RE: Support Makila Farms AH-1 (3)

Dear Tasha Kama, Chair - Housing Committee

Please help our children be able to afford homes in their hometown Lahaina. My children struggle raising their three children and live in a apartment where there is no place for children to play or to live comfortably. Struggles have been real for them with husband working two jobs and wife. We would love to see finally something for the low/medium income families that they can afford. Our town is pushing many of them to another state due to hardship living here. Please help our children of tomorrow have something valuable. Thank you
