also will see when the applicant applied for the license, and when the, when it was approved, and whether the owner lives on island or off-island. And, this is the most exciting result I got out of the study. And, I'm really, really happy about it to see that 86 of our licenses, that 38 percent, are residents.

Looking a little bit more on the tax record, I found that most, that a lot of these properties are family-owned; they are kama`aina properties. Then there is no sale recorded, but quitclaim deeds. So, that means they are handed down to the next generation. And, the next generation took this opportunity to keep the property in the family. That makes me really, really happy.

You'll also see on the spreadsheet, the sales, the purchase price, and the assessed values of all licensed properties. Thank you. Sorry. Couldn't talk faster.

CHAIR WHITE: Thank you very much, Ms. Tolman.

Members, any need for clarification? Seeing none, thank you very much for your testimony this morning.

Mr. Clerk.

COUNTY CLERK: Next testifier is Thomas Croly, testifying on Bill 26. To be followed by Rosemary Robbins.

(Councilmember King returned to the meeting at 11:07 a.m.)

MR. THOMAS CROLY [testifying on Bill No. 26 (2018)]:

Aloha, Chair. Aloha, Council. Tom Croly today testifying just on my own behalf, because I want to, you to understand how I feel about this myself and not necessarily my organization. Testifying on Bill 26, as, as stated. And, again, I stand against this bill, although I recognize this Council will probably pass this bill out today.

Maui has always had vacation rentals outside of the Hotel District. This is not a new thing; not in any way, shape or form. In 1989, they were restricted, by the Council here, to the Hotel District only. But, this didn't eliminate short-term rentals in any way, shape or form in 1989. In fact, I started staying in them in 1993 when I would visit Maui. And, came back many, many times before I moved here in 2002.

After more than 10 years of deliberation and discussion, the Council passed B&B ordinance. And, after a painful permitting process, I was granted by own bed and breakfast permit. And, honestly, I hoped that that would have been the last contact that I ever had to have with the County regarding this issue. I was done at that point. My wife and I almost split up over it. We almost moved away from Maui. It was painful just going through the permitting process to get a bed and breakfast permit to allow me to rent out a couple rooms in my house. I was ready to give up, but after looking at what the bed and breakfast ordinance was able to regulate, I recognized that Maui's vacation rental industry needed better regulation.

So, I stayed involved in this, in this process and helped get the short-term rental ordinance passed. I studied this segment of the industry and recognized that it has a lot of benefits to Maui. And, many of these legally operating short-term rentals are

bringing huge economic impact to this island that far outweigh any impact that the visitor staying in them would take.

If you consider the budget you were presented with this morning, you will find, as I have, that collectively, the properties classified as short-term rental account for the largest share of the property tax, and the highest number of visitors that come to Maui. That's pretty profound. The visitors staying in legal short-term rentals are a very important part of Maui's visitor industry. And, I hope that you understand the seriousness of regulating that part of the industry effectively.

This is not an issue as to whether or not we will have short-term rentals. This is an issue as to whether or not we will effectively regulate short-term rentals, whether they will pay appropriate taxes, whether they will be properly managed. We will always have the guys who will skip out and not do that.

Eliminating them is really not an option. Regulating them is what we should be concerned with. Thank you for your consideration and the time here, Chair.

CHAIR WHITE: Thank you, Mr. Croly.

Members, any need for clarification? Appreciate your testimony this morning.

Mr. Clerk.

COUNTY CLERK: Next testifier is Rosemary Robbins, testifying on County Communication 18-107 and 18-112, and Committee Report 18-52. To be followed by Courtney Battise.

MS. ROSEMARY ROBBINS (testifying on County Communication Nos. 18-107 and 18-112, and Committee Report 18-52):

Good morning, everybody. Rosemary Robbins, concerned citizen. We're almost up to the evaluation of the budget that the Mayor would like us to be dealing with. So, this next month is going to be heavily impacted with a binder that I saw this morning that weighed close to a ton it seemed to me.

So, in dealing with the items that I would like to deal with this morning, the first one is the Policy and Economic Development Committee and Agriculture. Sorry, that's the second one. The first one is going to be County Communication 18-112. And, this has to do with the fact that our Chief of Police is going to be working with the government in terms of Federal and State, as well as our local County realities in

preventing suicide Maui. So, looking to the future, we wouldn't be doing this if we didn't have a problem about it.

So, the Centers for Disease Control and Prevention, again that's looking forward on the Federal level, has provided us with money to be able to work on this program. They requested legal services, and this was from 2016. And, they had asked for, had asked for being able to get materials on this, and had sent in 45 requests for that, and had heard not back on that. Something's the matter with this. This has been going on since 2014, 15, 16, and here we are in 18.

This is a well-done document. I'm very pleased to see this. It includes recommendations of the Maui Police Department, what our folks here need to do for this. It also has recommendations on the State from, to receive from the Department of Health on the State level the reports that should have been already begun, but the, we still have money coming our way from the Fed from this if those are recognized PDQ, pretty darn quickly. So, let's get that done. It seems like a good setup to do it. Thank you.

Second item is on today's agenda, it's Committee Report No. 18-52. This has to do with having additional responsibilities and qualifications in order for people to be serving as department heads. Reading here now from page 2 of this report, it says that the Committee, Policy, Economic Development and Agriculture Committee notes that it began the process of establishing such additional, additional qualifications after the Charter amendment was passed by voters in the 2016 General Election. So, the majority of us have already had a hand in this. But, the Committee said that the, it was too cumbersome to deal with for all of those at the same time, so they were going to divide it up into different capacities, which they have done.

And, it, one of the things is a positive in the end it has allowed qualifications whether or not people have previously worked for the County of Maui. And, we heard this morning, those youth who were here, these are our local kids that are graduating from MIT, that are graduating from pretty well-known academic areas. And yet, most of the recommendations that are in here do not have a heavy weight on exposure to that kind of larger thinking.

(Councilmember King was excused from the meeting at 11:16 a.m.)

MS. ROBBINS: The current thinking has gotten us to where we are. We're paying a fortune for money, for legal services, for violations of things; including the Safe Water Act which came out during Nixon's term of office in the earlier 70's, to 80's, to 90's, to new millennium, to new decade in the millennium. Time to get this done.

So, I would just like to point out, and again, in reference to the previous one that I'm at this. We have the ability to have well-done plans, capable people. That's not to throw out the folks that are in there now. That's to make sure that we expand those to be able to deal well with them, with the problems what we're facing. So, thank you again for dealing with that, and we need to keep at it.

So, this report is telling us that we have a bill that's due out before any bill has passed, especially on first reading of the current issue; needs to have a very careful look at it on this eleventh hour of what we're dealing with. So, thank you for that.

And, the third item, good timing, the third timing is on the audit report from our County audit. And, unfortunately, I have with me the 2016 ending year. So, the other one is in another slot of the papers. But, it has corrective actions that have been recommended by our County Auditor and by the auditing firm that they had hired in order to be able to have not just one person's input on that as per what the Auditor has to who he is.

And, unfortunately, right along the line, there has been this deal, remember we only had an Auditor since 2014 in this County. All the rest of that was not in the comprehensive address of identifying what the needs are and how they can be corrected. And, sad to say, even though corrective actions takes up a whole chapter in this, the evaluation of those corrective proposals shows that they haven't necessarily been corrected. So, what good is it to have a plan and not identify who, and when, and where, and how this plan is going to become a reality to have our County improving for us. We need to do better.

So, pray always, and make sure that we nail what that process is. Remember, it's not a case of the who you know. But, when we say that to people, you know, the who, what, when, where, why; I'd like to see that turned around. We already know that the why is for the well-being of the people in Maui. And, and then to be able to, all the who's are going to die. And so, putting all of that on just specific people that we know right now is not realistic. And, I'm looking at these youth that are here this morning. They're the ones that are inheriting a whale of a lot of this debt that they didn't come up with. So, let's, let's make that a better deal. Thank you.

(Councilmember King returned to the meeting at 11:19 a.m.)

CHAIR WHITE: Thank you.

Members, any need for clarification on her testimony? Seeing none, thank you for being here this morning.

MS. ROBBINS: You're welcome.

CHAIR WHITE: Mr. Clerk.

COUNTY CLERK: Next testifier is Courtney Battise, testifying on Bill 26.

MS. COURTNEY BATTISE [testifying on Bill No. 26]:

Aloha. My name's Courtney Battise, and I'm testifying on behalf of myself. Thank you for your time and consideration on my testimony.

One thing that I want you guys to take into consideration on Bill 26 is that sometimes the only way that some families can keep a home in the family is to put it into a vacation rental. And, that is something that I think is being missed here. And, also that 38 percent of the people that do have vacation rentals do live here.

I have a rental. It is not a vacation rental; it's a long-term rental. I keep it affordable. I have zero cashflow on that. Whatever I owe, is what I charge for rent. Everyone around me is doing illegal vacation rentals, but I've chosen not to go that route. But, I think you're missing out on the importance of allowing people to keep their homes in their family. So, that's what I have to say about that. Thank you.

CHAIR WHITE: Thank you for your testimony this morning.

Members, any need for clarification? Seeing none--

MS. BATTISE: Thank you.

CHAIR WHITE: --appreciate your coming down today.

MS. ALCON: There's no testifiers on Molokai.

DISCUSSION AND ACTION RELATING TO COUNTY COMMUNICATION NO. 18-111

COUNCILMEMBER KING: Thank you, Chair.

May I request the Council consider County Communication 18-111 at this time? And, just noting that because the resolution does not have the force and effect of law, there is no need to make a motion to waive the requirement of Committee referral.

CHAIR WHITE: Correct.

COUNCILMEMBER KING: So, if there are no objections.

CHAIR WHITE: And, make your motion.

COUNCILMEMBER KING: Okay. Do we need to have the Clerk read the resolution?

CHAIR WHITE: Mr. Clerk.

(The resolution was read in its entirety.)

CHAIR WHITE: Thank you, Mr. Clerk.

Ms. King.

COUNCILMEMBER KING: Thank you, Chair.

I MOVE TO ADOPT THE PROPOSED RESOLUTION AS READ
BY THE CLERK.

COUNCILMEMBER COCHRAN:

SECOND.

CHAIR WHITE: We have a motion from Ms. King, and a second from Ms. Cochran.

Ms. King.

COUNCILMEMBER KING: Thank you, Chair. I appreciate my colleagues allowing me to propose this today on the eve of the March for our Lives, which will happen tomorrow. This, this, versions of this resolution were passed by the Big Island, by Kauai, last year. And so, we added, and working with the organizations that are listed in the resolution, we added the issue of the Parkland Florida shootings, and what's been happening over the last year. It's really unfortunate too, it makes me really sad that even since we, we drafted this, there's been one more shooting since then.

But, all of these things come down to their work, which is promoting peace. The, the issue of, the issue of the urging U.S. diplomatic peace talks has gone back and forth, because we wrote the bill and then we thought, they're doing it; let's change it to supporting the peace talks. And then, they're not doing it; let's change it back to urging the peace talks. But, the basis of this has remained the, the basis of it has remained the same.

And, even though this doesn't have the force and effect of law, I actually, it was called by John Letman of the, the publication called the Diplomat, who's doing a story on these peace resolutions. And, he asked, you know, what do you hope to, what do you hope to accomplish by passing these resolutions? And, my answer to him was, what do you hope to accomplish with one vote, because, you know, each individual vote is

extremely important. Each individual voice from each community is in, is extremely important. So, this is, now we have three of these resolutions in the State of Hawaii urging diplomatic talks, urging, you know, in a sense, urging gun control and, and the, the support for States and communities to protect themselves through these, that type of legislation.

I think it was very pertinent to Ms. Cochran's opening words today that we, we go, we look at this whole broader issue of, of finding peace and finding, being able to pursue joy in our lives without this constant threat. So, I'm honored to be able to present this. It's been about three or four weeks of working on it and, and wordsmithing it, because we wanted it to represent where we are today in the world. And, we never know where we are today. It changes on a daily basis.

It's, but we know that there's a movement abroad. We know that ours, our students, our next generation is standing up. And so, we want to show them we're with you. Like President Obama said, "we have your back". So, I would ask my colleagues to support this resolution, and also to join the movement tomorrow at UHMC, which starts about three o'clock with the presentations and the march. And, I will be reading this resolution then. Thank you.

CHAIR WHITE: Thank you, Ms. King.

Members, any further discussion on this item?

Mr. Hokama.

COUNCILMEMBER HOKAMA: Chairman, thank you very much. I'll be speaking in support of the motion this morning, Chairman. I appreciate my colleague for bringing this forward to allow us to have some discussion prior to consideration.

I view this slightly different, Chairman. I don't see that as a military thing. I think this, our Countries, not just the United States, is in multiple differences of conflict. Obviously, military is a major component of conflict. But our Country, our State is in, I would say, in three different fronts; one is of course the military concern. But, let us not forget what is happening with the White House and these things on tariffs. We are now entering economic warfare, besides military warfare. And, if we understand how the world of borrowing goes, who controls the debt that the United States has issued; China. There's also another area of conflict that we are aware. We don't talk about it much, but it is part of someone's strategy regarding our well-being, and that is the illegal drug war.

So, I think when we talk about peace, we need to at least be aware of where the conflicts are. It's just not a military arena anymore, Chairman. It's an economic arena, it's the battle for drugs, the battle of the internet; all components that impacts our people's lives and its quality and ability to survive not only economically, but socially in our County, in our State.

So, I bring it up because I need our people to know that, at least for militarily as we've gone through the alert, and we've talked about it in D.C. couple weeks ago at national. There's little our government doesn't know militarily. And, as things occur, we have to come to terms with big brother, that either big brother is aware and allowing it to happen, because of our ability and our technologies, and our components, whether it's called intelligence or it's called surveillance, governments know what's happening in the world. It's just, why not governments allow things to happen in the world is the key question, Chairman.

And so, I appreciate this venue. I appreciate my opportunity to share my thoughts about the conflicts that face our Country, our County, our State. So, I'm in support of this moving forward this morning. Thank you.

CHAIR WHITE: Thank you, Mr. Hokama.

Ms. Sugimura.

COUNCILMEMBER SUGIMURA: Thank you, Chair. I too stand in support of this. And, I want to add to what Member Hokama said. Because not only do we have the three fronts, but as you have been paying attention to our Federal budget, which did not pay enough attention to the DACA movement, our immigrant, you know, all the immigrants here. I think that that info, that affects so many levels of our economy and our social well-being for the families that are being affected with this act that our President is trying to do, and causing, really a lot of these workers are the ones that do the hard-paying job that maybe some of the other citizens don't. So, it does affect us in many different levels that don't appear to be at the, at the forefront. But, I support this.

When I was in Japan, I went to the Hiroshima Peace Park. And, the, to see Reverend Hara here speaking today about this. The Japan government, every time there's a missile launched or anything, they have this in the Hiroshima Peace Park, they have all these letters that were sent out to all the different governments worldwide. And, after Hiroshima and what the, they experienced, they definitely have a very strong voice in terms of peace for their, their citizens and the world. So, I support this. It's a very good thing, and I thank our fellow Member King for bringing it forward. Thank you.

CHAIR WHITE: Thank you.

COUNCILMEMBER CRIVELLO: Chair.

CHAIR WHITE: Ms. Crivello.

COUNCILMEMBER CRIVELLO: Thank you. I, I too support the Maui Peace Action, Maui Seasons for Peace, and for their work promoting peace, disarmament, disarmament and diplomacy in our community and around the world.

March 7, 1977, my brother, to me a Hawaiian hero, instrumental in the struggle to protect the life of Kahoolawe and aloha aina, disappeared off the waters. And, he was honored with the Martin Luther King Peace Movement as his attempts to stop the bombing on Kahoolawe. And, and did it peacefully. And, we continue to look for these efforts. And, we continue to hold on to our history of Hawaii, you know.

The month of March, we celebrate Kaahumanu, we celebrate Prince Jonah Kuhio Kalaniana'ole, for all of their efforts to bring peace to our people of Hawaii, and it all touches into the aina and to protect the life.

And, and you know, when I listened to Ms. Cochran's opening talk, I would have to say that with peace within is in a, I'm in agreement with her. For without the spiritual element, life would be like an empty breath. So, I can certainly appreciate and support this resolution.

CHAIR WHITE: Thank you, Ms. Crivello.

Mr. Carroll.

VICE-CHAIR CARROLL: Thank you, Chair. As it reads on the agenda, "SUPPORTING MAUI PEACE ACTION, MAUI SEASONS FOR PEACE, HIROSHIMA/NAGASAKI REMEMBRANCE COMMITTEE FOR THE WORK PROMOTING PEACE, DISARMAMENT, AND DIPLOMACY IN OUR COMMUNITY AND AROUND THE WORLD". The Council and all the Members over here should also be very, very conscious of their impact and their ability to promote that last sentence. Thank you, Chair.

CHAIR WHITE: Thank you, Mr. Carroll.

Any further discussion on this item?

Ms. Cochran.

COUNCILMEMBER COCHRAN: Thank you, Chair. And, yea, I didn't know we were going to be hearing this, so I guess my opening comments was very appropriate in timing-wise. But, I think the last whereas in the reso, "WHEREAS, local, domestic, and international organizations are working both unilaterally and cooperatively to create solutions for global risks", of course, peacefully, I think addresses what Mr. Hokama brought up. I mean, there's so many issues, you know, going on simultaneously.

And, in complete support of this, and looking forward for this to make a huge impact upon not just our islands here, and our, you know, sort of struggles that go on, but of course, nationally and globally. So, complete support and looking forward to the march this, tomorrow. And, thanks to the youth for making it happen, and stepping up once again, as I stated earlier. So, thank you very much for this opportunity.

CHAIR WHITE: Thank you.

Mr. Hokama.

COUNCILMEMBER HOKAMA: Chairman, for my second and final. Just one quick note. I forgot to add in my earlier comments. What Ms. King is doing is a continuation of, I would say, past Maui leaders who have always promoted the benefits of peace, especially those that went through conflict. So, I bring up two past leaders that really made it a point; the late Patsy Mink, during her work in Congress; and of course, the late U.S. Senator Spark Matsunaga, who had advocated for a peace academy in Hawaii, as a member who went through World War II with Senator Inouye.

Senator Matsunaga really pushed hard to establish a peace academy institute, including even looking at Lanai at one point in time, in the 1990's as one potential site to host such an institution. It never moved forward, but that discussion made me appreciate past leaders' efforts to continue to promote peace, especially those that went into armed conflict, Chairman; like the late Senator.

And, I just want to say that I appreciate, because the one County, the one State that has recognized Senator's Matsunaga's contributions to the Country is not Hawaii. It's Montgomery County, Maryland, that has named facilities after our late Senator, honoring him for the work he gave to the Country. So, I find it interesting that Maryland has honored our late Senator, and Hawaii has yet to honor our Senator in a similar fashion. Thank you, Chairman.

CHAIR WHITE: Very interesting point.

Mr. Guzman.

COUNCILMEMBER GUZMAN: Thank you, Chair. Thank you for the opportunity to concur with my colleagues. I also support the Maui Seasons for Peace Association and all that they do. I was able to attend their 2018 Peace Hero Awards ceremony this last February 23. And, as our, my colleagues are talking about the national level as well as the local level, there were several individuals including Maui Mediation Services that was awarded the 2017 *[sic]* Peace Hero Awards, along with Joe and Eleanor Apolo, Melinda Gohn, Mark Harbison, and Kimokeo. And so, those are some outstanding local individuals that have been very prevalent in making sure that peace is, to spread the peace on earth. So, thank you, Chair.

CHAIR WHITE: Thank you.

COUNCILMEMBER KING: Chair, can I make one more comment?

CHAIR WHITE: Ms. King.

COUNCILMEMBER KING: I just wanted to note that, yea, that was a great event. I was also at that event. But, that the folks who, you know, the reason we didn't do this as a ceremonial resolution was that the folks from these organizations do not want this to be about them, or even their organizations. So, I think it's important we support their work because, and we bring their names of the organizations to the forefront so that more people know about these organizations. But, you know, people, and even, and especially the people who get recognized as peace heroes, you know, they're, the work is what matters to them and it's not the recognition. So, that, that's why we, you know, we deliberately left individuals' names out of this.

But, I do want to say that that there's a connection among the islands, throughout the islands, with the different peace organizations. So, they are all working together. And this is a widespread effort, but it is really focused on what is the first, you know the Seasons for Peace, the first quarter which we are, you know, closing in on the end of is the season for peace and non-violence. So, they have different focuses expressed throughout the year. And, this is why it's so timely also for Maui's Seasons for Peace.

But, I really want to thank all my colleagues for your words, and the thoughtfulness. And, I think it's a great discussion to have periodically. I, I'm honored by my colleague, Mr. Hokama, for being in the same sentence with Senators Matsunaga and Patsy Mink. They were, they were definitely great leaders. And, I appreciate all the support. Thank you.

CHAIR WHITE: Thank you.

COUNCILMEMBER COCHRAN: Sorry, Chair, last, last.

CHAIR WHITE: Ms. Cochran.

COUNCILMEMBER COCHRAN: Thank you. So, not to nitpick here, but the, the word "ho`omaluhia" in the first "whereas", I believe ought to be two words, though. Is that--

COUNCILMEMBER KING: This is how, this is how it was in the other resolution, so we took that sentence out of--

COUNCILMEMBER COCHRAN: Who, okay.

COUNCILMEMBER KING: --the other resolution. So, we can, we can ask the staff to make non-substantive changes.

COUNCILMEMBER COCHRAN: Yea, it's just a non-substantive, but I believe it's two words, but we can double-check. Thank you.

CHAIR WHITE: Yea. Thank you, Ms. Cochran.

Your Committee did not request to interview the nominees; however, Barbara Barry

farmer who participates regenerative farming. She would help to add a different
perspective to the Kula Ag Park as we go through some expansion and changes there.

and education.

Keone Ball is a Wailuku resident, who previously served on the Planning and Police Commissions. He is a Realtor for Carol Ball and Associates.

Members, further discussion on this item?

COUNCILMEMBER COCHRAN: Chair.

CHAIR WHITE: Ms. Cochran.

COUNCILMEMBER COCHRAN: Chair, I'm been in support of this. And, I just want to share that I hear a lot of the testimony in regards to this particular item about existing legal people with permits, and I don't see how this affects them one bit. So, I don't, yea, I'm in support of what this intent is to do. And, but, I don't see how it affects anyone existing that has legal, legally permitted units. So, I'm in support. Thank you.

CHAIR WHITE: Thank you.

Ms. Sugimura.

COUNCILMEMBER SUGIMURA: So, one of the testifier's also mentioned that, I think she was the last one about her family home, which has a long-term rental, but she was concerned about being able to pass their home on if somebody passes away, I guess to the next generation. And, I, I think this doesn't really relate to that, but I wonder if Corp. Counsel can just clarify it, since it came up as one of the testifiers? Is that not an issue?

CHAIR WHITE: Mr. Wong.

CORPORATION COUNSEL PATRICK WONG: Thank you, Chair. I believe the question dealt with whether or not the current proposed bill would allow a permit holder to being transferred to a, if deceased, transferred to a surviving family member. And, the answer is yes.

CHAIR WHITE: Could you speak up a little bit?

CORPORATION COUNSEL: Sure. Sorry. The answer is yes. The current Code provides, under Subsection I, a permit is not transferrable, except a permit may be transferred upon a death of a permit holder to an immediate family member as defined in Subsection 19.65.030(D)(2)(a).

COUNCILMEMBER SUGIMURA: Thank you.

CORPORATION COUNSEL: So, I guess, generally, that does address the question or the comments raised by the testifier.

CHAIR WHITE: Thank you, Mr. Wong.

Any further discussion on this item? Seeing none, all those in favor please signify by saying "aye".

AYES: COUNCILMEMBERS ATAY, COCHRAN,

ADJOURNMENT

The regular meeting of March 23, 2018 was adjourned by the Chair at 12:34 p.m.

DENNIS A. MATEO COUNTY CLERK
COUNTY OF MAUI, STATE OF HAWAII

RECEIVED

2018 MAR 22 AM 10:00

OFFICE OF THE
COUNTY CLERK

March 23, 2018

Hello honored council members, my name is Christine Folding.

I am asking for the planning committee to accept my application for short term rental permit for my property at International Colony Club, 2750 Kalapu Dr #22 in Lahaina, West Maui. I just bought this property from Mr Tod Ulery. He had just gotten a permit STWM 2017/0010 less than 6 months ago, but sold his home to us. I understand it is not transferable, and I understand there is a cap of rental permits.

I am asking to have my application considered because Mr Ulery's license was so newly approved, materials pertaining to the house have not changed other than ownership. Our plan for the next few years is to rent short term while visiting often, and then move in with our family after we have paid down our mortgage. The price of the maintenance fees at International Colony Club are very high, we pay \$1142 per month, plus our mortgage payment. Long term renters can't afford what we need to break even, almost \$4000 a month . By renting short term I can afford the financial impact of these high fees along with my mortgage.

By visiting more often I can keep the property in better repaired condition, and very importantly, I can also control the occupancy of the home to ensure the character of the neighborhood. My neighbor in #21 told me a story of long term renters right behind us that were partying, loud, swearing, drinking people who left broken glass by the pool and even urinated in the bushes in front of another neighbor. He tried to appeal to them to respect our community but it did not have an affect and it continued for a long time. Since they were long term renting it was very difficult to get them to leave. It was damaging and changed the whole colony community, he and others neighbors filed complaints, and had to call the police several times. The noise, partying, parking overflow and unruly behavior had disruptive effects on the entire community. It takes away from its historical peaceful feeling. My neighbors existing filed complaints due to long term renting, compels me to appeal to you to please accept my application to rent our home short term. It is for the sake of our neighborhood as well as my budget.

The same neighbor does short term rent his cottage and he says it is a positive solution to pay the fees and keeping the atmosphere of the property, and fully approves and even recommends I do the same.

My neighbors approve, I have my GET and TAT tax license numbers, (GE-086-394-5728-01, TA-086-394-5728-01) I have a licensed realtor who will oversee our home when we are not there. This realtor manages other short term rentals in the ICC and gets excellent reviews. I have the expertise of a highly qualified application consultant. I am dedicated to being a long time taxpaying resident. In summary I am prepared to provide everything necessary in terms of process to ensure my application is complete to comply and expedite.

Please agree to my appeal to accept my application for short term rental permit. Respectfully I thank you for your compassionate consideration.

STRH permit Approval date

And whether the owner lives On-Island or Off-Island

The approved STR's purchased after 2013 are highlighted in Orange with the Purchase Price.

Existing ordinance allows a maximum of **382 licenses on Maui** which already limits the opportunity for future buyers.

86 out of 226 licensees are Maui County Residents. That is **38%**

Most of the local owned properties do not show any recent purchase dates or no purchase date.

However, there are a lot of Quitclaim Deeds within the last 5 years.

Properties changed ownership without a sale, most likely handed down within the family.

The Short Term Rental Laws provides options to local residents keeping family estates in families.

Bill 26 will take this opportunity away.

Please take this study into consideration, it shows that the amendment is not improving the long term rental housing situation.

Dear Chair White and Council Members,

I have been employed by the Planning Department for more than thirteen years. I submit this testimony as a professional planner, certified by the American Institute of Certified Planners; however it represents my opinion only, and is done on my own time.

Council will be considering Bill 26 (2018) at second reading on Friday Mar 23, 2018. I know it's the 11th hour, but I do have a critical suggestion for a housekeeping amendment to the Bill, submitted herewith as personal testimony.

Assuming that the intent of the existing requirement (that dwellings be constructed five years prior to application) is to prevent people from building new dwellings for the express purpose of obtaining a STRH permit, I propose adding ", or portions thereof," and the word "lawfully" before the word "constructed" in 19.65.030(O), as follows:

Short-term rental homes shall be limited to single family dwelling units and accessory dwelling units, or portions thereof, [existing and] lawfully constructed at least five years prior to the date of application for the short-term rental home permit[.], and the dwelling unit shall be owned by the applicant for at least five years prior to the date of application.

This change would improve the Planning Department's efficiency by reducing processing time in cases where what constitutes "constructed" is unclear. In a recent example, an applicant applied for a three (3) bedroom STRH in a farm dwelling in Launiupoko. Upon review, it was determined that two of the three bedrooms, along with a bathroom and a wet bar, were added after the building permit for the dwelling was issued, and were unpermitted. Subsequently, in 2017 the STRH applicant obtained after the fact building, plumbing and electrical permits. Should the recently permitted bedrooms be included in the STRH application or not? I believe that tripling the bedroom count for a STRH is significant.

The effect of this amendment would be that improvements constructed without building permits would be excluded from STRH permits. However, if a STRH permit was granted for lawfully constructed portions of a dwelling, and the STRH applicant obtains building permits for the unpermitted portions, he or she would be able to apply for an amendment to the STRH permit to add the additional rooms to the permit once said improvements have been lawfully constructed for at least 5 years prior to the STRH permit amendment request.

Chair White, I realize this request is probably too late to be considered on 3/23/2018, unless a floor amendment is made. If it is not possible to include for consideration on Friday, would it be appropriate to consider assigning it to the Land Use Committee for discussion at a later date?

Thank you for your consideration.

Sincerely,

Kula Agricultural Park Nomination

Barbara Barry <begoniabarry@gmail.com>

Thu 3/22/2018 11:56 PM

To: County Clerk <County.Clerk@mauicounty.us>;

Aloha Chair and Maui County Council Members,

I may not be able to attend the County Council Meeting tomorrow due to having prior commitments so just in case I am not there to testify in my behalf, please consider my following credentials in your decision to approve my nomination to the Kula Agriculture Park.

My name is Barbara Barry and I have practice regenerative farming in Ha'iku, growing canoe crops and citrus trees for the past 4 years.

I am a member of Hawaii Farmers Union United since 2014 and I am passionate about supporting farmers (young farmers especially) to grow healthy food and support themselves.

We have a great opportunity with the additional acreage being offered to the Maui County agricultural community to expand food crops production to those using less toxic methods to grow food than conventional farming. There is room for everyone to farm in the ways they are most comfortable with in Maui County.

There is a huge demand from local groceries, restaurants, hotels, tourists and locals for food produced without dangerous pesticides.

I would bring many skills to this appointment having been a self employed landscaper/horticulturist and florist for over 45 years. I worked with many types of clients, residential and commercial and employed a staff.

I appreciate being nominated for this position and the relish the chance to serve Maui County in a capacity that is a deep seated passion of mine.

The acre field 4 years ago.

As a regenerative farmer, I am always looking for ways to deal with the challenges of working with the 'Aina to produce healthy food for humans as well as protecting our pollinators and our precious resources like water and and restoring the microbes in our depleted soil.

It's so exciting to imagine that we can help young farmers with providing secure land for them to grow food on. This is more important than ever since the average age of many farmers is around my own age.

I have kept honey bees, chickens, grown flowers for florists, worked in all aspects of the interior and exterior landscape design and maintenance business, run 2 florist shops as a small business owner and know how to preserve foods and compost.

I have taught classes in aspects of floral design including container gardening. I understand the demand for flowers and food grown without dangerous pesticides.

I bring problem solving skills, 46 years experience working in the commercial interior and exterior landscaping design, maintenance, retail florist business, food crop production as well as my innate intuition and a passion for assisting farmers to produce their best crops while caring for our precious 'Aina and water resources.

Mahalo for your consideration,
Ms. Barbara Barry

Joe and Eleanor Apolo

Joe and Eleanor Apolo were born and raised here on Maui. They both are well known in our community to deeply care about our youth here on Maui. For over 40 years they have selflessly given their time and resources to volunteering and growing sport programs for youth in our community. Joe and Eleanor have held board positions and Joe has coached and officiated football, basketball and baseball. Joe continues to volunteer as the president of the MIL Officials Association. They both continue to be involved in the Pop Warner program for youth. Joe and Eleanor have both been honored for their dedication to supporting youth as "Volunteer of the Year" for the National Pop Warner Program.

This couple has gone beyond the call of duty by personally financing new teams in the Pop Warner Association. Joe and Eleanor believe that getting youth involved in sports teaches them many important values and skills that help youth to grow into caring and responsible adults. The focus was on teaching teamwork, cooperation, responsibility, dedication and self-discipline. Joe and Eleanor also supported the youths' families and would finance entrance fees for youth whose family could not afford the fees. They preferred to remain anonymous about their financial generosity. They encouraged each of the teams to have a potluck after each game to foster a sense of unity among the team players and their families. Together they promoted a feeling of ohana among the various teams in all the youth programs.

Joe and Eleanor began participating in various youth programs when their children were very young. Their commitment to these youth programs over the years help to increase the number of divisions and participants so that at one time there were close to 500 youths and families participating in both football and cheerleading.

Joe and Eleanor created the opportunity for all youth to travel to the mainland where they competed in various bowl games and cheering competitions. For many youth this was their first experience off island. They both set up fundraising programs to ensure that all youth would be able to travel.

Their care for and commitment to our community's youth and families over the past 40 years continues to this day.

Mark Harbison

Mark Harbison is real estate broker by profession with Real Estate Maui Hawaii, an affiliate of Coldwell banker Island Properties. Mark's first trip to Mau was to go to a wedding-his own. His wife, Lisa Oyama, grew up in Maui, and introduced Mark to the islands in 1982, when they were married at the Japanese Garden Iao Valley. He discovered scuba diving during his honeymoon, and ever since, Maui, and its surrounding ocean, has been his spiritual home.

Mark and Lisa "returned" to Maui just before 9/11, after 20 years as expatriates in Tokyo (with a short diversion in Hong Kong during and after the handover). He speaks, reads, and writes Japanese. Japanese literature was his specialty at Stanford and at University of Tokyo. He has published or co-published many books on Japanese politics, economics, literature, and popular culture, including the popular culture of drinking sake. He has worked for a British boutique investment bank as an economist and strategy analyst, and started his own consulting firm in Tokyo specializing cross-border property and resort development deals.

While pursuing his own interests in resort development and structuring cross-border property deals, he uses his Japanese language skills to assist Japanese owners who want to sell properties in Hawaii, and Japanese buyers who share his enthusiasm for the islands. He is also very interested in Helping Asian expatriates who may be contemplating a second home in Hawaii, as an investment, or as an eventual retirement home.

Kimokeo Kapahulehua

Kimokeo Kapahulehua has been well known throughout Hawai'i, especially on Maui, for his tireless efforts to preserve and perpetuate his Hawaiian culture and the land and sea. For decades, he has selflessly dedicated his time toward serving Maui's communities and protecting its land from the mountains to the sea. His accomplishments are vast, spanning from being heavily involved in Hawaiian outrigger canoe paddling and voyaging, to the preservation of Native Hawaiian forests, to the revitalization of an ancient Hawaiian fishpond to educating thousands of youth about the Hawaiian culture and its practices, to raising money for cancer survivors. Kimokeo has touched the lives and hearts of an immeasurable number of people with the expectation that they only take the aloha that they have received from him and share it with others.

After spending decades volunteering for many individual non-profit and community organizations which share the same dreams as his, Kimokeo decided that he would be most effective in serving his community, culture and environment by consolidating his passions into a single foundation with the intent that it become a legacy of giving. Thus, Kimokeo Foundation was founded in September 2015 to encompass all of Kimokeo Kapahulehua's interests into a single entity in which all of his family, friends and followers can support in perpetuity.

Leonard Kimokeo Kapahulehua was born in 1947 on Kaua'i's west coast where he was an avid surfer, fisherman and outrigger canoe paddler. He was raised in a humble household in Port Allen camp where his family from Ni'ihau often stayed and they enjoyed family gatherings together. His parents radiated the aloha spirit to all they met, thus setting an example for Kimokeo. His family considered him "kolohe" (rascal) during his formative years hence he was given his nickname "Bully". Much later in his life, he outgrew that lifestyle and used his middle name, Kimokeo, to reflect the warm, caring person that he has become. Always industrious, he worked during high school for Grayline Kaua'i and eventually became manager of the company on Maui in 1970 where he raised his family. While on Maui, he has been a part of various canoe clubs including Na Kai'Ewalu, Malama Ula (Wailea), and Kihei Canoe Club. He has also been involved with many community organizations such as 'Ao'ao O Na Loko I'a O Maui, Hui O Wa'a Kaulua, Mo'okiha O Pi'ilani, Hawaiian Outrigger Canoe Voyaging Society, Pacific Cancer Foundation, Kihei Youth Center, Hawaiian Islands Land Trust and NOAA's Hawaiian Islands Humpback Whale National Marine Sanctuary's Advisory Council to name a few.

Maui Mediation Services

For more than 30 years, Maui Mediation Services has been serving the residents of Maui County. The mission statement of this community non-profit agency, in part, is to "provide, teach and facilitate appropriate dispute resolution for people of all ages". The men and women, who comprise our mediator pool, have all undergone extensive training and an apprenticeship prior to volunteering with Maui Mediation Services. They come from a variety of backgrounds and all walks of life, and perhaps most importantly, they all bring their own individual gifts to the mediation process..

Last year, the agency served 998 unduplicated clients. However, that number would not exist if it were not for the time our mediators donated to help other members of their community – 453 hours in mediations and another 135 hours in non-mediation time to be exact. The volunteers give selflessly of themselves, and provide assistance in disputes that can be truly disturbing and sometimes highly emotional.

The mediators are neutral third parties who do not give advice or decide who is right or wrong. They do facilitate a confidential process where people meet face to face to work out a mutually acceptable solution to their problem. Through our community mediation services last year, 125 disputes were settled, and 89 of those were cases already in the Court system.. Mediation is effective because our volunteers help the disputants find common ground in an environment where all participants feel respected and heard. This process promotes respect, communication, and peace.

When volunteers are asked why they do it? Why do they give their time for free to help those in conflict? The overwhelming response is they do it to help our community and to make it a better place. Many of them do it year after year. There are two members from the very first training in 1983 that continue to volunteer.

The identities of the volunteers are known to a very few, however the work they do in our community affects many families, businesses, community groups and even governmental departments. They are the lifeblood of Maui Mediation Services.

LET THERE BE PEACE ON EARTH

LET THERE BE PEACE ON EARTH

AND LET IT BEGIN WITH ME.

LET THERE BE PEACE ON EARTH,
THE PEACE THAT WAS MEANT TO BE.

WITH GOD AS CREATOR, FAMILY ALL ARE WE.

LET US WALK WITH EACH OTHER,
IN PERFECT HARMONY.

LET PEACE BEGIN WITH ME,
LET THIS BE THE MOMENT NOW.

WITH EVERY STEP I TAKE,
LET THIS BE MY SOLEMN VOW,
TO TAKE EACH MOMENT,
AND LIVE EACH MOMENT IN PEACE ETERNALLY.

LET THERE BE PEACE ON EARTH,
AND LET IT BEGIN WITH ME.
