

We, the undersigned are tax paying residents of Hawai'i, registered voters, and tenants at Front St. Apartments, built as AFFORDABLE HOUSING. This complex was built in 2001 as a stipulation for the development of the Cannery Mall in Lahaina, and was presented at that time as housing for the considerable growing work force in need. With assistance for some, HUD offered rental vouchers which were accepted and absorbed by Management over the years. With a new partner in ownership in the near future (approx. 3 yrs), and no notice as of new terms/eligibility, we seek stable rent control at current prices or minimal increase guarantee. When we gained occupancy, information presented guaranteed this complex be deemed as AFFORDABLE HOUSING for the term of 50 years from its first opening to accept qualified tenants.
