Subject: PIA-61

Alcohol should be banned from all County parks. Especially the North Shore. People are drinking on the beach as early as 6:30am. By 5:00pm there are large drinking parties at all North Shore parks. Results no parking, urination everywhere, drunk driving. If Paia Town businesses have to abide by county alcohol rules, the county should have to as well. I had to call 911 not long ago because an under age drinker blacked out to the point of being limp. A male stranger was carrying her. I was worried what he would do with her.
