Subject: FSA.Testimony

I Marialejandra Pocaterra, live on Front Street Apartments since May 2011, my son was 2 months when we move in.

Many of FSA renters are hard working families with bottom incomes I myself, I am single mom managing two jobs to have ends meet because my child's father refuses to help raised his kid.

Between the Government's help and my income I have been able to support my child by myself for 6 years.

The households of this complex are either families with young kids or senior adults who are not able to pay a high rent (market price) . Many of us live here for five..ten...fifteen years.

I appeal to the common sense of all decision makers to help us by respecting our seniority maintaining our current rent as it is now, affordable for all of us .

In my case this is the maximum I can afford. I understand business is business, but we are dealing with people's lives here.

For me and my son the sole thought of having to move out and not having where to go , change of school, friends, sets the fear that I may even have to be homeless if the current plan come to fruition.

Sincerely yours,
Marialejandra Pocaterra.
