Subject: Support control of feral cats across Maui

Esteemed Committee members:

It is imperative that we reduce the numbers of feral cats on across Maui.

I, along with many concerned and informed Maui community members and conservationists, support the proposed feeding ban to reduce overall cat numbers and densities.

TNR (trap-neuter-release) is not being done at the critical levels necessary to reduce cat numbers.

We support cats being treated as pets, better for the cat and better for our community.

We support licensing and containment of cats the same as for dogs.

We support the enforcement of current laws already in place that forbids feeding of feral cat colonies in County Parks but which is not being enforced.

Thank you for the opportunity to comment.

Mahalo,
Alison Cohan
