RE: LU 7 and LU40

Aloha mai Kakou,

As we all know the evaluation of a good ordinance or law can be predicated on how much it helps or hinders those who are subject to it. The essential point is to be effective. The above ordinances do not seem to fulfill this goal.

These ordinances seem to punish the law abiding and support the law breakers.

Please file these 2 ordinances . You will be doing everyone a favor!

Thank You, Paul Laub
