SUBJECT: County owned property to be included in the Private Property
Debris Removal per FEMA-4724-DR-HI

Aloha e Dr. Barros:

As you are aware, Governor Green declared a state of emergency as a result of the August 8, 2023 wildfires on Maui. Critical to resolving this emergency is the rapid and complete hazardous waste removal to be carried out by the US Environmental Protection Agency (US EPA), and the subsequent debris removal carried out by the US Army Corps of Engineers.

The County of Maui owns several properties that were destroyed and damaged in the fires. Per the Private Property Debris Removal letter from the Federal Emergency Management Agency dated September 15, 2023, the County requests the following properties be included in the FEMA sponsored debris removal program:

For properties with additional ownership interests, we understand that a similar letter will need to be submitted by additional government agencies or rights-of-entry by private property owners. This letter is intended to act as the County of Maui authorization for the Army Corps of Engineers and/or their contractor to remove fire debris, including destroyed structures, structural foundations, destroyed vehicles, fire-damaged trees, contaminated soil and other burned structure contents as determined by the contract.

It is also understood that for properties excluded from the Archaeological Treatment Plan, FEMA will consult on those properties individually to identify an appropriate compliance strategy for Section 106 of the NHPA and community that strategy to the USACE Point of Contact upon receipt of this authorization.
