RE: Support Makila Farms AH-1 (3)

Dear Tasha Kama, Chair - Housing Committee

I am writing in support of Makila Farms. Makila Farms is a AG community being proposed in an existing subdivision of similar sized Ag parcels. The addition of these homes to this area and community will not cause any additional strain on infrastructure as the future homeowners are already driving these roads. Makila Farms as designed, is the infill of an existing Ag community and is not urban sprawl. In reviewing the changes that the developer has made to the project, he has addressed and resolved all of the issues brought up in the prior Makila Kai application.

The future homeowners of Makila Farms are the the workforce we depend on as a community every day. Fire, police, educators, medical personal with their families. They should not be forced into having their only choice of affordable housing to be town houses and houses crammed onto tiny 3,000 sq ft lots in town. If anyone has a right to live in the hills of Launiupoko, it is these families.

I respectfully request that you vote yes for Makila Farms.

Thank you for your time.
