Subject: WAI Committee -

Aloha Chair Cook and Wai Committee Members,

In response to your letter directed to Managing Director Akana on September 26, 2023, please see the below response regarding the request to view a flow chart and the permitting process for each permit type that the working group is reviewing.

Note we are not reviewing certain permits only, but rather looking at the process as a whole to streamline where possible, find efficiencies and identify where things are becoming bottlenecked. As to a flow chart, this is best demonstrated by visiting the MAPPS website: https://mapps.co.maui.hi.us/EnerGov_Prod/SelfService#/home and clicking on the Applications tab/box. Here you will find close to 50 initial permit/plan application options, each option will lead you down a different path depending on need for that specific permit/plan request.

Should you have any questions, please contact Priya Landgraf direct to priya.landgraf@co.maui.hi.us or [808.255.2575](tel:808.255.2575)

Mahalo,

Priya
