Hello,

My name is Gary Robilotta. My family and I support the Makila Farms Development. There are local families I know of that have left and are having to leave Maui due to lack of affordable housing. We're barely hanging on due to high rents. Please help this project happen, we need more of affordable housing to happen on Maui.

We are in a housing crisis! PLEASE, we ask that the West Maui Community Planning Action Committee NOT DELAY this or other affordable housing project in West Maui!

Thank you so much,

Aloha and Regards,
