Subject: Wailuku Civic Hub Testimony

Aloha Council Members,

I'm am opposed to the construction of the Wailuku Civic Hub, and ask you either to not build it, or to scale down the project and not to build the parking structure.

We need to redirect those funds, and our focus, on more serious matters that our County is currently struggling with; like affordable housing, or protecting our natural resources, or increasing our County's resiliency to survive more extreme weather events or a looming recession.

Thank you for your time and consideration.

Mahalo,

Terese Masters

Haiku, HI
