aloha, elle,

I have given your information to neighbors. I do not have email addresses for most of them so I hand delivered the information that you have sent to me to several neighbors close to me.

it occurs to me that what we most need here at front st. apts. is an advocate. we are over 140 units of diverse family compositions, ethnicities, languages, values, and more. most of the folks who live here are economically deprived and that is apparently the common dominator of who we are. this means that most folks have little if any energy to cope with the adversities of our lives.

therefore, we need most desperately a person to speak for us. can you please do that?

please plead our cause as best you can.

sincerely,

chi pilialoha guyer
