PEA-70 2018-08-06 Resolution (Second Amendment)

ELECTRIC VEHICLE QUICK CHARGER AND LOCAL BATTERY LICENSE AGREEMENT

Effective as of December 17, 2014 (the "Effective Date"), and for good and valuable consideration, the receipt of which is hereby acknowledged the COUNTY OF MAUI, a political subdivision of the State of Hawaii ("Licensor"), and HITACHI ADVANCED CLEAN ENERGY CORPORATION, a Hawaii corporation ("Licensee"), agree as follows (this "Agreement"):

1. **Background.** Licensor is the owner of the properties described in the attached Exhibit "A" (each a "Property"). Licensee and Licensor desire that Licensee have the right to use a portion of each Property to install, operate and maintain electric vehicle quick chargers at Properties 1-3 and to install, operate, and maintain three (3) local battery units at Property 4. This Agreement is part of the project implemented by Licensee ("JUMP Smart Maui project"). At each Property Licensee will be permitted to design and install the equipment described in Exhibit B under "Licensee's Facilities".

2. **License.** Licensor licenses to Licensee a certain portion of the Property as described in Exhibit A sufficient to install, operate and maintain Licensee's Facilities, together with all necessary space and easements for access and utilities to operate Licensee's Facilities, as generally described and depicted in attached Exhibit "B" (collectively, the "License Area"). This Agreement shall constitute a license coupled with an interest but shall not be deemed to grant, transfer, or convey to Licensee any real property interest in the Property.

3. **Term.** The term of this Agreement shall commence on the Effective Date and end on March 31, 2016.

4. **Permitted Use.** The License Area may be used by Licensee for electric vehicle quick charger stations that are available for use by the public; local battery units; and for the installation, operation and maintenance of Licensee's Facilities and related activities. Licensee shall obtain, at Licensee's expense, all licenses and permits required for installation of Licensee's Facilities and Licensee's use of the License Area from all applicable government or regulatory entities (the "Governmental Approvals") and may obtain a title report, perform surveys, soils tests, and other engineering procedures on, under and over the Property, necessary to determine that Licensee's use of the License Area will be compatible with Licensee's engineering specifications, system, design, operations and Governmental Approvals. Licensor agrees to reasonably cooperate with Licensee (at no cost to Licensor), where required, to perform such investigations or obtain Governmental Approvals.

5. **Improvements; Utilities; Access.**

(a) Licensee shall have the right, at its expense, to install, operate and maintain Licensee's Facilities on the License Area. Licensee's Facilities shall be initially configured generally as depicted in Exhibit "B". Licensee shall have the right to replace or upgrade Licensee's Facilities at any time during the term of this Agreement so long as the "footprint" of the License Area does not expand. Licensee shall cause all construction to occur lien-free and in compliance with all applicable laws and ordinances. Licensee's Facilities shall remain the exclusive responsibility of Licensee. Licensee shall remove Licensee's Facilities upon termination of this Agreement unless prior to such date mutually agreeable arrangements have been made for continued use of the property once the JUMP Smart Maui project has ended.

EXHIBIT " 1 "

(b) Licensee shall not commence the installation of Licensee's Facilities, or make any alterations or upgrades until Licensee submits the plans and specifications for Licensee's Facilities, or alterations or upgrades, to Licensor and Licensor approves such plans and specifications. If Licensor does not approve or disapprove of such plans and specifications within 10 (ten) business days after receipt, such plans and specifications shall be deemed approved. Licensor shall not unreasonably withhold or delay its approval of such plans and specifications.

(c) Licensee shall, at Licensee's expense, keep and maintain the License Area in commercially reasonable condition and repair during the term of this Agreement, normal wear and tear excepted. Upon termination of this Agreement, the License Area shall be returned to Licensor in good, usable condition, normal wear and tear excepted.

(d) Licensee shall have the right, at Licensee's expense, to install and maintain utilities and to improve the present utilities to the License Area (including, but not limited to the installation of overhead or underground utility lines, cables, conduits, transformers, wires, meters, monitoring equipment and other necessary equipment to connect Licensee's Facilities to utility sources located on the Property). If there are sufficient utility sources located on the Property to operate Licensee's Facilities, Licensee shall have the right to connect to such sources at Licensee's expense; provided, however, that Licensee shall cause its use of such utility sources to be separately metered and nothing will be charged to Licensor. If there are not sufficient utility sources located on the Property to operate Licensee's Facilities, Licensor agrees to grant to Licensee or the local utility provider the right to install such utilities on, over, under and through the Property as necessary for Licensee to operate Licensee's Facilities, at Licensee's expense; provided, however, (i) the location of such utilities shall be as reasonably designated by the mutual agreement of Licensor and Licensee, (ii) for Property 2, Licensee shall cause its use of such utility sources to be separately metered and billed directly to Licensee by the applicable utility provider, and (iii) at Properties 1, 3, and 4, Licensee shall install a submeter to track the amount of electricity used by Licensee's Facilities and shall reimburse Licensor for the costs of electricity used.

(e) During the term of this Agreement, Licensee and its employees, agents, contractors, customers and other invitees shall have a non-exclusive right of ingress and egress from a public right-of-way in and through the Property to and from the License Area.

6. **Interference.** Licensee shall not use the License Area in any way which interferes with the use of the Property by Licensor, or tenants or licensees of Licensor, with rights in the Property prior in time to Licensee's rights. Similarly, Licensor shall not use, nor shall Licensor permit its tenants, licensees, employees, invitees or agents to use any portion of the Property in any way which interferes with the operations of Licensee.

7. **Taxes.** Licensee will pay any personal property taxes assessed on, or any portion of such taxes attributable to, Licensee's Facilities. Licensor shall pay when due all real property taxes and all other fees and assessments attributable to the Property.

8. **Termination.**

(a) This Agreement may be terminated without any penalty or further liability upon thirty (30) days written notice by Licensor if Licensee defaults and fails to cure such default within that 30-day period, or such longer period as may be required to diligently complete a cure commenced within that 30-day period.

(b) If Licensor intends to develop any portion of its lands for the erection of buildings or other improvements with which License Area will interfere, then Licensor shall so notify Licensee in writing at least four (4) months prior to such development and Licensee shall thereafter have the right to terminate this Agreement or have the right to be licensed another portion of the property.

9. **Insurance and Subrogation.** Licensee will provide Commercial General Liability Insurance in an aggregate amount of \$2,000,000 and name Licensor as an additional insured on the policy or policies. Licensee may satisfy this requirement by obtaining appropriate endorsement to any master policy of liability insurance Licensee may maintain.

10. **Indemnification.** Licensee will indemnify and hold Licensor (including without limitation visitors and invitees to Lessor's facilities) harmless from and against all claims and demands for loss or damage, including but not limited to reasonable attorneys' fees and costs (collectively, "Claims"), arising out of, or in connection with this Agreement.

11. **Notices.** All notices, requests, demands and other communications under this Agreement shall be in writing and shall be deemed given if personally delivered or mailed, certified mail, return receipt requested, or sent by overnight carrier to the following addresses:

In addition to the indemnity obligations in Section 10 above, Licensee shall indemnify Licensor from and against all Claims directly arising out of or attributable to the release, threatened release, or disposal of Hazardous Materials on, under or about the License Area by Licensee. The term "Hazardous Materials" means any flammable explosives, radioactive materials, asbestos, organic compounds known as polychlorinated biphenyls, chemicals known to cause cancer or reproduction toxicity, pollutants, contaminants, hazardous wastes, toxic substances or related materials, including, without limitation, any substances defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," or "toxic substances" under any Hazardous Materials Laws. The term "Hazardous Materials Laws" means any federal, state or local laws, ordinances or regulations, now or hereafter in effect, relating to environmental conditions, industrial hygiene or Hazardous Materials on, under or about the License Area. Licensee's obligations under this Section shall survive termination of this Agreement.

13. **Condemnation.** If all or any portion of the License Area shall be taken or condemned by any authority having the power of eminent domain, then all compensation and damages payable for the fee interest in the License Area shall be paid to Licensor without any apportionment to Licensee, provided that Licensee shall be separately be entitled to seek recovery from the condemning authority for compensation for loss of Licensee's Facilities and its license and any related severance and relocation damages.

14. **Assignment.** Licensee may otherwise assign this License only upon written approval of Licensor, which approval shall not be unreasonably delayed or withheld.

15. **Personal property determination.** Licensor hereby waives any right to claim that Licensee's Facilities have become real property, either as fixtures, business chattel or otherwise, it being the intent of the parties that Licensee's Facilities are the personal property of Licensee regardless of any installation on a Property. Licensee has the right to remove all or any portion of the same from time to time, whether before or after a default under this License, in Licensee's sole discretion and without Licensor's consent.

(c) This instrument shall be governed, interpreted, construed and regulated by the laws of the State of Hawaii, excluding its choice of law rules that may otherwise require the application of the law of another jurisdiction.

(e) If any term of this Agreement is found to be void or invalid, such invalidity shall not affect the remaining terms of this Agreement, which shall continue in full force and effect. The parties intend that the provisions of this Agreement be enforced to the fullest extent permitted by applicable law. Accordingly, the parties agree that if any provisions are deemed not enforceable, they shall be deemed modified to the extent necessary to make them enforceable.
