Subject: Rent Increase Attn. Sarah F. Pajimola

Aloha, My name is Steve F. Kolody and I live @ the Front Street Apts. #1702. This issue of high rent increases puts myself and many others in a tough situation. I am disabled and as of today the present rent is taking 55% of my S.S. check. Affordable rental units are very scarce. I lived in this complex for over seven years. I can understand a moderate annual cost of living increase, but what the Management proposes is totally out of my reach, and others too. Where will all of us go? I have friends that live here in town, and stop by to check on my welfare. At the age of 67, it gets pretty difficult to try and re-settle again, even more so when disabled. I beg the committee to please help us in this matter. Sincerely, Steve
