Attachment

At its meeting of September 12, 2024, at 1:30 p.m., the Government Relations, Ethics, and Transparency Committee intends to discuss the Independent Nomination Board ("INB").

May I please request you provide a legal opinion in response to the following:

- 1. Which section under Chapter 92, Hawai'i Revised Statues, allows the INB to vote and receive presentations in executive session? Please explain your reasoning.
- 2. Section 92-9, Hawai'i Revised Statues, requires boards, commissions, and committees to keep written minutes and make them available to the public after the meeting. There are no INB meeting minutes available on the County of Maui's website. Please explain the consequences of not complying with this statutory requirement.
- 3. What are the legal consequences if the INB does not follow correct Sunshine Law procedures under Chapter 92, Hawai'i Revised Statues, when nominating an individual to a board, commission, or committee?
  - a. For example, if the INB uses a process in violation of Sunshine Law to nominate an individual who gets approved by the Maui County Council, and the individual proceeds to sit on a board and votes, can that vote and resulting action be void because the individual was nominated in violation of Sunshine Law? Can the appointment of the nominee by the Council be challenged because the INB process was not Sunshine Law compliant?

May I further request you transmit your response **by September 10, 2024**, and have a representative from the Department of the Corporation Counsel be prepared to speak on the legal opinion during the Committee meeting.
